Grace Valley Trilogy Complete Collection: Deep in the Valley\Just Over the Mountain\Down by the River Robyn Carr

Return to Grace Valley, California, with the complete trilogy of this fan-favorite series by #1 *New York Times* bestselling author Robyn Carr.

Welcome to Grace Valley, California— where blood runs thicker...ties are stronger...and love is all the more sweet. Visitors to the town often remark about the valley's peace and beauty—both of which are plentiful. Unlocked doors, front porches, pies cooling in the windows—this is country life at its finest. But visitors don't always see what lies at the heart of a community. Or just beyond...

Deep in the Valley

The daughter of the town doctor, June Hudson left only to get her medical training, then returned home and followed in her father's footsteps. Some might say she chose the easy, comfortable route...but June knows better. Her emergency room is wherever she's needed—or wherever a patient finds her. She is always on call, her work is her life, and these people are her extended family. Which is a good thing, since this is a town where you should have picked your husband in the ninth grade. It's not exactly the place to meet eligible men—until an undercover DEA agent suddenly starts appearing at all sorts of strange hours. Everybody has secrets down in the valley. Now June has one of her own.

Just Over the Mountain

In this peaceful community, it's hard to keep a secret—but Dr. June Hudson has managed to keep one heck of a humdinger. Though visits from undercover DEA agent Jim Post are as clandestine as they are passionate, somehow it fits with her demanding schedule. But how can a secret lover compete with a flesh-and-blood heartthrob from her past? June's old flame has just returned after twenty years—and he's divorced. June is seriously rattled. So when the town's most devoted wife takes buckshot to her husband and some human bones turn up in her aunt Myrna's backyard, June is almost happy for the distraction. Sooner or later, love will have its way in Grace Valley. It always does.

Down by the River

People in town are beginning to notice the bloom in Dr. June Hudson's cheeks—and the swell of her belly. Happily, DEA agent Jim Post is back in June's arms for good, newly retired from undercover work and ready for new beginnings. And the community is overflowing with gossip right now. Who is the secret paramour June's aunt Myrna is hiding? Does the town's poker-playing pastor have too many aces up his sleeve? But when dangers, from man and nature, rise up with a vengeance to threaten June and the town, this community pulls together and shows what it's made of. And Jim discovers the true meaning of happiness here in Grace Valley: there really is no place like home.

3 tales about a small town.

I love Robyn Carr's books and these 3 stories about Grace Valley epitomizes why. The characters are friends with all the friendships, love and disagreements you find in those relationships.

One of the most enjoyable reads I've had recently. Each book was perfect on its own, but reading the 3 sequentially was wonderful. I need to check the rest of the series including those I've already read.

Good but not Virgin River great!

This trilogy was good but there too many people at readers at once. It was hard to feel a connection with most of the town's citizens. Felt disconnected. Bring back the style of Virgin River and Thunder Bay, please!

Catherine Anderson says

I had been missing Virgin River and I like this one almost as much!

GRACE VALLEY TRILOGY

I loved all three books in this series, they would make a great Hallmark movie. A wonderful small town, great people, and a sense of belonging for all who enter.

Even though I liked the blurb when I put this on my to-read list in 2015, I was hesitant to read this because I was afraid it would be full of fluffy, silly romance. Although it has romance in it, the trilogy has much more meaty material to cover. It is about a woman who returned to her small home town in Northern California as the only full time doctor. Some of the interest is from her cases. Some excitement also comes from the encounters of her childhood friend, Tom, who is now the chief of police. The town is full of interesting characters equal to those found in Lake Woebegone. There is mystery, addiction, wife beating, rumors of angels, delinquency, celebrations, and friendship. Lurking in the woods beyond the town are marijuana growers and ex-military with PTSD. (People of northern Idaho, can you relate?) Can the town survive a womanizing preacher, vandalism, and a flood? Then there is the mystery man who brings a gunshot victim to June's clinic.

Review haiku:

Grace Valley trio
Whole greater than sum of parts
Five terrific stars

I read these books individually a year or so ago, and gave them 3 or 4 stars. But as a set, each builds on the previous to create a wonderful trilogy. Not perfect, but a great, feel-good five stars!

Grace Valley Trilogy by Robyn Carr

I read these several years ago, but enjoyed the stories and characters just as much the 2nd time. Grace Valley is a humble village/town in Northern California. Most of the folks are pretty straight forward but they have hearts of gold.

This trilogy is centered around the romance of Dr. June Hudson and agent Jim Post. June is a hometown girl who came home to work with and eventually take over for her father, the town doctor. One night while working late at the clinic, 2 men came needed some medical help. One man put a gun on her. June stood her ground, told him to put the gun away and that she would assist his injured partner. As the procedure continued, the gun man "fainted". When June went to give him smelling salts, he "winked" at her and "fainted " again. Thus began June and Jim's weird romance.

Jim was undercover working on a marijuana bust so he couldn't see June publicly or often. Somehow, their romance bloomed through their time away from each other.

There are so many great side stories in this series. The characters are deep but wonderful. You have the eccentric aunt, the former mean girl, the former 1st boyfriend, hooligan twins, June's best friend the town chief, and so many others. A Robyn Carr read always totally immerses me!

I liked the whole series very much. It was sweet. I love how RC describes those little towns as places where people can help each other, love each other. NOWadays I really need some good feelings. RC is my little escapism. I love her books!

Well, recommended! ;)

Catherine Lemanski says

Wonderful series

Loved this series, following this town through the highest and lows that most people go through and seeing how the characters developed and learned to give and take.

Roz Curney-Sherod says

I loved this trilogy! It was great to have all the books available to read back to back and keep the story consistent. The characters were very likable and the situations, very real and timely. If I wanted to live in a small town, it would have to be either Grace Valley or Virgin River. I'm glad the series ended on a very upbeat and high note, lots of nail biting moments through-out.

Katy M says

Hurrah for this trilogy!

Hurrah for this trilogy!

I never put spoilers in my reviews.

Robin Carr is a fabulous storyteller. A storyteller draws you in, sometimes in spite of yourself. She makes you want to live in Grace Valley, reminds you that people are at their best when they work together for the common good- not dependent but interdependent. She does all this while not romanticizing the difficulties of small town rural living.

In the Grace Valley trilogy Ms. Carr writes romance but not fluff, tackling such issues as PTSD, homelessness, alcoholism, domestic abuse, the difficulties those returning from war face, recovering from loss-of all kinds...so many of life's challenges.

I'm always renewed in spirit when finished with one of her books, you will be, too.

Betty Smith says

A great story.

This is one of her best story ever. I love Robyn Carr. I read a lot of books every year and this is a winner.
