Whether you're recovering from heartbreak or could use a jolt of joy, beauty, and truth about who you truly are, Venus power will help you get in touch with your innermost desires and your sensual self. Discover the must-have qualities of your soulmate, how to keep a long-term relationship happily humming along, how to align with your own feminine energy, and how to draw your deepest heart's desires toward you. Use the tools in this book to gain insights into your significant other and support your friends and loved ones.

Praise:

"[A]n ideal entry point for those looking to delve a little deeper into astrology beyond Sun-Signs."--*Dell Horoscope*

"Jessica Shepherd has done it again. I heartily recommend *Venus Signs* to anyone who loves astrology--or, simply, to anyone who loves at all."--Steven Forrest, author of *The Inner Sky*, *Yesterday's Sky* and *The Book of the Moon*

"Jessica left me feeling known, understood, appreciated and loved, just what you'd expect to find in a real cosmic caress from Venus herself. This is the ultimate self-worth booster. Loved it!"--Neil D. Paris, author of *Surfing Your Solar Cycles: A Lifetime Guide to Your Stars*

"*Venus Signs* will get you in touch with what generates and sustains your pleasure and happiness, both in lifestyle and in relationships. By defining the influence of Venus through the looking glass of the Zodiac, Jessica sheds light on how the essential qualities of love and attraction are best fulfilled within us and within those whom we love and treasure."--Annie Bones, author of *Celestial Forecaster*

"In the context of astrology, Jessica encourages us to embrace our "inner Venus," according to our sign, bringing forth the sensual feminine, artistic vixen, relationship artist that swirls inside, waiting."--Cyndi Dale, author of *The Subtle Body: An Encyclopedia of Your Energetic Anatomy*

"Jessica has a gift for weaving together many intricate details into a powerful archetypal synthesis that is accessible and deep."--Sherene Vismaya Schostak, author of *Surviving Saturn Return*

"Reading about yourself in a good Venus book (something even seasoned astrologers love to do) should feel both pleasurable and startling--as though the author had been reading the diary of your secret thoughts. Jessica Shepherd has such a gift, seeming to know from the inside out just how it feels to have each Venus--and how it feels to be in a relationship with each Venus sign. A wise and soulful coach, Jessica lights the way towards each sign's most evolved (and happiest) expression. Her prose is fresh, supple and seductive, as though it was Venus herself who'd been doing the typing."--Dana Gerhardt, columnist with *The Mountain Astrologer*

John Marani says

Venus is an incredibly important astrological planet, so when the opportunity came along to review Venus Signs, I jumped at the chance and I'm really glad I did. (For the record, I'm listening to Holst's "Venus: The Bringer of Peace" portion of his suite, "The Planets", as I write this review.)

Astrology books have to walk a fine line, because while many of us know something about our Sun signs, many of us are unaware of where Venus is in our astrological chart. (If you don't know, this book will tell you, so no worries there; just take a look at Appendix 2.)

Before Shepherd gets started with the Venus signs, however, she gives a great overview of what your Venus sign describes. As a professional astrologer, I found it to be excellent. Overall, it's about attraction and connection to other people.

Shepherd briefly mentions if your Venus is retrograde in your natal chart and what that could mean, which is important to at least be cognizant of. She also admits that Venus' position by house and its aspects—connections—to other planets in the chart can affect how Venus behaves. Even though this is a beginner astrology book, I'm glad she mentioned it anyway.

The meat of this book is about your Venus sign and its attributes. It includes a look at the element your Venus sign is in as well as a mantra for each sign and various "love charms", or the areas where each particular Venus sign excels.

The title of my chapter, "Venus in Scorpio", has a great quote by Venus in Scorpio Jodie Foster: "Love people and stay beside them." Ms. Foster was chosen as the "love goddess" for my chapter, and it's perfectly appropriate. I thought the information Shepherd provided was very on point and described me well, even the "shadowy" parts. I think my favorite statement was, "If it is off-color or taboo, you delight in it." Guilty as charged!

Warning: Venus is the planet of love, but Venus in each sign has a dark side. Venus in Scorpio's may be bigger than most thanks to our two planetary rulers, Mars and Pluto. (And thank you, Ms. Shepherd, for also including Mars as a Scorpio co-ruler!) Be prepared for an ego hit or two as you read through your description. I know I winced once or twice; that part about "being obsessed with a partner or unforgiving" also was very accurate.

I liked at the very end where the author included a quick summary of the "good witch/bad witch" of each individual Venus sign. If you don't have time to look through the entire book for some quick summary information, check out Appendix 1. This is perfect if you happen to know where someone's Venus is and you're walking out the door on a first date, for example.

In short, if you're looking for a basic primer on the "lesser benefic" of the astrological planets, the great Lady Venus, this is an excellent one to select.

Disclaimer: I received this book for free from Netgalley in exchange for an honest review.

This book was a really interesting book. I learned a lot from this book. It was quite accurate for me personally.

Formatting was super off...by the time I found my actual sign and went back to read, I was disappointed. None of it sounded close to accurate.

*received a copy through legally for review. opinions are mine

I was really lured in by the topic. I loved to purchase those small Horoscope rolled up scrolls when I lived In NJ.

I found the formatting for the E-copy I received to be really un-organized.

When I went to look up the year I was born to actually see where I was categorized and 1979 was not listed. I removed the book and re-uploaded it and nada~

I also thought the way to look up your date of birth was very hard to follow, I mean if I could have and if there was a 1979 to choose from I wasn't confident in even knowing which I would have been. All In all if I could have found all this out I think the asking price was Extremely steep. Really disappointed, I will say if the bugs get worked out I will re-review.

I received this ARC for an Honest Review
