## **Picture Perfect Cowboy** Tiffany Reisz

Jason "Still" Waters' life looks perfect from the outside—money, fame, and the words "World Champion Bull-Rider" after his name. But Jason has a secret, one he never planned on telling anybody...until he meets Simone. She's the kinky girl of his dreams...and his conservative family's worst nightmare.

"Picture Perfect Cowboy" is a standalone erotic romance from Tiffany Reisz, set in her bestselling Original Sinners series. An abridged version was previously published in "Exposed: A Romance Anthology" as the novella "The Watermark."

## From Reader Review Picture Perfect Cowboy for online ebook

### Chris C - A Midlife Wife says

So sexy! 4.5 Stars

~~~~~

Oh my gosh! This book blew me away. It's totally not what I was expecting but I am so glad that it was what it was.

This is one naughty cowboy and boy do I like that! Who knew what he had behind his sexy exterior, or should I say posterior! LOL. This kinky cowboy is a delicious specimen you would take home to mama. Just not his mama.

A little bit sweet, definitely hot and sexy, and an overall spicy story with a tasty BDSM flavor that you will want to check out. Especially if you love Cowboys. Yes, ma'am!! I think I will!

### Jenny••Steamy Reads Blog•• says

Who doesn't love a picture perfect cowboy. Throw in some kink and wowsers. Jason Waters was all hot, sexy, and dripping cowboy. Professional Bull Retired from an injury he finds himself relocating to Kentucky to escape his overbearing family. He's asked to pose for a charity calendar and never expected to fall for the photographer. But what happens when he finds out she may be more than he ever thought??

Simone Levine is a woman that does as she pleases and doesn't care what anyone thinks about it. She's strong, she believes in her beliefs, she stands up for herself and others, and she's so very sweet. Does she believe in love at first site, does she believe in finding your forever in a matter of days? When she meets and ends up making a mini vacation by staying with Jason, can she walk away from her life in New York City for a life on a ranch in Kentucky?

This story is cute, predictable, and I did enjoy it. It's full of sexy and an overload of kink.....

## Sophie "Beware Of The Reader" says

4,25 stars

**This story is exactly like a kinky fairy tale with a cowboy for a prince.**

**Fact:** every girl should have a Jason "Still" Waters in her life.

**Fact:** you just have to invest in pink tongs and pink corsets and leader crops. Then he would stroke you like a filly before spanking you like a champ.

I don't usually read much erotic anymore but when it's Tiffany Reisz I am always willing. Does it sound kinky???? Must be Jason turning my head.

**Perfect Picture Cowboy is a relatively short novella featuring a handsome and lonesome cowboy living for years with shame.** He has been raised strictly by his parents and punished if he ever raised the voice at his sister. **But Jason has fantasy. And he knows that they don't fall into the picture perfect son his family wants.** He's never met a woman willing to share his desires but a chance encounter with Simone will alter his life.

I won't say more about the plot as the book is short and I don't want to spoil your fun.

Just know that it may not be for everyone and would induce eye roll if you don't like insta-lust/love stories.

But if this does not bother you or even better **if you love these insta-attraction stories evolving fast towards something deeper this could be your book! It's hot as this is erotic yet this is high quality erotic as Tiffany Reisz's writing is excellent.** Sophisticated yet flowing effortlessly like always.

I dare say she is the queen of "erotic chic" with the perfect blend of steam, elegance and playfulness.

If you are looking for such read just go for it!  
Have you ever read Tiffany Reisz's books before?  
Thanks for reading!

## Deanna♥Pink Lady♥? says

This was a nice, sweet, sexy story. Usually when speaking of The Original Sinners, the words sweet and nice don't usually come up. But as the title says, picture perfect to me usually deals with sweetness.

Simone Levine is a professional submissive and photographer. She has ties with Søren, Nora and Kingsley and that world. When she meets Jason Waters, ex professional bull rider for a photographic calendar shoot, there is a spark. But Jason, who is a dominant is not sure what he is because he was raised very conservative. Simone sees what he is and decides to help him come out of his shell. She will be his submissive for a few days. Even though it's only a few days, feelings develop. Simone and Jason are sexy but have a sweetness as well. Jason is a gentlemen but has specific feelings of what his love life should be and can Simone be the woman who will finally let him be his true self? But will his upbringing and his family ruin what Jason wants and needs? A sweet romance with a side of kink!!

I loved that Nora and Søren have cameo appearances in this story. In all, this story was an easy fast read that packed in full sexy sweetness. There was also a bonus short story that was quite delicious!!

