Bears on Chairs Shirley Parenteau , David L. Walker (Illustrator)

Can five bears share four chairs? The infectious rhymes and easy charm of this winsome read-aloud will make young listeners sit up and take notice. (Ages 2-6)

FOUR HAPPY BEARS
ON FOUR SMALL CHAIRS.

Four chairs. Four adorable bears. All is well until Big Brown Bear shows up -- what a stare! -- and wants a seat. Can these clever bears put their heads together (among other things) and make space for one more? With endearing, expressive illustrations and a sustained rhyme in every line, here is a cozy tale that makes it clear there is room for all.

Bears on Chairs! I love this book. It's not the same thing each page, so it mixes it up for the parent! It is a counting and color book if you make it into one. Most of all though I love the message it sends. 4 Happy Bears on 4 small chairs. Then comes big brown bear with no chair. It teaches kids about sharing, working together, problem solving and not leaving others out. Going over and trying to make another kid happy and including them in with everyone else. No matter if they are different from you or not. I really like the message this book sends. Also it is funny to watch Blue bear. He's all over the place!

Every single line rhymes. Every one. And adorable story! Perfect board book for little ones.

What a great little book! Easy to overlook, it's a very sweet and easy to understand illustration of how sharing and cooperation can make everyone happier.

Laura McLoughlin says

Part of a "sharing" storytime. The kids liked it.

Drew Graham says

Four little bears fit nicely on four little chairs. But what will happen when Big Brown Bear comes along and wants to sit too?

This was another cute and fun Bears book, this time about sharing and compromise. It's a perfect length and has a lot of color and personality. The Boy (2.75) especially likes little chairs these days, so it's obviously a hit with him.

Kathryn says

Problem solving, the merits of sharing, and extremely cute bears! I like very much ;-)

Karin says

A beautiful and simple book that introduces sharing in a great way. Very well done.

Joann Aubain says

I really like this book because it teaches the concept of sharing and taking initiative. While reading this book I thought of how children can easily be influenced by the crowd and may not want to immediately help or share with others. However where the action of sharing and helping those that may be different or alone you are bound to have an individual stand out.

A learning experience I would do with this book would be to introduce the idea of sharing and helping others. As part of the egocentric child it is crucial to teach the concept or kind behaviorism that is essentially needed in their life.

Amanda says

Perfect for any story time addressing early lit - repetition of rhyming words is great, and allowed my nuggets to predict the story.

Cosette says

Not my type of book

Hannah says

Great read aloud for preschoolers.

LOVE!!!! From the pictures drawn, the pastel colors used and the rhythm of the rhyme I am completely in love with this book and have a new favorite. This little board book is entertaining, but also so much more. Problem solving and sharing is introduced in a way that toddlers may grasp and I will gladly read this one over and again.

Bears, chairs, there, share, stare, spare, pair and fair!

Calico Bear, Fuzzy Bear, Yellow Bear, and Floppy Bear each have a chair to themselves. They are perfectly content with their chairs until Big Brown Bear comes along. There's no chair for such a BIG bear. The bears work together to find room for Big Brown Bear.

What I Thought: Where was this book when I did teddy bear story time? It's perfect for the preschool crowd. The illustrations are cute. There's no other word for them. They are soft and pastel-colored. I like that this book teaches a lesson about teamwork and sharing.

Story Time Themes: teddy bears, friendship, sharing
