A Time For Vultures William W. Johnstone , J.A. Johnstone

Across the West, bad men know his name. The deadliest bounty hunter on the frontier, Flintlock is armed with his grandfather's ancient Hawken muzzleloader, ready to put the blast on the face of injustice. As William and J.A. Johnstone's acclaimed saga continues, Flintlock will discover an evil too terrifying and deadly to even name.

WHEN A MAN SAYS HE'S GOING TO KILL YOU, BELIEVE HIM

The stench of death hangs over Happyville. When Flintlock rides into town, he sees windows caked in dust, food rotting on tables, and a forgotten corpse hanging at the gallows. The citizens of Happyville are dead in their beds, taken down by a deadly scourge, and Flintlock must stay put, or risk spreading the killer disease. His quarantine is broken by Cage Kingfisher, a mad clergyman who preaches the gospel of death. He orders his followers to round up the survivors of Happyville and bring them home to face the very plague they fled. To save them, Flintlock must send Kingfisher to Hell. But the deadly deacon has a clockwork arm that can draw a pistol faster than the eye can blink. It will take the devil to bring him down. Or the frontier legend they call Flintlock.

William Crisp says

Steampunk and Clockwork Orange in the West

I like Flintlock. However the descent into fantasy regarding mechanized humans,etc was disappointing. Stick to the western genre which is why I buy your books. It already enough to swallow the whole Barnabas yarn.

Al Collier says

This is a total piece of crap! It is the worst book I ever attempted to read. Billed as a western it is a steampunk novel - heart valve replacements in the 1880s! I made about halfway before throwing it away!

Jerry says

Quite a ramble

From "cowboying" to fighting for life from outlaws to tangling with mad "engineers" and on to meeting with US Army.

Andy2302 says

The similarity to the old Wild Wild West TV series was OK but it all seemed pointless after a while. Find another Johnstone book to read.

kate says

A sci-fi western. Good idea poorly executed. This is the 3rd Johnstone book I've read and I haven't liked any of them. He's just not my type of author I guess. A dnf at 40%.