\*advanced copy provided by Netgalley in exchange for an honest review\*

---

## CC says

Simone Levine is a photographer and professional submissive. Being her gregarious and sweet self, Simone makes an impression on the man posing in front of her lens. Comfortable with her kinky lifestyle, she is open with her choices making her endearing and relatable.

“I think I could go crazy about you pretty fast, but I'm not going to get involved with a guy who treats women like they'll break if so much as breathe on them.”

Jason Waters is a former champion bull rider who now manages his horse training business in Kentucky. Raised to be a gentleman, Jason struggles with balancing his conservative values with his fantasies. However, when Jason meets Simone he quickly realizes that it may be the opportunity he's been waiting for.

“I need to believe I'm a good man,” he said. “I don't know if I can be that or do that and also be a good man.”

Feeling a connection, Simone offers to “play” with Jason in hopes of helping him act out his deeply hidden desires. What transpires between these two is unexpected as Jason gives himself permission to dominate as he wishes. With Simone being a seasoned submissive, she is familiar with emotional boundaries but Jason's playfulness and sweet side has her contemplating much more. As he opens up more, they find a rhythm in their dynamic.

“Red, wet, and throbbing,” he said into her ear. “That's how I want your pussy.”

Knowing details about Simone from previous Original Sinners books, I was envisioning her to be with an

intense dominant partner, however with Jason, she finds more of a playful balance since Jason is very inexperienced. For me, because of the need to obey and Jason's enjoyment from inflicting punishment, the dynamic between them felt like DD/lg.

Due to Jason's conservative upbringing, his transition from trying kink to accepting it as an indelible part of his being is integral to his character. While Simone couldn't have been a better partner to pop Jason's Dom cherry, I wanted to delve a bit more into the conflict with his family and his acceptance. I was certainly glad when Simone set the record straight showing she isn't a pushover.

Ultimately, *Picture Perfect Cowboy* is a book that will make many smile as the narration is infused with humor, sexiness and a touch of kink. For those who have not read the Original Sinners series, this book can be read as a standalone but it would be more enjoyable to those familiar with the subtleties of the series.

*Picture Perfect Cowboy* is a love story about acceptance and being honest with yourself. This book would appeal to those who enjoy a sizzling romance with sincere, likable, and good-natured characters.

## **Angy Potter - Collector of Book Boyfriends says**

### **Book Review: 5+++ Stars**

What is better than a kinky book boyfriend? A KINKY COWBOY BOOK BOYFRIEND!! And if he is part of the Original Sinners Universe, it's even better!!

Simone is a well-known pro-sub in the 8th circle. She's the one who Søren used to call when Nora was not around to release his sadistic needs, but now that Mister S and Mistress Nora are living far away from NYC, she now more focused on her other profession as a photographer. Her current job is a calendar to raise money good cause and her next model is a famous cowboy in a small town in Kentucky. She expected to arrive, take her pictures and leave, but what happened was completely unexpected. Starting with Jason, he is not what she expected at all.

Jason has been THE good guy all his life. A good son, brother, bull rider— *so good he has a room full of trophies* —and now that he's retired, he moved away from home to Kentucky to train horses, he is the good cowboy in town. He has a quiet life in his farm and he's content with it. But he has fantasies, dark fantasies that go against everything he was thought by his conservative family, so he thinks every single one of his fantasies are wrong and sadly he beats himself so much about this. So when he goes to the photoshoot and

finds the vivacious, candid, refreshing, and lovely Simone, with her pink hair, her tattoos, and her open mind, Jason is struck by a real world he has always thought were not real— *and only reenacted in kinky porn*.

I love everything about this book!! I loved the novella *Watermark* when it was published part of the *Exposed Anthology* but this long version of Simone and Jason's story is wayyyy much better, it is more detailed, sexier, more romantic and the cameos of my beloved Søren and Nora are more amazing in this full-length novel. One of the things I loved the most about *Picture Perfect Cowboy* is that it showed more layers to the characters, Jason and Simone are amazing and perfect for each other.

If you are not a fan of the Original Sinners Series, you are not late for the party. You can start with *Picture Perfect Cowboy* —it's completely standalone—and have a taste of the awesomeness of this universe and have a little taste of other characters of the series, and then go and start from the beginning, with *The Siren* .

100% recommended.

----

Audiobook Review: 4 Stars - Alexandria Wilde did a great job with the narration. I liked the accent she did for Jason and how she narrated Simone and Jason in general. The voices for other people were not all good, but I got used to them in the end. The audiobook was a great companion for the book.

