### Rachel Emily says

I have to admit, I was a bit skeptical about how this would work as a story, but I found myself really liking all of the characters! I really liked Madigan (and his mom, too!) and all the personalities of his angel guardians. I think my favorite of the angels so far is Bren. Can't wait to learn more about them and see where this series goes. I'm definitely hooked!

3.5 stars

I really liked this book so to be objective I'm going to start my review with what I didn't like

-Madigan's name and his shortening: "Madi" is a little too girlie for me.

-Madigan's behavior: He starts ok, but gradually he becomes a Feisty woman in a Joyee Flynn way, so not cool, furthermore I had to remind myself constantly he was 28 because he certainly acted like only 19-20, and finally I love that he doesn't dwell on drama, but I would so have liked to read him give a very deep thought of what was happening, he accepted everything too easily, I mean your life is going through some impossibly big change, and you'll never be the same, show some shock or something like that.

-The fact that once Madigan's gets it on with the angels all the second characters are forgotten, I mean, wouldn't Madigan's mother talk to him by phone once she reached his sister's home just to know how it goes?, and what about Madigan's friends? I thought they were cool, and what about the arranged date with the asshole lawyer?

After that I'm going to tell what I like

The personalities of the five angels were very defined and every single one gets spotlight, we come to see how slowly they grow close and how the relationship develops, it was very nicely done, every character had a different voice and way of reasoning, it made them feel more real.

The sex was hot and sexy and thanks God, there wasn't much cliches, I actually was looking forward to the next scene which in me is very VERY rare considering I skip most sex scenes in any book I read.

Every one of the five angels was attractive to me, usually when reading menage or more one or two of the characters appeal more to me than the rest, here I liked all of them, yes even Madigan thought I wish his girlie/juvenile behavior changes in the next books.

I was intrigued to see how the author would handle a relationship between six men. From what I can tell, she handled it as well as anyone else might. But the thing is, six men is just too damn many to keep track of. Still, the story was somewhat interesting.

## Elisa Rolle says

Nice, funny romp, main purpose was to entertain without drama and I think it reaches the target.

When Madigan, the love child of Archangel Raphael, is reaching puberty (and that is at 28 years old human age), he becomes the target of a group of warrior angels who want to kill the “outcome” of what they see as a sin. Raphael asks to his fellow Archangels, Lucifer included, to assign 1 warrior angel each to the protection of his son and here arrive Cross, Yuri, Bren, Dex and Michel.

From being an almost asexual gay man to be bound forever to 5 hunky Angels is a short path; Yuri, the clever of the group, finds out that if they basically mate/marry with Madigan, he will be safe from the threat of the other Angels. It has to be all of them since daddy Raphael, to be extra safe, picked 5 Guardian Angels.

The story basically evolves all in a place, Madigan’s house, and in the span of few days. Madigan, aside from being in “heat” due to his angelic puberty (he is emitting pheromones like crazy) he is at the same time overwhelmed by hot men who cannot be far from him if not for few meters. There is not change he could resist, and of course he will not.

As you can imagine, this is not a serious story; it’s, as I said, a funny romp, the crazy, but sexy, fantasy of an horny man comes alive. Embark in the journey and enjoy the craziness and horniness.

A cute and great start to what would be one of my new favorite series!

Five angels plus one nephilim equals celebrate monks. Not really. Quite the sexual opposite of that really.

The story follows a guy named Madigan who's just "transitioned" into becoming a Nephilim, and angel assassins or hunters are coming for him because they think he's a abomination. Five angels have been assigned to Madigan and each of these angels come from different choirs. We've got Cross from Raphael, Bren from Lucifer, Yuri from Uriel, Dex from Gabriel, and Michel from Michael.

Each angels have distinct personalities and each of them have just grown on me. The relationship they have with Madigan is adorable and I just can't seem to get enough of.

### Total rating : 3 Stars

I've never expected this book turned out to be good.It's not kind of plot that started easily with tons of men having sex together.

This book has a gall,I must say that,because each character has a different nature and my eyes always focus on Bren most of all.

He's a stereotype of hero that has the depth for me.anddddddd what about Cross ? uhhh he's too good to be

true.lol

I gave this book 3 stars because of some dilemmas.It's weird to match five men altogether in the same situation.LMFAO

I have to say when I first read the blurb it sounded good but I wasn't sure how it would work with all of them but it did. I loved Madigan and all of his Angels, they were all so hot(Should I be saying that about Angels?, lol) I'm going to love getting to know them better. A pleasant surprise and an enjoyable read.

3.75 - 4 stars rounded up.

I like to let my kinkier side show with the odd m/m/m/m or more. This one is 6 guys all in a bed and the middle one said....stick it in baby..!!

