Loved Like That Julie Wright

Love had simply escaped him-at least that's what James-a 32-year-old police officer-had decided. He would have given up on dating altogether were it not for the fact that friends and family kept setting him up. Then he meets Katherine, and he immediately is smitten. James is certain he will spend the rest of his life with her. Convincing her of that, however, proves to be a monumental task.

When he finds out she is already engaged, he must struggle with his personal code of honor. Is it fair for him to pursue Katherine when she apparently loves someone else? Or is it his only chance to be Loved Like That?

Darla says

(Genre: LDS Fiction/romance) This was a fun story and I loved the main guy character but I had a harder time with the girl. She is portrayed as a very intelligent and educated lady, but her decisions/thinking in regards to her engagement/marriage seemed way off to me. I guess intelligence and wisdom are two very different things. As I read it, I kept saying to myself, "Please tell me that a real girl wouldn't do this!" It just didn't gel with me. I think the author did a good job with the people interactions/conversations and most of the characters, though, and it was an enjoyable read.

Angee says

This was a cheesy LDS romance for me. Very predictable. I like when a chapter ends and keeps you wanting for more. None of the chapters did that for me. The summary on the back talked about a conflict dealing with the main character's honor, "a trial no cop should have to face..." That conflict wasn't developed enough for me; just briefly touched upon. I wanted MORE detail about his struggle between religion and honor. And it just wasn't there. It was mostly a romantic story, but left me unsatisfied because the romance was just too unrealistic and predictable. I don't know. The book was just okay for me.

Ashley says

This was a cute book. It was almost the same old story, but with a few new elements. I like that the characters made sense. I love when I can understand why a certain character makes a certain choice. These characters made sense. My only problem was the horrible type editing that was done (or not done) on the kindle version.

Rachel John says

I really liked this book - I read it really quickly, and while predictable, it kept my attention. The interaction between the main characters was fun and the beginning was really original. However, the glaring grammatical errors need to be fixed. Also, I had an a-ha moment after learning that the religious references were stripped out of it to make a more universal version. As an LDS person, I caught all the leftover religious and cultural references, but they felt out of place. It still feels like its riding the fence between an LDS novel and a clean contemporary romance.

Heidi Pack says

idealistic and unrealisticin the best, happiest way. reading is fun with this author, I love her style and personality and talent! every time I had to stop reading, I had a smile on my face. I love books that are pure fluff and cheery, even through the conflicts.

Beth says

After enjoying Wright's "My not-so-fairy-tale life," I decided to spend some time on another story by her. "Loved Like That" is a well written novel with likable characters, however it was a bit cheesy for my taste.

It probably wouldn't bother many Utah readers but some parts were too "Mormon-y" for me. For instance, James is a police officer who killed young man while on the job. I can empathize with a certain amount of guilt and moral dilemma after shooting a person, even in self-defense, but having a discussion about his concern of losing his temple recommend? That was a bit too much for me.

I'd recommend this book to friend's who enjoy LDS romance.

Kristen says

[even though Kit knew she was attracted to James and marrying Marc was not the right idea she stuck to her guns till the very end. The demon mother-in-law would've had me questioning things LONG before then. (hide spoiler)]

Susan says

Don't know just why this one felt so good because it's "just another love story" but I really enjoyed it. Maybe because the characters were mature enough not to do too many stupid things, good humor, honor, etc. James, police officer, is now 32 and not found the right woman for him. He witnesses an auto accident and meets Katherine. Finally, the right woman but she is engaged. At last, a good guy in every respect.

Nellie says

This book was fun, clean, and very romantic. It needed some editing, and it was even kind of distracting. I loved the two main characters. Sad Kit didn't have more of a backbone. I thought this was a fun book and will read more from this author. I'd let my teen daughter read this. Great story of how to read warnings before marriage. Strong Christian based story. Though, it looks like it was re-released, with some content taken out. Specific LDS info was removed.

Paula Bothwell says

G/PG

I love reading the H's POV in romance novels - men are such interesting creatures. This book was a pleasant surprise. I thought it was going to be silly and about a brown haired girl who liked a policeman. I was a little concerned that it was going to be a paranormal romance (guy loves ghost), but that also was untrue. It's a

definite G/PG book; appropriate for even middle schoolers (not that they'd necessarily be interested). Cute, fun read.

Kathryn says

the word "someday" to a single person is a bad word. For James, a cop and single, 32 yr old lds guy, he can't get a break. He is set up by his best friend, Allen, and wife Cindy on many disastrous blind dates and nothing ever comes from them. On the way home from a disastrous blind date he witnesses a car crash. He calls 911 and gets out of the car to help. The person isn't in the car and he finds her, Katherine Riley or "Kit" on the ground and not breathing. He starts CPR and starts to talk to this woman telling her she can't die because she is the most beautiful thing he has ever seen. She responds back about the last time that she was called beautiful and he realizes that it is not her physical body that is talking but her spirit that is shining right next to him. She tells him to keep doing CPR because they can't get to know each other if she dies. He gets her heart to start beating again just as the ambulance comes. He stays with her at the hospital only to find out that she is engaged. Then what about the experience he just had with her? read to find out.

Valerie Waters says

Aww swoon!! I loved this book!!!! It was a little slow at first but the last half of the book was great. Her brother was awesome!! Such a cute book!

Megan says

3.5 stars. The storyline reminded me of a Jack Weyland book. Enjoyable, but sometimes when the writing didn't flow, it distracted me. I enjoyed others of Julie Wright's books more.

Kathy says

FYI - This book was originally released by Cedar Fort in 2002. Julie updated and re-released this as a mainstream contemporary clean romance title in 2013. Religious references have been removed.

I met Julie a couple years ago and found her to be absolutely delightful to talk to. I've been wanting to read another one of her books since meeting her (previously read her book Olivia from The Newport Ladies Book Club series) and the cover to this one caught my eye. I could borrow it for free on my Kindle so I decided to start 2014 by reading it. It was a good choice.

Loved Like That was an enjoyable read. I found myself wanting to carve out time so I could return to the story to see what happened next. I ended up staying up way too late last night to finish it.

There were a few proofreading, editing issues that I noticed in the version I read but they didn't stop me from enjoying the story. The story was somewhat predictable as most romances are but I really liked James and was cheering him on.

Recommended to those who enjoy clean romance.

Rating: 4 Stars - Great Book

Content: Clean

Source: Borrowed from Amazon Prime

Purchase: Currently just \$2.99 for Kindle. Prime members can borrow for free.

Linda Syman says

Awww sweet sweet romance

What a great book. It wraps you up like a warm blanket on a chilly fall day.
Clean romance at it's best.
