Fated Hearts

Patricia Mason

Fated Hearts Patricia Mason

EVE has always played by the rules, afraid to take chances. HOLDEN wants to change that. She's certain they've never met before...or have they? Holden seems so familiar, but who is he? What is he? Yesterday her biggest challenge was trying not to bomb on her SATs. Today, paranormal forces have transformed an ordinary high school dance into a test of fate vs. free will and loving Holden could be Eve's end.

*Author note: Since Fated Hearts is a novella, it is intended to be a complete story which is much shorter than a full-length novel. Therefore, it can be enjoyed and finished in one sitting. An excerpt of my full-length urban fantasy/paranormal romance, Entanglements, is included at the end of the ebook.

Fated Hearts Details

Beth says

This Novella was an interesting quick read. It definitely got me interested in Entanglements.

Lucie Paris says

Reactions:

A short novella quite confusing. Indeed, the author depicts her story by taking its time to picture a frame as if she ventured on the roads of a real novel.

Suddenly, the reader embarks on a pleasant journey until the meeting with Holden. On the roof scene, the supernatural element comes together with the hint of romance and the result is a little bit messy. After the two protagonist leave the dance, some confusion and clutter appears in the text as if the author wanted to give all the information before rushing to the end.

A frustrated ending imagined by Patricia Mason as an outcome ... Too bad because the things were starting to become really interesting.

So, I had the feeling of a story that would have deserved to be continued longer than to find myself in front of an abrupt end. Attention, I liked the outcome but I'm surprised by the path taken.

The disappointment of having a nice suspense end but to have a disjointed story as a whole. Yet this novella give me enough hints to want to try a real novel from this author.

Heather says

Great quick read! I thought this was a pretty good novella. I enjoyed the story and the mystery of Holden!

I definitely recommend it and I look forward to reading more by P.R. Mason :)

Shelley says

Originally, the name of this story caught my attention...
as well as the plot.

Love the idea of "fated hearts" which follow us in each lifetime.

Overall, I enjoyed this story, and found it to be a quick read!

Thought the author helped illustrate the story with descriptions of, both, characters and scenery.

Many times I felt like a bystander... watching a scene unfold.

The interactions between the teenagers was realistic and tame compared to what you often hear these days!

There was a feeling of innocence as Eve and Holden "begin" their relationship. How it was all new to her... but, somehow familiar.

The paranormal element added to the confusion she felt... wondering if she were going crazy? Which was understandable.

And the element of her memories being brought to the present day... as a way of helping her understand... was good. I enjoyed the glimpse of their past.

There were several things that I would have liked to see developed a little more... but, understand this was a novella.

Left me wondering (in a good way) what happened with Eve and Holden once they met their future.

Adreanna says

I'm going to keep my review short and sweet. very good short story. I cried my eyes out

Tamara Ward says

What a fast, fun read! I'd recommend Fated Hearts for mature teen readers and adults. But watch out: you won't be able to put it down once you begin. (Great characters, solid suspense.) The teenage romance and paranormal mystery of this read gave me the same giddy feeling Twilight invokes. But Fated Hearts is in no way a ripoff of that series: Fated Hearts is in its own wonderful world of fantasy-reality (or as wonderful a world as it can be, since the characters do attend a certain miserable school dubbed Double Dick High). I also liked that a preview of Mason's other book was included at the end. Looks like I'll be shelling out some Kindle cash soon for that one! Thanks, P.R. Mason!

Kirsten Lenius says

All I can say about this one is: "Awwww...."

A Voracious Reader (a.k.a. Carol) says

3.5

Eve is at a high school dance with a loser when she spots a guy she's never seen before but who seems oddly

familiar to her. She's sure she's never met him, but he acts like he knows her yet won't reveal the facts. It frustrates her that evening, but the next morning she's about to get the surprise of her life. Will she be able to let go of the past and go with him or will she play it safe and stay?

A very interesting concept! I like it! The story is too short to get a good sense of Eve and Holden, but I love the plot. While the dialogue is a bit stilted at times and the background is sparse, the story is still a decent one. I wonder what happens after the end?

Judy says

Fated Hearts by P.R. Mason

Eve went to the school dance with a real jerk. How did she allow her friend to talk her into this? She would have had more fun studying for the SATs at home. And then there was the handsome familiar looking Viking dude. Somehow she just knew his name was Holden. After leaving Quinn to ask Holden for a dance...her whole night takes a new turn. And then she has to face the decision of a lifetime. Or maybe several lifetimes.

This book takes place at the same school, Richard Johnson Academy aka Double Dick, as several other books. It takes place after Entanglements.

Kimchi says

Very very short read and kinda stupid . Girl dances with guy who is a jerk. Girl spots cute guy across the room . Girl approaches guy then chickens out, girl dies and has a choice to follow him into the afterlife or live she chooses a guy she just met. Crazy

Tina says

A short read with an okay storyline.

Peggy says

It was a cute short story and if I hadn't started reading late Friday it would have been done a lot sooner