Ok in all seriousness - I liked the concept - angels/archangels arnt as written or over done as vampires or werewolves etc, there was not much worldbuilding and there was not much relationship development, but lets be honest - I never read it for those reasons....nope...I read it cause I wanted to see what happens when 6 dicks get in the same bed.

I have high hopes that this series stays both hot and entertaining. All I expect is that everyone's names do not get mixed up and that it doesnt get 'Days of Our Lives' ridiculous.

Madigan is chucked in the deep end the night of his birthday. His mother always said his father was the Archangel Raphael, but he never believed her. But, now faced with a group of angels who want to kill him, he has no choice. Now with five angels to protect him, they have to find a way to keep him alive long enough to come fully into his powers.

Okay. Wow. Jana Downs has blown this story out of the water. Madigan has just celebrated his twenty-eighth birthday and is attacked. He discovers, in short order, his father really is the Archangel Raphael and he is a Nephilim and now he is in grave danger. Cross, Michel, Bren, Dex and Yuri are the angels assigned to keep him safe and to find a long-term solution and boy does Yuri find a solution . As we progress with the book, we discover a bit about each of the characters and we have more to come in future books .

The idea for this book is quite unique; an Nephilim being assigned 5 Guardian angels to protect him from the Angels who go after all Nephilim, but ending up having to bond with all 5 angels as a way to survive. Madigan having to try to work his way through the shock of who his father is, that he is half angel, that angels are trying to kill him and that he has to bond with 5 angels to survive and it is not all sweetness and light between them all.

Each character is different from the last and they all have great personalities... for them. Seeing the dynamics as they try to establish a relationship is interesting and seeing them trying to find where they fit, not just with Madigan but with each other is great and you can tell that there will be even more clashes in the future for all these men. Now watch your heart rate as you approach the sex scenes because it really is scorching hot and quite explicit and scorching hot (I know I said it twice but it bears repeating.)

So if you want hot angels, hot sex, a good storyline, a bit of conflict, frustration, growly men, scorching hot sex and a happy ending (for now anyway) then you have to give this a shot. P.S. Can't wait for the next installment, there's a teaser on Ms. Downs website.

This series makes me want to ask a question: Is it actually possible to write a good harem book, or do harem books exist only to wet my panties? Because if the latter, I should just quit reading them because all my kinks are not publishable.

Yeah right. So I say to 12093701 sub-genres out there.

So the flaws of this series is actually very common to the whole MM harem sub-genre. You have about 150 pages and 5 guys, putting the average page count at 30 page per guy. This means that you get their ASL and

not much more, and every guy is reduced to the bare nothing (John is a moody pimply redhead, Ben is a cheerful blonde). Add to the fact that half of that 150 pages will be sex and you'll get maybe 15 pages a guy... If you're lucky.

If harems are your thing, well then, by all means read this. I can't think of any other victim I might recommend it to, and unlike Gabrielle Evans' harem series, this doesn't even try to have a plot. If you're really just here for the kinks... Go Google some free literotica. It's better and freer.

### **Serena Yates says**

A very cute start to a series that could have been called "angels of a different kind", this book had me smiling and admiring the very hot angels in turn. The "rules" of this variation of heavenly lore are definitely different, and it will be fun to explore them over the coming volumes. This first book focuses on setting up the issues and lets us get to know all the characters, each of whom has their very personal quirks. The combination promises to be very entertaining.

Madigan is a half-angel who doesn't believe the archangel Raphael is his father until he is presented with irrefutable evidence in the shape of five angels who tell him they will be his guardians. Although Madigan "rebels" on an intellectual level, his physical reaction is quite different. And added to the threat to his life, even his mental resistance isn't very strong. And when he gives in? Very hot action follows.

The five guardian angels have very different personalities. Bren and Cross hardly even get along, Michel is the naughty one, Dex is the cook, and Yuri gets stuck with long-distance flying. Each of them come from a different choir of angels, bringing various talents to the protective ring they have formed around Madigan. I suspect they will need them all, since the group of fanatic angels trying to kill Madigan for being a half-breed 'abomination' in their eyes, is very violent and will definitely do their best to achieve their goal.

If you like angel stories, if you are curious about a different variation of the rules that make heaven and hell work, and if you enjoy multiple men getting it on in the same bed, you will probably like this book.

I should give this an extra star merely for the fact that I was able to keep the right peen attached to the correct angel the whole time with minimal effort on my part. That's all the authors work and anyone who's read a bad menage story knows how hard it is to keep track of what is going into what hole at any given time, much less one with this parade of angelic peen thrusting about.

What a terrific way to start this new series.

If you don't like stories with multiples partners, you are missing out on 5 sexy, adorable, tough angels, and one charming Nephilim.

The sex scenes were nicely done, and the plot was interesting.

I'm looking forward for the next sequel.
