Got a Hold on You Pat White

Life on the Ropes

When Frankie McGee told her Uncle Joe she'd do anything to help save the family business, she wasn't exactly thinking of dressing up in a fur-trimmed bikini and four-inch stilettos. Nor had she planned that the best kiss of her life would be staged by the wrestler Black Jack Hudson--a veritable wall of muscle and masculinity. But now her fate was sealed: Frankie the accountant by day; Tatianna the Tigress by night. Was it possible lack could ever love both of them?

Dena says

This is a very funny story about a prim and proper girl meets an irresponsible and careless guy.

A wrestler named black jack Hudson meets frank the niece of his boss who he thinks is trying to ruin his life. Frank is trying to live her life until she is roped into her uncles crap. This is so funny and I loved the characters.

Overall a great story lovable characters and I want to read more.

Cheyanna says

I really wanted to like this book. It seemed like an awkward romance (which is my favorite) but it was just a painful, train wreck romance. Not even in a, 'it's all worth it in the end' way. First off black Jack Hudson, is he Hispanic, Samoan, white? Where is he from? What happened to his family? He's just a massive, tall guy, with long curly black hair....right? Tatiana the tigress. Bleh. Can someone spread the fact that a timid female MC in the climax is not a good thing. It's the end of the story! She should know what she wants! Not just let the chips lie where they fall! It's obviously not that good of a romance-no love in sight if she doesn't even try to make something work. Lol this was just cringe-worthy. Returned to Amazon for refund! No thanks. So much potential and so little of it even used.

It's a wrestling script! You jump around in spandex and feathers! FEATHERS. how can you not utilize all of the jokes and all of the awkward cute-ness of a real romance. It's, 'OMG SHE LOOKS SEXY AS HELL in feathers'. Wat. No. Again. So much. Potential. Bleh

Emily says

Frankie McGee decided to help her uncle out only to have his hair brained ideas come bite her in the but. The straight laced accountant, now is the mysterious Tatiana the Tigress who is parading herself around in a bikini and pretending to be the volatile love interest of wrestler Black Jack Hudson.

Jack overheard Frankie spout her disillusioned idea of his sport and she has grated on his nerves ever since. Jack decides to have a little fun with driving her nuts, while trying to force his way out of a contract he wants out of. Having a naive and untrained Tatiana is a sure fire way of getting out of it, but he didn't plan on the chemistry or the lady behind the mask.

Hilarious. I thought Tatiana was a hoot, she is so out of her comfort zone but she does okay for herself. Often causing a stir and often with Jack giving her a kiss to shut her up or take back control of the situation. Definitely picking up more from this author.

Dena says

Overall it was a good story, I like the drama. It was missing something, just do not know what it is. Overall the story, plot and characters were really good

Michelle says

Good book

You people should just read this book yourselves and write your own review on this novel yourself and I really enjoyed reading this book very much so. Shelley MA

Di says

A bit silly, but good.

Donna says

A funny and very sweet story. Loved Frankie's two personalities and Jack's reactions to each distinctly different personality. The first page grabbed my attention, the plot held my interest, and the developing attraction between Frankie and Jack had its fair share of humorous and angsty moments.

White is a new-to-me author but I'm really looking forward to reading more of her books.

Ruth says

Seit ich die Serie *GLOW* gesehen habe, finde ich Wrestling gar nicht mehr so uninteressant – und nach der Lektüre dieser süßen Geschichte erst recht nicht. Pat White lässt ihre zwei Protagonisten in einem klischeebehafteten, aber dafür umso humorvolleren Umfeld aufeinanderprallen: die stets disziplinierte Frankie McGee soll ihrem Onkel einen Gefallen tun und das resultiert darin, dass sie als Tatiana the Tigress einspringen an der Seite von Black Jack Hudson die Wrestling-Bühne betritt, der nicht ahnt, dass die Wildkatze an seiner Seite eigentlich Franken Niece ist, die er so gar nicht leiden kann ... Situationskomik und Wortwitz machen *Got A Hold On You* zu einer sehr lesenswerten Liebesgeschichte (lasst euch nicht vom Cover täuschen!).

Lynn says

Not my usual cup of tea. I think that's why it wasn't the best book fit for me.

Jamie Leigh says

a cute sweet story that was very entertaining!

Gabriela says

Got a Hold on You is a contemporary romance about a strait-laced accountant coming to her uncle's rescue when his wrestling business threatens to go belly up.

The story line is cute and predictable. The writing is decent, the characters are endearing, and there are some pretty comical moments given the scripted wrestling angle however I felt some of the situations just seemed too over the top very much like the Wrestling Novellas in the book. It could be that this is what the author was going for but some of it just didn't make sense to me. The cover is nice. There are some very sensual love and sex scenes but nothing too graphic, references to drinking, some cussing, and of course lots of wrestling. It was a quick light read.

Crystal Yawn says

This is great entertainment. The things Frankie does for her uncle to save his company. The many misunderstandings. The sexual tension is high. Its great to find your way to who wins the match, staid, boring Bradley or strong, wild Jack.
Very good, very entertaining with hilarious mishaps.

Cassie Hess-dean says

Frankie has agreed to help her uncle with the financial side of his business. She is going to go over his books & give him some ideas of how to bring in some new business. What she doesn't expect is for the woman who is to be the new partner for the top wrestler not to show up. She is thrown into the position. Totally out of her comfort zone she tries to do a good job but ends up hurting the top wrestler & causes him to lose his winning title. Many other twists & turns later the two start to have feeling for the other that integer one is willing to admit to. Will they work things out? Or will they both ruin the chance of being happy together?

Brandy says

I've developed an interest in romances that have wrestlers/boxers/fighters as the heroes, so I had to grab this one when I saw it as a free download on Amazon. I didn't realize at the time that it had originally been published a few years ago, but it didn't seem dated at all while I was reading it.

In a nutshell, Frankie is an accountant helping out her uncle during some financial difficulties with his wrestling association. She gets coerced into becoming arm candy for one of the wrestlers, and that is the beginning of some internal conflict for both her and the wrestler. They're both more than what they seem on the surface, and they have their own reasons for being a little scared of the love they find together.

This is a great quick read with a cast of funny characters, and a hero and heroine who get knocked off their feet.

Isabel says

Wow, started this book but thought yeah right.

I have to admit I loved it. Except Bradley; read this book you will understand. The story hooked me. Highly recommend
