Baby Love Andrea Smith

'Baby Love' is the sequel to 'Maybe Baby' and follows the twists and turns in the lives of the handsome young attorney Trey Sinclair and his soon to be wife, Tylar Preston.

The second volume in this series finds Trey and Tylar the proud parents of a baby girl; they are in love and engaged to be married. Soon after the wedding bells chime, Tylar discovers that her nightmarish past will continue to haunt and threaten her new found happiness with her family. She fears for the safety of her baby and the sanity of herself.

There will be many surprises in store not only for Trey and Tylar; but for Gina and Tristan as well. The love and intimacy shared between husband and wife as they continue down their passionate path of discovery will bond them ever closer.

Duchess Nicole says

BABY LOVE

These are the HARDEST books to review, I swear! There is so much going on, so much to talk about. I can see why the initial books were so long...busy, busy, busy. If I were reviewing this professionally, I might be harder on it, but I am reviewing it simply on my enjoyment. And I REALLY enjoyed this book!

Okay...if you haven't read the first book, there might be minor spoilers for it (if you don't get the gist of the series...ahem...baby.)

In this installment, Tylar and Trey are new parents. The entire tone of this book changes, which is exactly what I was hoping would happen. Tylar is a wonderful mother, despite having some issues. No matter what happens, her devotion to Preston never lets up, and it shines through the pages. Andrea Smith truly grasps motherhood...the ups and downs, and the joy and sorrow. It's not always pretty...in fact, often it's ugly. There is such overwhelming love for your kids that it often feels...overwhelming! Feelings of inadequacy pop up often, especially if something goes wrong. And then there's being a wife/woman alongside motherhood. Two of the hardest things I've ever done are being married and having kids...and Tylar is dealing with them all at a young age. She loves her Trey, she loves her baby, but that doesn't negate the problems that arise. Especially with her past still up in the air.

"Tylar, you've a right to feel however you feel. Feelings are not right or wrong - *are what they are.*"

My Trey and Tylar:

While Tylar and Trey are going through the trials and tribulations of new parents, they are also having to deal with Tylar's past...her "mom" and the events that led up to the horrible events she calls her childhood. This adds a WTF factor as well as some crazy drama and suspense. And it also adds a sort of melancholy note, because Tylar has always been missing that kind of love from a parent to a child in her life...in fact, is feeling it for the first time in her life now, with Preston.

"I'd never felt this kind of love before. It was a different kind of love than what I had for Trey. It'd been so immediate and so strong from the beginning. It was so unconditional, this baby love.

I thought about my mother and wondered why she'd never felt that 'baby love' for me. I banished the thought of her from my mind. It was only painful and for now I wanted to enjoy this bonding with my daughter."

Just for the record, I think Trey and Tylar are wonderful parents...really great about meshing their ideals and differences together and creating a loving home for their daughter. I thought that the amount of babysitting they got was enviable, but still... :D:D

Why the four stars? Despite my enjoyment of the story, I had a few things that really bothered me. I was somewhat grossed out by Trey referring to Tylar's tendency to swallow his...you know...by asking her if she was "ready for some protein". Ew, just ew. I've never seen the fascination with swallowing, so maybe this could be titillating for some ladies, but for me it was just gross. Also, (view spoiler) I also think the writing is somewhat unrefined in places...repetitive (sex scenes...SO repetitive) and a few minor editing issues.

So this story really captivated me. I was almost completely uninterested in the sex scenes. They didn't do it for me to begin with, but I really noticed it more in this book...I really just wanted to get back to the meat of the story. It just keeps moving forward. And for Smith to make a normal marriage this interesting is really saying something. Despite the somewhat fantastical circumstances outside of the marriage, just Tylar and Trey's daily grind was captivating! Funny in places, poignant in others, I loved this book...a smidge more than the first.