----

What is better than a kinky book boyfriend? A KINKY COWBOY BOOK BOYFRIEND!! And if he is part of the Original Sinners Universe, it's even better!!  
PERFECT!!  
Full review to come!!

### **Carol [Goodreads Addict] says**

Picture Perfect Cowboy is book ten in The Original Sinners series by Tiffany Reisz. First, I want to say that for myself, I read books to take myself to places I haven't gone, to experience things through someone else's eyes that I know I won't experience. So, even though I can't relate to the life style these two enjoy, I thought this book was so darn hot it's a miracle my e-reader didn't combust. It was well written and I loved both of the main characters. How could I not? One sexy cowboy and one sweet photographer. These two made for one hot read.

Jason Waters was a champion bull rider. He won about every trophy and award there was to win. Until a serious injury made him re-evaluate things and he decided to retire. Now he lives in Kentucky and owns a horse training ranch. Jason is twenty nine years old and was raised by ultra conservative parents. His father ruled with a strong hand, literally. It was pounded into him to always respect others, especially women. That a man NEVER raises his hand to a woman. His older sister was also raised the same way but with words instead of physical reinforcements.

Jason has never been able to get interested in any particular woman. The reason is because Jason has a dark

secret. The fantasies that live in his head are things that he is sure are wrong. He dreams of being dominant over a woman, of her bowing to his every sexual need, of doing things to her that he is sure are wrong. That is, until he met Simone.

Simone Levine is a photographer primarily, but is also a professional submissive. Jason has volunteered to pose for a calendar for charity and when Simone is photographing him, she tells him of her other profession. Jason has never met this woman before, but he is strangely comfortable with her. Can he finally tell someone his secret? Someone that might be able to understand? Someone that might be able to help him understand his own feelings?

Simone can't deny that she is attracted to Jason. But more than that, she can see how troubled he is with his own thoughts and feelings. She volunteers to go home with him and help him. As she lowers Jason's inhibitions and allows him to finally experience all the things he has only ever fantasized about, she also finds herself falling for him.

***“She wanted him to order her not to fall in love with him. A simple order to give. Maybe an impossible one to follow.”***

After experiencing something beyond his wildest expectations, he convinces Simone to stay a few days longer. He wants to explore his growing feelings for this sweet, wonderful woman that has helped him so much. At the same time, the conflict is still happening in his head. That no matter how many times Simone tells him that she enjoys what he is doing to her, that what they are sharing is wonderful, the disapproval of others still plagues him.

***“You are too good to be true.”***

***“That’s funny, sir.”***

***“And why’s that?”***

***“I keep thinking the same thing about you.”***

So, while the concept of actually enjoying pain, enjoying completely submitting to someone's every whim, is not something I could ever accept, I loved Simone. I loved her sweetness, her acceptance of both herself and others. And also the sweet patience she had with Jason in helping him to understand himself.

And Jason, yeah, he was one sexy dominant cowboy. He was such a good man and I actually loved that the different parts of himself fought over what was right and wrong. For that reason alone, making Simone happy will always be his priority.

So turn down that air conditioner, ladies. You'll need to for this book. I hope you'll enjoy meeting Jason and Simone as much as I did.

***“You’re everything I never knew I needed.”***

☆ Bianca ☆ BJ's Book Blog ☆ says

Jason is a retired rodeo cowboy in his late twenties. He's now training horses in Kentucky. He loves his ranch and his horse-training life. But in his personal life something is missing. Something he struggles with a lot.

Enter Simone. Some might remember her from the Original Sinners series.

She's in town to take naked pictures of Jason for a charity calendar. Jason is not really in love with that idea, but he promised his buddy - who was supposed to be the model, but is now in the hospital.

Simone and Jason couldn't be any more different. He's the mega quiet cowboy, and she's the pink-haired wild girl from New York.

But they also couldn't be more perfect for each other. She's a pro-sub and he's been secretly dreaming about being a dom, of having a sub or a slave to call his own ....

????????????????

Well... that was adorable. And erotic. And funny. And beautiful. It was basically everything you would expect a book to be if it was written by Tiffany Reisz. ?

I loved it!

I'm not the biggest fan of the dom-sub thing and of spanking and hurting people for pleasure - so it's a bit weird that I'm the hugest Original Sinners series fan ever! But I just love the Priest and the King and everything in their world. Nora and Søren even have a little cameo! ♥

I just adored this book.

