## Coalescence Susan X. Meagher

In the first two books of this series, Jamie and Ryan forged a friendship (Awakenings), and realized that they had fallen deeply in love (Beginnings).

This book brings the two of them together for their honeymoon in idyllic Pebble Beach. Here they commit themselves to sharing their lives together. They begin to experience and explore the emotional and physical expressions of their love, as well as the conflicts and compromises that plague all new relationships.

## From Reader Review Coalescence for online ebook

### **Kennedy says**

Jamie and Ryan come together in more ways than one. The "honeymoon" is like a dream come true at beautiful Pebble Beach. I am enjoying these two ladies as they blend their lives and look to the future. The physical coming together was very hot and steamy. On to Disclosures!

### **jjgergen says**

"5.5 stars" for some action \*finally\*

---

### **Pinkdturtle tina says**

agh what can I say? just happy cruising along with the series, this book is a lot of fun. On to the next one.

---

### **C. Mack says**

I feel like I really know this pair well now and I was ready for them to move into the next phase of their relationship, which certainly came to fruition in this novel. Another well written novel that totally drew me in.
