### Alessandra says

Six entertaining volumes to introduce the character of Flame Prince. I loved this comics since unfortunately we don't get much Fionna and Cake on the show. Original story and development, I loved the fact that the prince can only speak cat XD

A satisfying ending to a really sweet arc. I hope to see more of Fionna and Cake in the future!

Some spoilers.....

Ok, last issue of this little collection. I'll say I loved it. Because I really did.

The story in the beginning about the nymph and the cat broke my heart and the illustration is so beautiful. I can't even!

Then... Ice Queen was the nymph? I didn't get that part but it was what I thought when I was reading it.

Loved Fionna's new hair.

Loved the "romance" between Fionna and FP. It was adorable!

And loved the end. I wasn't actually expecting that. I really wasn't!

### **Miriam says**

I really enjoyed reading the last issue. I wished it would get adapted into an episode. I loved Flame Prince!!!

I hope there's another special involving Fionna and Cake, but other than that, I will continue to enjoy Adventure Time comics
