Kezza22 says

Found the book dull and boring didn't care for the characters and ended up not bothering to finish it!

Jennifer Davy says

It was OK.

Writing wasn't great. Story wasn't great, there wasn't really a start, middle or end. The whole storylines with her friend Arabella and her parents are just a bit irrelevant. I wanted to read a story about a Winter Wedding. There wasn't really a storyline and the whole way through I kept thinking that the cover/title was from a different book.

I didn't get the relevance of it until the final few pages. The book was not what i was expecting to read at all! I feel duped.

Cathryn says

Enjoyable. A happy summer at the beach read.

Jane says

Great light read.

Danielle says

I really enjoyed this book and couldn't put it down. If i'm honest i thought the book started off abit slowly but once it got going it turned out to be a great book.

When Emily first meets Dylan i thought that he didn't seem all that keen on Emily and that he was stringing her along, but as the book goes on you begin to understand that he loves Emily very much.

All in all i very much enjoyed the book, it would be nice to know what happens in the end with Dylan and Emily. I would like another book to follow as this one was very good.

Ainur says

it's a light reading, very enjoyable, it shows how life can be so cruel sometimes, but in the end, you'll get your happy ending. life has its ups and downs, you just have to be strong, be practical about it. don't let your emotions get you down. that's how i think of Emily. she had been let down, but she gets up and move on, and

be better. and she deserves better. she deserves Dylan. Dylan is perfect. Dylan is one charming guy. He's just this gorgeous, hearthrob, well mannered guy. i just can't seem to find any flaws in him. well, this book just give me high expectation for a guy. *not a good thing i guess*

i love the characters. Emily, Dylan, Arabelle. Even Emily's parents. though they didn't really play their part well, in raising Emily, but i like it when they finally realised their faults and want to be better, want to be part of Emily's life. i just wish there's more about Dylan too. I mean, he's too perfect to be true.

Letting go of the past is not an easy thing to do. That explain Emily's wardrobe. But sooner or later she has to move on, and that time finally came when she met Dylan. Perfect moment. Perfect timing.

The love story is beautifully written, it's about the solid relationship of Emily and Dylan, the friendship between Emily and Arabelle, and the conflict between Emily and her parents.

i think the story is good, it's fun.

Marie Godley says

I read it in an afternoon

Lekshmy says

Characters:

Emily- very practical, bad childhood, broken heart case

Dylan- Handsome hunk, cool type

Arbella- Good boss, Maniac, saddist

Louisa Giddings says

This book is so boring there is nothing to it no substance and it just jumps from one month to the next. One minute its Christmas the next it's summer. I really just wanted to get it finished as I had paid for it if it had been free then I wouldn't of finished it

Penny says

I really did enjoy this book, as I have also enjoyed everything else Sharon Owens has written, coming from Northern Ireland and a short distance from Belfast, I can relate to a lot of the places mentioned (not so many in this book, though!!)

Although a chick lit type of book it did cover some thorny issues for the main characters Emily and Dylan. Mainly Emily's hang-ups from her childhood in Belfast from a very dysfunctional family. Dylan is just the rock she needs and he is more than happy to help, he just loves her unconditionally!

This book has a real feel good feeling to it, and is ideal for a quick winter's read, before we all get tucked into our Christmas goodies!!

Jo says

Quite surprised how much I enjoyed this one.

Leah says

Emily loves Dylan. And Dylan loves Emily. Their relationship is rock solid. Everyone says they are meant to be together, it's just a matter of when – not if – Dylan's going to pop the Big Question. There's just one tiny fly in the ointment: Emily hates weddings. Which is fair enough seeing as she was jilted at the altar years ago by Alex, her supposed soulmate. Still, Dylan isn't Alex. He's gorgeous and sexy and scruffy and kind – and more than worth taking a chance on ...But what happens when the ghost of Emily's Christmas past threatens to ruin everything? Can Dylan convince the love of his life he's different and that their wedding day will be remembered for the right reasons? After all, with a sprinkling of snow and a touch of magic in the air, there's nothing quite like a winter's wedding to warm the soul...

Earlier this year I read *The Seven Secrets of Happiness* by Sharon Owens and I thoroughly enjoyed it. It was the first of Sharon's novels that I'd read and I was pleased to discover a new author I liked. So when I was browsing on Sharon's website to note down the titles of her other novels I saw she was working on her seventh novel *A Winter's Wedding*. I made a note of it and when I saw it on Amazon I thought it sounded brilliant, a perfect book to curl up with during Winter, despite the fact Tenerife doesn't have a Winter season. You just know Christmas is coming when the Winter-y titles begin coming out and when I received my copy of *A Winter's Wedding* I couldn't wait to get stuck in.