[choosing to hide the crucial news to Trista

Linda says

I really liked the first book, but this was even better. Baby Preston is adorable, so cute, love her. Trey and Tylar are beautiful in this book. I really love how they communicate and how in love they are. There is so much going in this book, a lot of twist and turns. Tylar's best friend Gina is awesome. I'm looking forward to reading the next book!

Jamie says

Wow!!!! LOVED IT! 5 drama filled stars!!

I read the first book in this series over a year ago and loved it.. not sure why I waited so long to continue with the series but I hate I waited so long. That being said.. I'm scared as hell for the 3rd book but I'll be diving in right away. There was so much drama going on in Baby Love..there was also a whole lot of love

and of course a sweet little baby. Andrea has such a talent for building so many layers in a story but keeping each layer intense and interesting. This book was filled with all kinds of drama, angst, hotness, love.. sweetness.. so much of everything. Above all was Tyler and Trey's love and commitment to each other. It's been mildly tested along the way but they have been strong and persevered together. I know book 3 is going to rip me apart.. I've read the reviews and I know I'm in store for quite a ride. Am I prepared? Hell no... but I'm going to get on that ride anyway because I know it will be a treat. At this point, I feel so wrapped up in Trey and Tyler that I have absolutely no choice at all but to continue their story and see what Andrea has in store for them.....

Lana ✨Dirty Girl Romance✨ says

4.5 'I want Trey to be my baby daddy' Stars

Sometimes the most precious things in life are the result of just letting life happen.

Well, after staying up till 3am finishing reading this and that ENDING, I feel like I should let everyone know!

This series is seriously ADDICTING!

Please be prepared to read these books back to back.

Have coffee near you at all times, as you will be losing sleep reading this.

You will NOT be able to put it down until you read the very last page.

Seriously! I'm not kidding here people! After I was done with this book, I had to immediately read the 3rd one. Now here I am, over-caffeinated and twitching away attempting to write this review. So I apologize in advance if I ramble off...

How good was this book? Well let's just say it was good enough for me to look past all the things that initially bothered me in the first book. And that's something! I'm one picky bitch, I'll be the first to admit it. And things like the overuse of womanhood or manhood typically bother the hell out of me. But I was so enthralled in the story, that I truthfully can't even tell you right now that I could find it in me to care about these things.

Baby Love takes place where Maybe Baby left off. Tylar and Trey are enjoying the joys of parenthood, while the twisted story of Tylar's past continues to be unraveling.

And holy crap, it did! Baby Love was a rollercoaster filled with action, suspense, many more secrets coming to light, and of course more Trey.

I love a good romance, and I love a romance filled with super steamy scenes. But what I loved most about this book was the story. It was FANTASTIC! There was so much going on, with twists and turns that sucked me in from the first page.

I have to admit, that while I love Trey, Tristan definitely gives him a run for his money, and he was just a supporting character. We got more of Tristan, and more of Gina, and Tristan **and** Gina.

It did take me a bit to get into things with the first book, but I had no such issues with this one. I'm totally and completely addicted.

The twists and turns that took place and things that were revealed in this book?

And then there was that ending. GAH! That friggin ending! Here I thought I was being all clever, staying up to finish it. Let me just warn you, if you're finishing this up before going to bed...well prepare the coffee, my friends, because you will not be going to sleep any time soon. You will NEED, HAVE TO HAVE the 3rd book.

Now that is all the over-caffeinated ramblings you'll be getting from this girl. Go read this book! Do it! Just make sure you have book 3 waiting for you when you're done with it.

I'm off to drool over Tristan in book 3.5. So I thank you!

SueBee★bring me an alpha!★ says

★★★★★! The Baby series, book 2 of 3. Epic family saga with a wonderful Heroine & a larger-than-life, yet “tangible” alpha male Hero.

This is a recently released trilogy by Andrea Smith. A stand-alone sequel (book 4), told from a side character's - Gina's - POV is in the works, but you can read book 1-3 as there is no cliffhanger at the end of book 3. I highly recommend this series!

