Fredo's Secret

Sharon Hamilton

Fredo's Secret Sharon Hamilton

Navy SEAL Alphonso "Fredo" Manuel Esquidido Chavez learns something he does not want to tell his wife, the beautiful Mia Guzman, Armando's sister. He worries she will no longer love him when she finds out the news. But just as one door closes, another opens for Fredo and Mia. And along the way he manages to help redeem a struggling youth, who reflects some of the darkness of his own past.

Teresa says

The guys of SEAL Team 3 newest book doesn't disappoint

Fredo has an important secret that he has decide whether or not he should tell Mia but before he can, he is shot and must undergo surgery. But he recognized the young man, who was with a group of boys asking for a adult to buy them liquor. He knows that the young man has some connection to the Teams and once he does he realizes he saved Fredo's life the night of the shooting.

The team 3 members organize donations thru the city, Archdiocese, and private donors to create a neighborhood safe zone for the kids but when Julio is shot by a gang member, Kyle's team organize to find the shooter (even though they must stay under the radar). I see a future Corpsman in Julio for Cooper to take under his wing and mentor.

I love all of the SEAL Brotherhood books and this addition is very special as Fredo and Mia are one of my favorite Team couple. Well, done Ms. Hamilton, you've given all of your loyal fans a wonderful Christmas gift.

Reading Addict says

Fredo's Secret is a novella that will leave you with questions. I received this book for free and this is my honest review. Fredo went to the doctor and before he could discuss his diagnosis with his wife he was shot stateside. He recovers, isn't sure if he wants to discuss issues with his wife so he's determined to track down whoever saved him and the shooter as well. That's were the story really begins however not all the questions will be answered so you must read Fredo's Dream next.

Christi Fowler says

Genre: Romance – Mystery, Military

Standalone: Yes-ish there is one part left open in my mind but closed in the character's

Part of a series: Yes this is a novella in the SEAL Brotherhood Series. All books are standalone with overlapping characters

Steam level - Is it getting warm in here? - Some sexiness verbally and the physically but mostly focuses on the action (pun NOT intended)

POV: Single - Fredo's

Rating 4/5

I finished this book last night and had to think about it before I give you my review. Fredo's Secret is a fun but heart-wrenching novella at times. I read it in preparation of Fredo's Dream which comes out next week (11/15/16). I've been waiting for Fredo's book for a while but admit to getting sidetracked so I'm a little behind in the SEAL Brotherhood Series. Thankfully this did not affect my enjoyment of this novella. Sharon Hamilton is a master at her craft. The issues addressed could have been depressing but Hamilton interweaves subtle humor that lightens the tone without detracting from the story. A fun example is when Fredo is reflecting on attacks against him overseas (you have to read it to why this is in fact funny).

My only issue with this novella is that I didn't feel there was real resolution to one of the main story lines. However, reading the description for Fredo's Dream I see that this will be addressed in that novel. And while this bugs me personally because I didn't like Fredo's decision it does not detract from an excellent story which explores real issues in an honest and non-judgmental way.

Fans of Sharon Hamilton's SEAL Brotherhood Series will enjoy this story. I loved seeing characters from the previous books make an appearance to come together and lend a hand to those in need (as we've come to expect from SEAL Team 3). I'm anxiously anticipating and looking forward to Fredo and Mia's long-awaited story

EskieMama & Dragon Lady Reads says

As a fan of Sharon Hamilton's SEAL Brotherhood series I have been waiting on Fredo's story and Sharon made the wait worth it. She first gave us Fredo's novella Fredo's Secret. Fredo is keeping a secret from his wife Mia He fears once he gives her his news she will not want him anymore. Even though Fredo's Secret was a novella, Sharon gave what all her fans expect from one of her books, suspense, thrilling action, hot steamy sex and that dang sexy Navy SEAL team 3.

