Flirting on Ice

Veronica Forand , Susan Scott Shelley

Flirting on Ice Veronica Forand , Susan Scott Shelley

A satisfying category romance from Entangled's Lovestruck imprint...

Mr. Perfect has found his kind of trouble...

Professional hockey player Zac Elliott is in top form. He's having the best season of his career, the local fans can't get enough of him, and he's in the middle of the most successful contract negotiations of his career. When the sexy little spark between Zac and the team owner's daughter blazes to life, no matter how forbidden, he can't resist.

Philanthropist Heather Ryan can't keep her hands off of Zac. If her father finds out, it could end Zac's career and ruin her reputation. What they share is deeply passionate and intensely private...until the press exposes their illicit relationship.

Now the fans have viciously turned against Heather, Zac's game is faltering, and even his team has deserted him. The only way out of the penalty box is for Zac to play hockey like life—and love—depends on it...

From Reader Review Flirting on Ice for online ebook

Shannon Binegar-Foster says

I thoroughly enjoyed every minute of this book. Romance, action, secrets, persistence and loyalty all rolled up into a nice neat package. I found myself laughing out loud one moment and weeping the next. I am excited to see what comes next in this series. I received an ARC in exchange for my honest review, which in no way influenced my opinion of this book. I hope you find it as enjoyable as I did.

Jodi Linton says

Fresh, enjoyable, and sexy is what you'll get from Ms. Forand and Ms. Shelley in their debut Lovestruck title. With a swoon-worthy, hockey player hero and a sweet, endearing heroine that wrangles his heart from the first meet-cute... you'll be hard pressed to put this novella down. If you are looking for a fun, flirty holiday read be sure to pick up a copy of Flirting on Ice.

Heather says

Tandem authoring of books is a relatively new trend in literature today. As a writer, I have difficulty imagining sharing my story with a partner since I've always held the idea that a story is personal. Veronica Forand and Susan Scott Shelley are breaking down those long held ideas with their first joint novella, FLIRTING ON ICE.

The story stars Zac, a hockey star, and Heather, the owner's daughter. It follows the "love at last" formula that is one of my favorites having lived such a romance myself. There are great secondary characters that lend just the right amount of support while not taking over the story completely. A few, like Zac's friend Sequoia, are worthy of their own novellas.

It's a great behind the scenes look at professional hockey from the personal lives of the players and owners. The public life is a very difficult one when you are sports star and Veronica Forand and Susan Scott Shelley paint it well.

If you want a fun read to remind you that love does conquer all, FLIRTING ON ICE is a great choice!

Kelley Schmidt says

A quick, fun, fast-paced novella with endearing characters. I loved the hockey theme. I just wish there had been more secret encounters before they were caught, but it does still work. Great chemistry. I would love to

see these authors collaborate on a full length novel.

ARC received in exchange for an honest review.

Eden Ashe says

I loved this book. Sweet and charming from the beginning, I loved that though Zac was team captain and all alpha male, he didn't need to be an ass or tortured to prove it. He cared about her, genuinely cared for Heather from the first second, and did everything in his power to juggle what he NEEDED for himself with what was best for his team. This was my first book by both these authors, and I have to say, I was charmed and blown away by it. I absolutely loved every second of this story.

Claire Robinson says

3 - **"I've watched you and wanted you for the last four years."** Stars.

Flirting on Ice is a really good start to the *Atlantic City Hustlers* series. I haven't read a huge amount of books that are based around a Ice Hockey team and its players so this was a refreshing change.

This is a fast paced novella, and I liked the heat and buildup between Zac and Heather, although he has been lusting from afar for the last 4 years, his decision to make his feelings known to the bosses daughter, couldn't really come about at a worse time. What with his contract up for re-negotiation, the team struggling for superiority, and a nasty little spy reporting their whereabouts whenever they try to secretly get together, things turn a little nasty when the teams fans turn on Heather.

This is an easygoing read, if you have a few hours to spare. I liked the components used to bring this story together, and although it doesn't really offer any surprises, it was really well written, and lays the foundation to what could become an easy-to-get-addicted-to series.

ARC generously provided by the publisher, in exchange for the above honest review.

Nicola says

"...as long as he was captain and as long as she was the owner's daughter, the media would never leave them alone..."

Flirting on Ice is a super short read and if drama, sport and romance is what you're after then this hits the spot. For a novella, it packs a punch.

When pro hockey player Zac Elliott and his boss' daughter Heather realise their feelings for one another, they couldn't anticipate the reaction of the public, media his teammates or her father. To say it's less that

supportive would be being generous.

“We'll wait until the off-season if we have to. I've watched and wanted you for the last four years.”

I loved it; Zac and Heather had a lovely chemistry, their journey held action, flirt and emotion and the secondary characters added valuable content. Although I could've happily read a full length novel, it didn't need to be any longer and Veronica Forand and Susan Scott Shelley have kicked off the *Atlantic City Hustlers* series with a bang. Looking forward to more.

“Nothing would affect my game, except losing you.”

Tabitha Jones says

Sweet and romantic novella. Both of these are authors really know how to write a fantastic sports related fairy tale. Zach an all-star hockey player seems to get a little side tracked by the coaches daughter Heather. Zach is great on the ice and off and ready to make Heather his. Will her father interfere with their love story? i just can't get enough of Ms. Forand and Ms. Shelly's writing style. so fun and flirtatiously good.