It's an epic family saga about Trey and Tylar and their extended and growing family. Andrea Smith is a spellbinding storyteller. I am not sure how to fairly describe her brilliance other than that her writing really clicks with me; It's engaging and humorous and her choice of vocabulary is very stimulating. Her character development is excellent – both Trey and Ty are wonderful and their chemistry is hot, hot, hot. And there are many, many amazing side characters as well. Ms. Smith is definitely a new author to follow.

Since there is a mystery to be solved it's critical that you read these books in order. Though I have kept my review below “general” it may contain some spoilers. [If you haven't read book 1, please stop here go back and start with book 1. As matter of fact, drop everything and hurry up and read this series!](#)

BOOK 2

Hero: Trey Michael Sinclair: 31+ years old/attorney/\$\$\$ /brown hair/blue eyes

Heroine: Tylar “Ty” Sinclair, formerly Preston: 21+ years old/mother (former student)/brown hair/amber eyes

The book is told from Tylar’s POV.

I really enjoyed this series with the less common approach of the couple coming together and the readers getting to follow them in their relationship. So we first met Trey and Tylar in Maybe Baby. They are just about to get married and they have a beautiful one-month old daughter Preston Michaela Sinclair (DoB 5/4/2012). The story goes from there.

Book 2 is mostly about the mystery surrounding Ty’s past. There will be much happening; some dramatic and frightening events and other simply wonderful news and developments. And of course there is always some new drama with the Sinclair’s.

I think Ty really developed and grew (up) in this book. She is a mother and a wife now. Trey also grew. He is still the very much in control, hot sexy, successful alpha male. But with him becoming a father and a husband, we get to see another dimension to him – more tangible – like he becomes even more real. In closing let me say this about our precious Preston aka “Bobbin” aka “Chubbers” aka “Vampira”. She is just the sweetest, most adorable, lovable baby girl. Thanks to Ms. Smith’s writing, Preston felt so real – there were many occasions where I wanted to reach my hand through my Kindle to touch her. What a blessing!

"I personally guarantee you that you will carry all of the children that I can possibly give you. You were born to be a mother amongst other things."

"You know Tylar, you are never sexier in my eyes than when I watch you nurse our baby. I can't explain it but it is definitely a turn-on."

"You heard her baby - she thinks Preston needs a brother or sister. Besides, it's been like four days."

Georgia ♥ Team Dex ♥ says

♥★4 Stars★♥

It was so unconditional, this baby love.

In this second book, the journey of Trey and Tylar continues, but it isn't an easy one. Past mysteries, heartbreaks, family, friends and the everyday stress of life are piling up, causing tears, pain and lots of love. Together, they struggle and fight but is there a breaking point? A limit to what a person can handle?

The mystery of Tylar's family is finally unravelling and is full of angst and twists. Add to that the "baby blues" and the fragility that comes with being a new mother, Tylar and Trey go through some rough times. This story is also sexy and hot but I really felt it took the back seat in this one, for emotions, family bonds and character depth to shine.

Laughing and crying, suspense and mystery, heartbreak and hope, another wild ride of book...

You know I was born with two G-Spots right?

Andrea Smith, proves once again that she can write. Better edited and shorter than the first she provides us with a satisfying story that isn't dragging but it just relaxes you for some parts....

But then I got to the end...

I can't believe the way this book left us hanging.... *bangs head* *throws Kindle against the wall*

WHEN IS THE NEXT ONE COMING OUT?????

Kara says

ARC Copy given by the author in exchange for an honest review

This book continues with the love from Trey & Ty - with a lot of excitement during the whole book!

I am excited for book 3.

Christy says

4 Baby Love Stars!!!?

A lot of your questions from book one will be answered... but you will have some new ones at the end of this!

