Nicole O'Connor says

I have pored through most of the content but have not read it from cover to cover. On the whole, it is good and leaves the reader with a satisfying experience. Finding my way around took some time to figure out. If Zondervan Press simplifies that aspect, a more rewarding product would be at hand. However, once you got it figured, it works well. It is easier to read than a printed version. I like having the Kindle option--it's so much lighter!