Zac Elliott is the team captain of the Atlantic City Hustlers and is one of the most eligible bachelors in the city. Heather Ryan is the daughter of the team owner. There's an unwritten rule that players don't date Heather. After ignoring their feelings for a long time, the two start a secret relationship which turns out to be more than they bargained for when the media finds out. Too bad the heart knows what the heart wants, whether the mind agrees or not.

Veronica Forand and Susan Scott Shelley have teamed up to bring readers an enjoyable forbidden love story in *Flirting on Ice*. I was hooked from the beginning of the story. I became frustrated when other people had to put their two cents in. And I was shocked by the actions of others. While the story was good, I just would have liked it to be a little longer. For me, that's a good sign. It means that I couldn't get enough of Zac, Heather, and their love story.

Flirting on Ice is the first book in a new series from Veronica and Susan and I can't wait for the next book. Hopefully, Alec will be the next player to find love.

Lori says

This book has to be one of the sweetest books I have read in a very long time. I simply loved the connection between Heather and Zac as well as their characters. From start to finish I enjoyed their characters more and more. Zac just moved me. His actions and words were heartwarming. He and Heather have to be the most selfless and genuine people. I cannot say enough to how heartfelt this story made me feel. I only wish it did not end.

I received this book in exchange for an honest review from the publisher.

Brittany says

I received this from Entangled Publishing in exchange for an honest review. It has been a long time since I have read a book that caused me to feel such emotion. This book had me bawling my eyes out but I honestly could not put it down. It is a very quick contemporary romance read and I LOVED IT! I am not usually into books that deal with hockey but this just pulled me in and refused to let me go. If you are looking for a tear jerker with an amazing story give this a shot.

3.5 Lucky Number Seven stars

Zac Elliott is at the top of his pro hockey game, has the supporters eating out of his hand, and is heading into tough negotiations regarding his continuing contract. Ultimately, his moves dictate the supporters moods.

Heather Ryan has been admiring Zac from afar, but she knows he's out of her reach, given she is the daughter of the teams owner. A relationship between these two would conjure up major negativity and bad press for the team, and certainly put a spanner in the works for his continuing success this season.

As expected, these two dance around each other, trying to keep a lid on their dalliance and emotions, but there are outside influences keen to expose them and cause major trouble.

I enjoyed this short, but succinct story. It packed a lot of drama, romance and steam into its limited pages. A great start to this series.

Samantha says

I love sport romances especially hockey ones. This book was good. I wished it could have been longer and more to it. But for it's length it was good.

Zac is the star of the Hustlers. With his future up in the air with negotiations he knows he has to be on his

best. However Heather is a temptation he just can't stay away from. For four years she has been off limits. Whats the harm in getting to know her a little better?

For Heather the Hustlers are a huge part of her life and Zac has had her attention. Shes the good girl and she just can't help herself when it comes to Zac. But when his playing starts going down hill, photos of their time together start showing up, and fans start turning on her...is anyone safe? or will their love come through?

I really enjoyed this

Heather andrews says

I loved that Zac was willing to wait for Heather, he was into her that much, "hey." His finger under her chin brought her gaze back to his. "Don't worry about me. I can take care of myself. We both want this to happen , so we'll wait until after my contract negotiations are complete." This was a quick sweet read and I liked it.

Kristiej says

I've long been aware that there will never be a consensus on any book at any time. I've read books that I would give an A+ to and then seen reviews where the reviewer would give it an F or D. And vice versa. Nothing wrong with it, just different stokes. Such is the case with Flirting on Ice by Veronica Forand. This book didn't work for me at all, yet I see there are quite a number of positive reviews. For the authors sake I really am glad because even if a book doesn't work for me, I admire the heck out of author for trying.

Zac Elliot is a premier hockey player for a team out of Atlantic City. While he did have his wild days, he's now ready to find someone special and settle down. He runs into Heather Ryan at the beach. Now she is the team owners daughter, thus out of bounds though he's had his eye on her for a while. And vice versa it turns out. They realize the huge obstacle between them, namely he's in contract negotiations and she is his bosses daughter. Should it get out they are dating, it doesn't give things a good appearance.

Of course, it is discovered they have seen each other and the shit really hits the fan and this is where the book really loses me. First off, from what I gather, they have never really had a relationship until now and suddenly after a walk on the beach and a coffee where they share cheese cake, they simply can't live without seeing other???? Give me a break. It's not as if they have been seeing each other for a while or something, but a half hour walk and a coffee break, do not Romeo and Juliette make them. On top of what I felt was way overblown, I didn't feel any chemistry between them. For me the author never managed to build it. I know this is a novella and the length is constraining but I've read many a novella where the author has managed to build chemistry.

And if this isn't enough, the reaction once they are busted is way, way over the top. The entire city HATES, HATES, HATES Heather for distracting Zac from his game. Again I say give me a break. He has one bad game and the entire city is ready for rebellion.

First off, ALL players go through slumps no matter what the sport. It's just part of the game.

Second, I can't imagine a couple going from zero to 500 mph in such a short time. He asks her to marry him and they haven't even had a real date yet. Who does that unless it's some kind of reality show??

And third, being a fan of all things hockey, for the life of me, I can't imagine fans really care that much who he's dating, nor the charity she works for caring enough to boycott an event. It wasn't as if they got caught naked in a threesome or anything. And fourth, the identity of the villain is laughably easy to figure out. And last, I can't believe that Atlantic City would have that big of a fan base.

I just read the whole book thinking "not a chance, not a chance." That's never a good sign.
