Eight Maids a' Missing: 12 Days of Christmas series Jana Deleon

New York Times and *USA Today* bestselling author Jana DeLeon brings readers a light-hearted, sharp-witted tale of mystery, romance, and gun-slinging society matrons with a heavy dose of Southern charm.

When college student Lexie Clairmont is summoned to the sleepy gated community in the Louisiana Bayou where her melodramatic Aunt Sophia lives, she figures she's in for more of the usual hysterics. But when she discovers that eight housemaids have disappeared without a trace, Lexie will have to play amateur detective to help her aunt get to the bottom of the pre-Christmas crisis. In a town where nothing is as it seems, Lexie's investigation could land her smack-dab in the middle of very real danger. Will she uncover the truth before it's too late?

Another Fun Read from Jana DeLeon

Jana DeLeon is my favorite cozy mystery author. I knew nothing about cozy mysteries until I discovered DeLeon's Miss Fortune series. I've since developed a taste for the cozy genre. I've also started another of DeLeon's series, beginning with MALEVOLENT, the first book in the Shaye Archer Mystery series. DIABOLICAL is Book Two. SINISTER is the third. That series wouldn't be classified as a cozy. Matter of fact, the Shaye Archer series is rather frightening but it's my favorite. I like that DeLeon's mysteries take place in parts of Louisiana. Even if some of the small towns are fictional it's easy to feel right at home. DeLeon's cozies are humorous and the characters are likable. Another great series written by DeLeon is the Ghost-in-Law books. I laughed quite a bit during the audiobook version of Book One, TROUBLE IN MUDBUG. if you're not familiar with Jana DeLeon and you enjoy cozy mysteries, or a good old fashioned mystery, do give this author a chance. I've never read a book by DeLeon that I didn't like. This short cozy is a quick read. It's not the best of her selections, by any means, but it hit its mark and entertained. With a cup of hot chocolate in my hands, curled up on my sofa, I'd say this was definitely a nice, cozy read.

Quick read

This book is a delightful read, and it flows so well that I read it very quickly. The only problem is that I have to find something else to read! If you like a little romance with your mysteries, then this book is definitely for you!

Good mystery book

This is a good who done it book. Keeps you guessing until close to the end. Theft murder and romance in one

Cute story

Probably should have started with the first book in the series, but this story was standalone. Cute story, easy and a quick read, perfect for when one wants to be entertained, but doesn't have much time.

Jessie says

I'm a huge fan of Jana Deleon's writing and this short story is full of her signature style - unique characters and witty storytelling.

Kristine (A Cozy Booknook) says

A quick, fun holiday short story! The characters are witty and the story is entertaining. I enjoy reading this author's work and look forward to reading more.

Jeanette montgomery says

A great short story.

I loved the characters.