Sharon continued Fredo's and Mia's story in Fredo's Dream. Fredo is still keeping his secret from Mia, but Mia has a secret of her own which she shares with him which throws his world in a whirlwind. Fredo can't believe Mia hasn't been faithful to him how could she do this to them. Will he be able to accept this baby she is carrying as he has stepped up and been a father to her son Ricardo by another man or will this destroy his relationship with Mia.

Fredo's Dream as like all of Sharon's other books didn't not disappoint her fans! Once again we get the thrilling action, suspense, hot steamy sex, drama and that HOT SEXY Navy SEAL team 3. I love how in most of her books she brings some of the team 3 guys back & she keeps us up to date about what is going on in their family lives.

I was lucky enough to listen to this book on audio, Sharon writes the book for us to read and J.D Hart brings the story to our ears. J.D is such a wonderful storyteller, if you never have listen to J.D's wonderful storytelling, you would think there was another person along with him telling the story. Butt in fact it is ONLY J.D. He is such a pleasure to listen to. When he tells a story you know right away who is speaking he is so magnificent in giving each player in the book a different book. It just amazes me how he can keep the voice to each character straight and from one book to the next, by the way have listened to plenty of Sharon's books on audio and J.D always has the same voice for each character. If you love reading Sharon's book and you have read everyone, but have a favorite one you have continuous go back, try one of her books in audio and like me you will want to hear everyone in audio.

I received a free audio copy for my honest review!

Review by Mel

Karlee says

After Fredo learns he's sterile, he goes to get some groceries for his wife, Mia's mom. The downside, it's in a

bad part of town and Fredo ends up shot and in the hospital. Once recovered, he goes to find the blue eyed kid who basically saved his life, but will Fredo be putting the kids life at risk by talking to him? Will Fredo be able to tell his wife that he won't be able to give her his children? Anxious to see what happens next in Fredo and Mia's story.

Julianne Redmon says

4.5 out of 5 stars

I have been waiting for Fredo's story since we were introduced to him in Accidental SEAL at the beginning of the SEAL Brotherhood series!

Both Fredo and Mia stay true to their characters as we have seen them grow and come together over the course of the series. It was wonderful to get into Fredo's mind throughout the story as he worked through his secret, his desire for a family, and his genuine eagerness to help those in need. Again we are reminded how strong his values are and what a good man he is.

There were just a couple of things that I didn't like. We never see the story from Mia's point of view, only from Fredo's voice do we hear about the events. Honestly it does not detract from the story at all, but the rest of the books in the series have times where you hear what is going on with the heroine while she is away from the hero. Also, I personally didn't like the fact that Fredo did not reveal his secret to Mia. I do recognize that others may disagree, as it is a personal preference, and that is why I didn't not detract any points in my review because of it.

Melissa says

I am listening to the Audio version of this book and it is narrated by JD Hart.

Book #1- Accidental SEAL (Audio)

Book #2- Fallen Seal Legacy (Audio)

Book #3- SEAL Under Covers (Audio)

Book #4- SEAL The Deal (Audio)

Book #5- Cruisin' the SEAL (Audio)

Book #6- SEAL My Destiny (Audio)

Book #7- SEAL My Heart (Audio)

Book #8- SEAL's Promise (Audio)

Book #10- SEAL's Code (Ebook)

Book #11- True Blue Navy (haven't read yet)

Book #12- Nashville SEAL (haven't read yet)

Book #13- Fredo's Secret (Audio)

Fredo is my favorite character in this series. I love how JD Hart does his voice. Fredo has a secret and he is afraid to tell Mia. Keeping secrets do not work. That secret comes out anyway. It is better to face the one you love and tell her before she finds out another way. Mia has been through so much and it is finally nice to see her and Fredo happy and in love. More than anything all she wants is Fredo, who needs to realize this on his own.

I can not wait to read/listen to the other 2 books in this series!

?????

I give this book 5 out of 5 stars.

Recommend this book? Yes! Author? Yes!

Read more from this author? Yes!

Happy Reading!

Melissa

Diane says

Great little read!