A Winter's Wedding is a bit different to most Chick Lit novels, as instead of the main female and male characters hating each other, then loving each other then fighting before declaring undying love at the end, Emily and Dylan have a solid relationship. And *A Winter's Wedding* charts their relationship from the beginning when they meet at a charity shop. And that is basically the plot in a nutshell. Yes, Emily has some issues to get over, but there are no plot twists or unexpected issues throughout the book. It's purely a love story. I liked that, sometimes I get a bit bored with books that don't have twists and turns but *A Winter's Wedding* was nicely done and I enjoyed just how simple Emily and Dylan's relationship was.

There are a few other things going on in the book, Emily's relationship (if you can call it that) with her parents as well as her friendship with boss Arabella. There's nothing note-worthy, though, so if you're expecting a fast paced and frenetic read then this one isn't for you. However for Chick Lit fans who like a change of pace once in a while and want to read about two people who genuinely love each other from the word go then this is absolutely for you.

I really liked both Emily and Dylan. They seemed so perfect for each other and they both seemed like lovely people. Emily is a bit guarded for a while, after she was left stood at the altar, but she really comes into her own when she realises Dylan is nothing like Alex, her ex. And Dylan is just the perfect guy. Seriously, this is the type of man everyone would like to meet and there's basically nothing wrong with him. No wife, no deranged ex, no skeletons in his closet, no sirree. I found it hard to warm to Emily's parents, as they were never really there for Emily, however they go eventually get a bit of a wake up call which made me like them a bit better. As for Arabella, I found her fascinating, if a little crazy. She has her spiteful moments but

on the whole I think she was a nice person.

I really enjoyed reading A Winter's Wedding. The change of pace really worked for me especially after the fast paced read I just finished before reading this one (Getting Away With It by Julie Cohen, if you're wondering). It's not a book that will appeal to all and some will find it very slow, but I enjoyed it. It comes in at just under 300 pages which makes it a very quick read. It's the perfect read to curl up with during Christmas, and the tale of Emily and Dylan's relationship is really sweet and it's the kind of good-feeling story that will leave a smile on everyone's faces after they finish reading the book!

Plum-crazy says

An entertaining enough story while reading but one of those that's pretty much forgettable once read. I thought from the blurb that the story would be about Dylan convincing Emily to marry him but the bulk of the tale seems to be about Emily de-cluttering her life of past baggage by sorting out her wardrobe.

Oh.....& as is so often the case in this style of book, Emily's are parents are dire -although I am not one to advocate violence I did feel the urge to give them a good slap...a *really* good slap.... ;o)

Moon Love says

This book is really enjoyable. It's sweet and packs quite a bit into under 300 pages. There are some serious issues covered in this book. So don't think its all nice and fluffy. It's a quick and fast engrossing read. I found it very hard to put it down while I was reading, and only did so when I had to. The story mostly revolves mostly around Emily and Arabella. While I was very happy with the way Emily's story turned out, I was left feeling as if Arabella's was incomplete. I wonder if Arabella's story is in the cards? This is the first Sharon Owen's book I've read. I will be looking into the other books she has read.

Katie(babs) says

A Winter's Wedding is a nice read for the chick-lit fans. Beginning in the harsh winter in London, Emily works for a home and garden type magazine. She loves her work there and is very good friends with her boss, Arabella, who is having big problems in her marriage. Emily has given up on marriage and even dating since her fink of ex-fiance stood her up on her wedding day. She's still paying off her wedding loans almost 2 years later. She still keeps her wedding dress as a reminder of her failure. But then one days she decides to clean out her closets, and that's where she meets Dylan.

Dylan is helping his sister, who works at a type of consignment shop. Emily donates her clothes and other clutters she doesn't need. Dylan is handsome and seems very nice. She gives Dylan a chance, and soon they're dating. Dylan is the perfect boyfriend- loving, understanding and very supportive of Emily. As Emily's relationship with Dylan strengthens, Arabella's falls apart. Her husband leaves her to start a new life with another woman. Arabella tries to get her revenge against her soon to be ex-husband that is both

shocking and somewhat funny. While Arabella is having a breakdown over her broken marriage, Emily has to deal with her parents, who always have money problems because her father is addicted to gambling and her mother an alcoholic.

A Winter's Wedding takes place over a year as we see Emily find love again and work her issues out with her parents, who were never there for her. You cheer Emily on as she reevaluates her life with Dylan by her side. Dylan is a true prince of a man. Arabella is a spitfire who brings forth the chuckles.

A cute, and at times endearing novel about love and life and everything in between. The ending is near perfect and brings forth the warm fuzzies.
