Managing the Construction Process

Frederick E. Gould

Managing the Construction Process Frederick E. Gould

Managing the Construction Process: Estimating, Scheduling, and Project Control, Fourth Edition, covers all areas of the Construction Management industry--with a balanced focus on both theory and practicality. Helping students gain a working knowledge of the whole Building Industry, this text provides the technical skills required to manage a construction project from conception through occupancy. Emphasizing current industry practices, it makes a useful reference for the construction professional.