Jason is so adorable! And Simone is so sweet and kinky and they both just want this so bad. But her job takes her all over the place and he's in Kentucky - and his family will definitely not be happy about any of this! It's not going to be easy!

A PERFECT COWBOY was a really sexy and kinky and adorable Cowboy-Baby-Dom

romance! Run to your nearest amazon for your own Jason! This one is mine!!

??

### **Heather K (dentist in my spare time) says**

A sexy, kinky stand-alone novella from the Original Sinner series = just what the doctor ordered!

I've been on a bad streak recently with boring books that I've had to force myself to finish. Not with Picture Perfect Cowboy, baby. I couldn't put it down.

I don't love-love BDSM books, but some work for me, and this one did. I'm not a huge fan of impact play or ropes or flogging, but spanking and discipline... hells, yes! The BDSM in this book, a type of 24/7 domination in a playful, loving way, just felt *right*.

The story was a fast read, but it felt very satisfying. The feelings and the kink happen quickly, but the emotions and the chemistry feel real. Another winner from Tiffany Reisz.

### **warhawke says**

**Genre:** Erotic Romance

**Type:** Standalone Book 10 of Original Sinners Series

**POV:** Third Person

**Rating:**

After retiring from professional bull riding, Jason Waters lived a quiet life at his horse ranch in Kentucky. But a favor to a friend landed him in a distressing situation and brought him to Simone Levine. He had a secret fantasy he was not willing to indulge in but she might just have the skills to loosen him up and show him the ropes.

*“No offense, but I don’t like anyone but me touching my equipment. My photography equipment, that is. Other equipment is negotiable.”*

Fans of Original Sinners might remember Simone as one of the side character in the series. She was fun and uninhibited, but still respectful of others.

*Jason was different. So polite. So quiet. Especially for a man who’d won millions of dollars on the professional bull-riding circuit. She’d expected a cocky cowboy, not this quiet, humble, solemn man.*

Jason was such a sweet hero. He was raised to be a perfect gentleman which contradicted with what he desired deep down sexually. It became a dilemma of what he wanted to do and what was expected of him.

*“You can call me ‘baby’ because it makes me wet. Don’t call me ‘baby’ because you think I’m a child. I’ve gotten hurt worse than this stepping on a Lego.”*

This book was not what I expected. Considering it’s an erotic romance set in the Original Sinners world, I thought it’d be dirtier lol! It was very light, sweet and low on actual kink.

Both characters were cute and very likable. I like the dynamic of their relationship but I wanted them to play and explore more - which would help add the kink factor. The conflict was also easily resolved and I wanted to know more about how their relationship affected the people around them. I felt like it wasn’t enough to fully resolve the issue.

*For the first time in a long time, and even with a camera on him, he was doing exactly what he wanted to be doing. No guilt. No shame. And nobody’s goddamn business but his and Simone’s.*

Picture Perfect Cowboy is a story of embracing one’s desires. It would appeal to readers looking for an easy reading light romance with a gentle sprinkle of kink.

???. . . (F)BR With Twinsie CC & Loyda . . . ???

## Stacey is Sassy says

### No time for the trust to develop...

\*\*\*A wee bit spoilery, please proceed with caution\*\*\*

I actually really enjoyed the first half of *Picture Perfect Cowboy*. It sucked me in, took me to a place where I could escape reality, and had me observing...*The Life and Times of the Rich and Kinky*. I kind of need to be sucked into an erotic story to enjoy it. If I'm not sucked in, I start thinking...and thinking...and thinking. Unfortunately, the second half of the story wasn't as enthralling and I was distracted by stuff that took this story from sexy to unbelievable.

I really felt like I wasn't given enough to believe in Jason and Simone's HEA. There wasn't time for true trust to develop and their "love" appeared too instant. It was more kinky lust than love. In a lot of my favourite erotic romances, the couple develops a loving relationship over time based on trust, comfort and security. It also felt like Simone was topping from the bottom. This, obviously, was because she was the experienced player in their kinky time and Jason was a learner driver.

Jason and Simone came across as very immature. At 28-29 years of age, you would think a bloke had grown out of leading his life according to Mummy and Daddy's plans. I also felt like Jason's kink was too attached to his past. He should have addressed his issues before starting any Master/Submissive relationship. He was a little too unsure to be a Master and I think I prefer it when they lead.

If I had to read Mistress Nora or Master S, ONE MORE BLOODY TIME, I think my eyes would have rolled out of my head. Simone is a submissive so I get that she likes to be controlled, bossed around and told what to do. I just couldn't help thinking she's a grown woman, why does she keep going to them for approval? Especially when it came to Nora. It seemed like Simone ALWAYS had Nora on her mind.

