California Connection Chunichi Knott

Jewel is young and beautiful, and with several hustles under her belt, she's all about making money. This doesn't leave much time for friends, but she'll always make time for Touch, the local hustler. He's been her friend since grammar school, when they made a lifelong pact to look out for each other. Lucky for them, their promise has never been put to the test--until now. When Michael Burroughs arrives on the scene from L.A., he floods the East Coast with top-notch product, and quickly earns his title as the California Connection--Calico for short. He's also a smooth brotha with a knack for getting whatever he wants out of women then tossing them to the side. When he meets Jewel, sparks fly, and things quickly spin out of control. Touch knows how Calico operates and doesn't want to watch his friend get used and abused. Little does he know, he doesn't have to worry about her, because Jewel has a few tricks of her own. When Calico shows his true colors, Jewel knows just how to get revenge. Will her plans backfire, or will she be the last woman standing?

This book took a bunch of different turns which kept it interesting and kept me guessing. I was surprised at the ending but not sure I want to read the 2nd or 3rd book. I am curious what happens to Jewel so I guess I'll have to read them lol

Very good book- can't wait to get to the sequel. I have no idea what Chunichi is going to do with it but I'm excited to find out! I read this in less than a day because I got so into the story and wanted to know what was happening next.

Touch and Jewel are awesome characters and the ending shook me. I wasn't expecting that at all until the last few pages, and not even fully at that time.

Sasha and Calico are the best type of characters for the positions they played too. I hated both of them but it would have been hard to make them any better for their roles.

I love a simple story from a great author- a great author can make a simple story about everyday life far better than a average author with an outrageous story.

Jewel is a trip and bestie is a grimy trick who needs to get hers. Will eventually finish book two. Prefer audio because don't have time sit and hold a book lately.

Chnatel Harris says

this book was a page turner,once each character part was explain then it got good i cant believe sasha turned on the only person that truly lookedmout for her greed is crazy but she also was taught that by jewel so i guess what goes around comes around. i cant wait to read part 2 it only took me two days to read it in between two jobs this is a must read

This is the first book I've read from this author and I can't wait to read California Connections 2 to see what happens next. I was hooked from the very beginning and with a cliffhanger ending like this book ended with, it left me wanting more of Jewel, Touch, Sasha and Calico. Their story is far from over and the grittier their story is the more I love it. Nothing is off limits when it comes to this group of characters and I'm excited to see how things play out. This was a page turner and I would definitely recommend it.

Monique Golden says

I enjoyed reading California Connection. Just imagine having a friend of the opposite sex. You get along perfect, never have any issues and sparks have never flew. That is the relationship that Jewel and Touch have. BFF's.

Touch is very protective of Jewel. Jewel is one of those girls who has her owns and is a hustler who knows how to use men to get the extra things she wants. She meets the California Connection - Calico who is touches acquaintance who give her the things she wants spoils her rotten.

Touch is not happy with the relationship with Jewel and Calico and in so many words expresses how he feels. If you read you'll find out if Jewel heads his warnings or not.

***Good Read. I want more.

Lesa Divine says

I have to say at first this book was a little slow I was waiting for some action to get started but, then half way into the book it starts getting all into the good ole stuff.

This book had jealousy, greedy and back stabbing going on.

Jewel she is that type of female that can mak it on her own but, she also uses men at her time of need when it came to money. Her friend Sasha is also her lover every now and then they get down but, Jewel tend to talk crazy to Sasha by telling her what she need to do or by bragging about what she all have.

Touch is Jewel best friend that keeps his eyes on Jewel and helps her when she needs it. Touch also have somethings going own with her girl friend and he drama kids mom that just don't want to let him go for nothing. Touch is a drug dealer selling drugs and going in with his friend Calico but, he also setting Calico up on the side.

Calico is a drug dealer that just uses women by throwing money at them then moving in with them and using there house as the spot then he is out the door.

Calico started getting with Jewel and Touch wasn't liking that Jewel was letting her guard down with Calico.

Sasha decied to pull a sheisty move on Jewel trying to live her in the dust but, it all back fires on her and then Sasha decides to do something crazier.

Overall good book can't wait to California Connections 2 come out want to find out what else going to happen. :)

I really didn't learn much from this book at all...it was an OK read for this urban lit genre...my sister loves Chunichi's books, but I'm not that big of a fan. I read this after her recommendation, but it didn't move me at all.

Ginnie says

I gave it 4.5 stars.

This book started out slow at first, but I guess it was all for the good. This book was filled with jealousy, deceit, lies, and backstabbing all in one reading. It was a great story and the characters are also great. I really enjoyed Jewels character and the way she is as a woman. The best thing is that she's a Scorpio and I am one too and Chunichi portrayed Scorpio attitude very well :)

Diane Wallace says

Nikki Primas says

Great book! To me at first it started out slow but it soon picked up. I can't wait to start on the second book. I'm not going to spoil it for anyone and tell them what's going on in this book. I recommend it's a great read!

Erica L says

I really liked the story of this book. It was a page turner. One day though, I want to read an urban fiction book that talks about "I got this outfit at this black business on such and such street. All of this D&G, assorted label talk means to me is "Look what rich designer I made richer today!" UGH. Not impressed by that kinda information, But all that aside, I LOVED THE BOOK!

Diane says

Love it! urban living about drug dealing,hustling and doing whatever to make it..great series..(paperback!)