Tylar and Trey are new parents to baby Preston. They are both taking very well to parenthood. They are doing well as a couple. Everything is great. Tylar loves Trey with all her heart, but she has never felt a love like this before. The love only a mother can have for her daughter.

I'd never felt this kind of love before. It was a different kind of love than what I had for Trey. It'd been so immediate and so strong from the beginning. It was so unconditional, this baby love.

Tylar finds herself wondering why her mother never had this kind of love for her. This bond she has with Preston. We find out some shocking things about Tylar's past. Everything sort of comes together and starts to make sense. A new and very special person comes into Tylar's life.

A lot of crazy things happen, there is kidnapping, murder, mystery and suspense. It is full of drama and a little craziness, but in the end I was so happy Tylar finally got the answers she needed and the closure she deserved.

I loved the family element in this book. A good part was focused on Tylar, Trey and Preston. I enjoyed reading about the two of them with the baby. It was all very sweet. There was also a lot of steam. Trey Sinclair is one sexy man! It's not super heavy on the sex scenes, but there is enough to keep you satisfied.

"I want to make love to you, baby."

"What if I want to fuck?"

"I'm fairly certain that we can accommodate both, Mrs. Sinclair"

There is so much going on in the story, twists, turns etc, it is hard to review this book without spoiling so even though I know I am leaving a ton out, I'm gonna end it here and just say-

There is never a dull moment in this book. Once you finish this book, you will want to jump right into the next. A suspenseful, sweet, and sexy series you won't want to put down!

ARC kindly provided by author, Andrea Smith, in exchange for an honest review

Allison ♥?Will Never Conquer Her TBR♥? says

The life journey of Trey and Tylar continues..... This book was really good.... But some things were a bit annoying. First, the continued editing issues from book one. Run on sentences, lack of punctuation...blah blah. But my biggest issue was the constant reference to breast feeding. I mean, I'm a neonatal nurse who personally nursed my own kids but lord, it was constant in this book. If it irritated me, I'm surprised it didn't bother the bejeebers out of people who haven't had kids or don't have that career background. I seriously

think there was more breast action detailed in this book from the baby than from Trey. It didn't add anything to their story...I was just put off by the constant reference to "num nums."

Trey.....he is still a gem. Still a bit controlling but such an attentive, supportive husband and father. Tylar grew up a lot in this book and I loved the way she evolved into such a great wife and mom. There was several twists and turns in the book but the day to day family story was still a strong base. I was happy for Tylar getting some answers to her past and meeting her father for the first time. On to the final installment.....

JoJo - JJJ (Jo Anna) Janesko says

Love, love, love this series!!!! 5++++++ Stars!!!! I am in love with these characters and feel such an investment in them. These books have been all I can think about for almost a week now. I can't even begin to tell you how much I enjoyed this book. It is such a beautiful story. I am in awe of this author. This series is a must read.

Wendy ? : ◆●•CCBH Blogger•●◆ says

This book was one crazy roller coaster ride! The continuation of book 1 in the 'Baby Lite' series. It was filled with **suspense, drama, angst, lust, passion, love, & hate.**

In the second book, the secrets of Tylar's past are finally revealed. There are frightening & dramatic events & other wonderful developments through the plot. This book will definitely keep you at the edge of your seat wanting to know what will happen next.

Ty & Trey's all-consuming love continues; they finally have a family with the birth of their adorable & beautiful daughter, Preston Michaela Sinclair & they get married!!

What I also loved about this book was that Andrea included plots for the secondary characters; be ready for some Gina & Tristan! Oh & get ready for the Sinclair family drama along the way :D.

Let me wrap this up saying that: this was one humorous, sexy, & fun read. I definitely recommend people read this series. **Praise to Andrea Smith for another huge hit!**

Shantal (VERIFIED BOOK LOVER) says

*ARC provided by the author in exchange for an honest review *.