I do not get this whole sharing each others master/mistress/slave/submissive/dominant thing. I also don't know how you can "play" without the connection. How do you let a stranger do that stuff to you? How can you watch on as someone else plays with your partner/spouse?

OK, ^^^ that rambling above is proof that I'm probably not the right audience for *Picture Perfect Cowboy*. Maybe I've grown out of kinky for the hell of kinky stories. I couldn't turn off my brain and the second half of the story was impossible to believe and had me rolling my eyes. I admit I was initially turned on a wee bit, but by the end, I was skimming, tutt-tutting and grumbling \*grow up, already\*.

This was my second *Tiffany Reisz* and I'm sorry to say, it will be my last.

*Stacey is Sassy, received a complimentary copy of this story. The copy provided is not the final copy and may be subject to edits and changes.*

## Wendy's Thoughts says

### 4 Finding Your Match Stars

**\* \* \* \* Spoiler Free**

**It can be so difficult to live true to yourself. Especially if you have been raised with certain rules and beliefs from your parents where if you didn't measure up at any given time...you were severely punished. The family felt they were doing right and others around them agreed, this was how to be...**

**But what if you felt a need... something you couldn't put a name to, or a specific description to what it was...You just knew you wanted things that others thought wasn't the norm.**

**Jason "Still" Waters was in a situation which had him wishing he was anywhere else then there.**

Because Jason was a stand-up guy and never would let his friend down. Once he said he would do something, he did it. This was how Jason was set to be photographed for a charity calendar...where he was going to be buck naked. How he was going to tell his mama... he had no idea.

Simone was setting up her equipment for the shoot when Jason walked into the area. The local library offered the room for the shoot... but had no knowledge of the way the Cowboys were going to be dressed or not dressed... Simone had learned to ask forgiveness rather than permission when it came situations like that. Jason seemed very uncomfortable from the outset and Simone offered to let him be shot another way. Instead, Jason thanked her but said he was there to do the real deal so he was doing it.

During the shoot, Simone tried to make it as comfortable as possible for Jason. They ended up chatting a bit and somehow Simone revealed her being a Sub for hire as well as a photographer. Jason was hearing something which struck a chord deep down in his soul. Simone offered to be his for a night so he could see what he wanted, how it would work and experience it without any shame or guilt. To have what he needed and wanted...to have it all... and with Simone.

This was an interesting read because it addressed how we are wired and should be able to accept it freely. It was loosely attached to Tiffany Reisz's Original Sinners series.

*A gifted copy was provided by author/publisher for an honest review.*

**For more Reviews, Free E-books and Giveaways**

---

## **Jennifer says**

World champion bull-rider Jason Waters gets roped into posing buck naked for a charity calendar photo shoot. Simone Levine is the lucky lady who gets to snap the shots of his world-renowned derriere. Jason is quiet and country. Simone is bubbly and pure city. One would think the two of them have absolutely nothing in common. As Simone tries to ease his nerves with conversation, it's quickly revealed they have more in common than once thought. In addition to her photography, Simone works at a kink club, and Jason just so happens to have a kink he has been eager but very hesitant to explore. If anyone is gentle enough to help Jason accept and process his deeply hidden side, it's her. It's a match made in kink heaven.

Picture Perfect Cowboy features elements of western romance and erotica. It has wit, humor, tons of sweetness, complicated emotions, gorgeous settings, and even a bit of education. The reader gets to learn right along with Jason as he explores a world he has only dreamed of. As some readers may be able to relate, Jason struggles with a strong sense of guilt and shame that stems from a conservative and punitive upbringing. Watching him process this internally with such a patient and supportive partner was lovely, and it showed how beautiful and therapeutic consensual kink can be. Picture Perfect Cowboy references and features characters that fans of Tiffany Reisz's Original Sinners series will be well-familiar with. However, this full-length novel serves as a successful standalone for Reisz newbies as well. It's followed by a bonus short-story: "Flogging 101 with Professor S" which again features this couple (and encompassed 8% of the ARC edition via Kindle). It's a two-for-one!!! ...and it's a winner!

Note: There's an added bonus in the short-story so be sure to read it! You'll learn how to correctly pronounce Søren's name if you didn't already know. I can't remember if this tidbit is in any of her other books but it felt new to me.

**Thank you to the following for permitting me access to an advance reader's copy (ARC) of Picture Perfect Cowboy. This generosity did not impact my honesty when rating/reviewing.**
