Issues Nicole Clarke

Mel, Alexa, Olivia, and Kiyoko thought they had won the jackpot when they scored the oh-so-competitive internships at Flirt magazine. But when the summer ended, they assumed they'd have to say good-bye. Not so fast, girls! Media mogul Josephine Bishop was so impressed by their work that she asks them to stay on for another semester. But will financial woes, time-consuming jobs, school, and parental pressure get in the way of these Flirts' dreams?

Rosinell says

The book "Issues" by Nicole Clarke is about a Japanese girl that sets off to NYC, interning for popular fashion magazine, but is more get people to notice your hard work type than fashion type. When given a job to make the magazines website music kiyoko goes out and forms a band, she goes a little to far with the music. Watch Kiyoko Kustada try to keep her job and dreams of becoming a journalist in the flirt magazine!

I reccomend this book to girl teens and people who like fashion.