I loooved this boook !!!!! Can I say that again I love love the hell outta this book . It exceeded my expectations, Tyler was puuurfect. You can tell being a mother has really changed her ,and its definitely for the better . She was a lion ,I only kinda wished she got to kick her aunt's ass . But the story got so many twist and turns . Andrea made me feel so sorry for the bad guys, I really couldn't fathom how I from despising her Aunt to actually feeling so emotionally sad for her .Cudos to you Andrea ,I really love this one (YES I know I said that like 2 times already ,Sue me I'm in love).

The relationship between the MCs were so on point ,they had their good days and their bad days.Which is what love is really all about ,they always and I mean always make up after their argument ,they don't let it fester unless it's really bad. Gina did a shitty move and my feelings for her have kinda taken a down turn . I felt she was a better person than that and I really couldn't blame Trey for being upset with Tyler .It's his brother and Gina is her best friend but I really couldn't live with the guilt of Tristan not knowing the truth. And regardless he is her family by marriage so I think she should have at least told Trey so they could have worked out a solution to help . But Gina girl ,you completely ,utterly messed up .

I must say this Arc was left on a little cliffhanger with an awesome bonus chapter which shows the psychotics of Tyler's family.It's absolutely sickening and the resolution was just IMO but I would the mother of Matthew to get hers soon.

Really this story was exactly what I needed .I thank the author for giving this ARC . You did a great job Andrea :)

I really really can't wait on 3 and 3.5 .Please Hurry !!!!

5 stars

SueBee★bring me an alpha!★ says

★★★★★! The Baby Series Lite, book 2 of 3.5. The continuation of Trey & Ty's epic family saga filled with danger, suspense, villains, lust and their growing all-consuming love.

"I personally guarantee you that you will carry all of the children that I can possibly give you. You were born to be a mother amongst other things."

Baby Series Lite is a newly edited and revised Anniversary edition of last summer's Baby Series. The author listened to reviewers' feedback as well as readers who were holding back on reading due to its length. In Baby Series Lite you will have the edited down version of same story, plus bonus chapters and bonus epilogues.

Baby Series Lite (book 1-3) is the epic family saga about Trey and Tylar and their extended and growing family. **Baby Come Back Lite (book 3.5) is the continued story about Tristan, Trey's brother and Gina, Ty's best friend** but also includes the Sinclair's. Since there is a mystery to be solved it's critical that these books be read in order, and as a set:

Maybe Baby Lite (book 1)

Baby Love Lite (book 2)

Be My Baby Lite (book 3)

Baby Come Back Lite (book 3.5)

Baby Series Lite - Omnibus to be released in late September

We first met Trey and Tylar in Maybe Baby (book 1). Much has happened since they first met. (view spoiler) **Baby Love (book 2)** picks up shortly after book 1. **It centers on the mystery behind Ty's past.** There will be much happening throughout; some **dramatic and frightening events and other simply**

wonderful news and developments. The bonus chapter, new to the Lite version, will shed some additional light on a dark aspect of Ty's past. And of course there is always some new drama with the Sinclair's.

"What's 'TTYL'?" Trey asked coming up to me.

"Talk to you later," I said.

"Well excuse me; what the fuck did I do to piss you off?"

"No Trey," I started laughing. My alcohol consumption was giving me a very nice buzz.

"TTYL are the first letter initials for the phrase: Talk To You Later."

Trey Michael Sinclair is one of my *all-time favorite alphas*; he is handsome and sexy, rich and successful and as the story progresses his layers are peeled showing many dimensions. Four words to describe **Trey**: **Captivating, possessive, authoritarian and unforgettable.**

Tylar Preston, Ty really developed and grew (up) in this book. Four words to describe **Ty**: **Resourceful, sweet, spunky and smart.**

In closing I'd like to comment on the precious Preston... (view spoiler)

"You heard her baby - she thinks (view spoiler) needs a brother or sister. Besides, it's been like four days."

Excellent story telling! Memorable characters! An engaging, humorous and very sexy read! Thanks Ms. Smith.