Fredo's is a SEAL I have always admired so I really enjoyed this chance to find even more to love about him. He's a devoted friend and team member and a supportive husband to Mia but his huge heart just might get him in some trouble this holiday season. This is a great little read.

Melissa Morr says

As a fan of Sharon Hamilton's SEAL Brotherhood series I have been waiting on Fredo's story and Sharon made the wait worth it. She first gave us Fredo's novella Fredo's Secret. Niki Driscoll says

Fredo finally got his story. I was glad to see that Mia and Fredo were so much in love, after the way she treated him before she really saw his heart was rough. Fredo is a manly man and I felt bad that his secret was making him feel less and I understood his fear of losing Mia if and when she found out. With that being said, I felt like Mia was still being portrayed as superficial and I thought she had changed once she got together with Fredo. I wish there would have been more of their life together up to this point so we could have seen a better whole picture. Fredo has always been a great supporting character with a big heart. His story once again showed the depth of caring his heart is capable of even if it took a bad situation to regain his confidence in himself regarding Mia. His snarky comments had me laughing out loud and shaking my head as the team took on this new threat. I do wish he would have come clean at the end so we could have verified that Mia was grown up and that her love for Fredo would weather any storm. I have to believe their was a reason for this and look forward to seeing what Ms. Hamilton has in store for this couple next.

Selina Durio says

I love reading Ms. Hamilton's SEAL Brotherhood books, but this novella seemed incomplete. I read this book as part of the Fredo's Dream combination book, but luckily knew to read this novella first. Unlike some other reviewers, I didn't feel it was incomplete just because he never reveals the secret, but because each of the story lines in the book, including the secret, seemed unfinished. This is a great prequel for Fredo's Dream, but both books need to be read together.

Kelli says

Fredo's Secret

A quick and easy read, giving us a glimpse into Fredo's mind. After getting shot, he decides to try and improve the neighborhood where it happened. He befriends a family and goes after the gang that hurt them.

Sara says

I loved getting a better look into Fredo and Mia's relationship, they've intrigued me since we first met them. Fredo's devotion and love for Mia and her son is something special and I loved the look at the softer side of Fredo. The way he came up with and worked on the community project really highlighted the type of man Fredo is.

I loved the action portion of this story. There is so much that goes on in this short story, I love that it was all developed, flowed from one event to another and concluded in the way it did. I loved how Fredo took Julio under his wing, protected him when he could, and fought to essentially avenge him in the end. In addition, I loved seeing the rest of Seal Team 3 make appearances and support Fredo in his quest to revitalize the community.

I love that Sharon wrote this short novella for her readers. The beginning was engaging and grabbed your attention and the flow of events kept you in the story until the end. A fantastic short story from every angle.

Katherine Horvath says

Fredo's Secret: Fredo is the real tough one of the bunch of Seals. Mia and Fredo have true love that keeps them together even when they are apart. I loved how he wanted to get the old neighborhood fixed up so the kids have places to other than hanging on the streets. Gangs are a terrible thing. I liked this story because of Fredo's caring and wanted to protect everyone. It was not her great story!

Yvonne Cruz says

Though I listened to the audio, I thought it was worthwhile to review it here.

I have been a fan of Ms Hamilton for a long time, and somehow had failed to read Fredo's Secret. So, I decided it was time to reconnect with him via an audio book titled Fredo's Secret. First I have to say, I enjoyed the narrator's delivery. You always knew who was speaking. So I was happy to give it a try.

In this story we discover recent news Fredo has received which have devastated him tremendously, but though he knows he needs to tell Mia, who is now his wife, he fears her reaction.

In the midst of all this, there are gangs threatening lives in the neighborhood Mia's mom lives, and he is determine to help the neighborhood.

We get a chance to greet some of our favorite characters from previous stories: Cooper (whom I loved) and Kyle.

At the end, will Fredo reveal his secret or will he continue to keep Mia in the dark? Pick up the audio or the novella to find out. You will not be disappointed since this is another entertaining and thoughtful story by Ms Hamilton.
