On The Move

Pamela Britton

On The Move Pamela Britton

Vicki Bradford might work for the most ruthless sports agent in the business, but she's no quitter, even when she hits the lowest of career lows--acting as a glorified babysitter to NASCAR's disruptive newcomer, Brandon Burke. But his devilish grin and the gleam in his eye tell her he won't be so easy to tame....

Brandon isn't about to let his wild ways on and off the track be tempered by a buttoned-up stunner hired to make him behave. And he's not above a little pulse-pounding game of seduction to send her running. But one kiss ignites something powerful between them. And now it's a matter of how to avoid the crash and burn of two opposites steering recklessly toward love.

Annabelle Morehouse says

DNF...insecure female MC and the dude acted as if he was a kid. Not sexy.

Ana says

Vicki really needs this job, not only to prove to her parents that she knows what's she doing, but not succeeding would mean getting fired and having to start all over again. So she is determined to change the image of Brandon Burke, a newcomer to the NASCAR world, a man who doesn't seem to care about what people say about him. Now Brandon isn't a popular person in the NASCAR world, as a matter of fact everyone hates him, and that doesn't help. But the worst thing is the attraction simmering between them.

Brandon has reasons for acting the way he does, good reasons and he can't let Vicki become close to him, for that would mean she learns his secrets and his shame. His childhood was truly horrendous, and he has the scars to prove it.

I like Brandon, he is a good guy doing his best to survive and protect himself. The way he slowly opens up to Vicki and begins to trust her is great. And he can admit that he was wrong. He does have problems accepting help, but that's understandable.

Vicki has chosen a path in her life that her parents don't approve and there's a strain in their relationship. I like that. And she's incredibly patient with Brandon, but she can fight with him when necessary.

I love the way Brandon proposed. :-)

On The Move by Pamela Britton

NASCAR Series Book 6

Vicky VanCleaf wants to live an independent and exciting life instead of joining her dad's law firm. What could be more exciting than working with sports figures as an agent? When she is asked to approach the rough and handsome bad boy of NASCAR she has excitement rolling through her in spades....is it because of her job or being near him?

Brandon Burke is much more than what people see. What they see is a jerk who drives his car with a selfish and reckless attitude, not caring what his actions cause the other drivers. The last thing he needs is the petite and plain looking woman his agent sends to keep him in line. On second thought maybe she's exactly what he needs.

Once again the author writes an exciting story on and off the race track. Brandon struggles with a disability

that he's been able to hide over the years rather than get help for. His attitude stems from things much deeper than what the fans eye sees. Vicky sees the man rather than the race car driver and likes what she sees. Once again many of the previous characters are brought back for a cameo which I personally enjoy. There are seven books within this series.

Zaza says

Ce livre a été une agréable surprise pour moi, j'ai passé un bon moment avec cette petite romance contemporaine à la fois douce et drôle.

Il est impossible de ne pas faire un comparatif avec la série des Carrément ... d'Erin McCarthy, puisque le héros est un pilote de stock-car. C'est un homme à la carrière vacillante, qui cache des secrets derrière sa façade de sportif mal embouché. Ses multiples incartades sur et hors du circuit, ainsi que sa déplorable attitude envers les médias le mettent dans une situation délicate. Vicky, nouvelle employée dans l'agence qui représente Brandon, va être chargée de le remettre sur le droit chemin.

Entre Vicky et Brandon, les étincelles fusent dès le départ, il ne cesse de se comporter comme un sale gosse, et elle ne se laisse pas faire, lui tenant tête en toute circonstance. Les scènes de joute verbale sont nombreuses et m'ont fait rire à de nombreuses reprises, tout comme certains passages vraiment drôles, comme l'épisode de la chatière pour chien (view spoiler)

Il est dommage que le côté pétillant de la relation professionnelle entre les 2 héros ne se prolonge pas sur le plan "romance" du livre. Leur histoire sentimentale est assez éludée, et même si on suit l'évolution de leurs sentiments, je reste quand même sur ma faim, il m'a manqué quelque chose, et le dénouement est trop rapide à mon goût.

Si vous cherchez une romance fraîche et drôle (mais pudique) sur fond de course automobile, vous passerez un bon moment !

Tanya says

What a great, fun and fast read. I read this while recovering from pneumonia!

Anne says

I was actually hesitant to read this book but it turned to be one of the good books I've read so far. It's a light, funny & fast! I'd probably recommend it to my friends. I'll definitely read more of Pamela Britton's books,

she really does write well!

Charli says

As always, an awesome read from Pamela Britton. I was turned on to her, of all things, by my love of NASCAR. I hadn't been reading romance novels to be truthful and when I heard that Harlequin was allowing some of the writers to mix their love of romance with their love of NASCAR, I decided to check it out.

I was definitely not disappointed. I'm currently starting my next novel by Pamela and I know I won't be disappointed in this one either.

Outi says

Average romance.

Cecelia says

Absolutly fabulous! I didn't stop till I finished it. It has wonderful dynamic charachters with engrossing and belivable interactions set against the always stunning scene of racing.

Heather Blythe says

Loved the book. could not put it down..
