**Get ready for a rainy-day adventure with Duck and Hippo!**

Duck and Hippo may be completely different, but they are best friends. When playful Duck invites careful Hippo to go for a walk in the rain, they have trouble sharing Duck's umbrella. But Duck and Hippo won't let that stop them. Soon they are puddle-jumping and sailing down the river! Until... *WHOOOSH!* A terrible wind sends the umbrella flying up, up, up into the air, with one friend holding on. What will Duck and Hippo do now? Jonathan London's charming text and Andrew Joyner's delightful art bring to life two lovable friends in this fun new series.

### Engel Dreizehn says

I say...it's cute and to the point message about friendship-compromise. The art style is cute, iconic and reminds me of vintage style cartooning from the 1950's-60's.

### Maxwell Rae says

Got a bit scary there when duck flew away but luckily it all worked out! Phew! Nice morale of the story about negotiating and finding a solution that is justly beneficial.

### Dianna says

First of all: all the stars for the illustrations. I love them 100%. This world needs more picture books featuring hippos.

The story: I am not in love with the story. It is cute and funny but there's not really a plot—just a series of little problems that mostly work themselves out. However, I could see early readers liking this book and laughing at the little problems.

*I received a review copy of this book through Goodreads Giveaways.*

### Christine Heron says

This book has colorful illustrations. It's probably best shared one on one or for an ages 4/5 story time on spring, rain or friendship.

### Jennifer (JenIsNotaBookSnob) says

I know a lot of people really like this one, but, it just wasn't my thing. There wasn't anything particularly wrong with the book, it's a fairly gentle tale with mild conflict probably excellent for around that 4-5 year old. I like a little more edge and a bit more humor. The illustrations and colors chosen are nice and bright. The whole thing is a very pleasant picture book.

### **Dorine says**

My granddaughters thought this one was cute. It has a friend message about how to work together between a duck and a hippo. Nice illustrations.

### **Tara says**

Can't wait to see the rest of the series.

### **KC says**

I silly story about Duck and Hippo and their adventures with a springtime shower! The illustrations are a throw back to the wonderful Bill Peet.

### **David Schaafsma says**

Each year my family reads all the Goodreads-award-nominated picture books, and we have been doing this for years. Everyone rates each book and adds a comment and it may (or may not) affect my overall rating. This is book #14 of 2017.

Tara: (4 stars). This was fun.

Harry (12): (3 stars). Fun, and all their problems were solved, because they worked together!

Hank (11): (3 stars). Conflict, conflict, solved

Lyra (10): (3.5 stars). Fun book. The umbrella got them through a boat ride and a walk. Cute book.

Dave: (3 stars). Take a look at the cover. It has kind of a retro feel to the colorful art by Andrew Joyner. Best friends who are different. Basically a younger kids's adventure story, one of a series. It's good!

#### **So cute!**

I just read this with my nephew and we had the best time looking at all of the pictures. This is the first time he's ever sat still to read an ebook, too.

### **Juliana says**

I love childrens books that take you on an adventure from the beginning. This book is about compromise and friendship and the illustrations make the story even more exciting. Perfect for the little ones

### **Misty Mount says**

My little guy said this story was a little weird and didn't make sense because the hippo didn't like water. He didn't seem to have a problem with the hippo talking though, haha. He did say he liked the story well enough and we settled on 3 stars.
