Speeches

Even though I hate domestic violence I read this book. Most women going thru domestic violence can't see what others see and are blind by the "love". This book is a great read. I can't wait to finish part 2.

Tesha Joyner says

Loved it

Stories like this we hear all to often. As women we love hard & seem to let things slide at times. We keep making excuses or worrying about what someone will say or think. We allow ourselves to be hurt, abused, cheated on, lied to all because we love that person. First we need to love ourselves. This is for men & women if you have to keep asking yourself the same question over & over again times like that you need to let go. It is not worth your life, health, respect, dignity, or your pride. Let go & let someone who really loves you treat you as such. Domestic violence is not right regardless of who you are. It's best to leave sooner than later cause things can get uglier by the minute. This book is sad cause we all know someone who has been through this but stayed & may not have made it out. It should encourage you if you have done these same things in this book to move on. That is easier said than done but it can be done with help, determination, but most of all through prayer. This author has did a good job or with this book. Ready to get to part 2 to see how things play out. Just hoping it's a happy ending cause most of the time they are not.

Very Emotional

This was a very emotional read for me. As a survivor of domestic violence, I felt every punch that Demarcus delivered. I was once Solange, but I found the strength and courage to fight back and finally get out. People say that they can't or are afraid to leave, but I am living proof that you can get out. I was so hoping that Anna would have busted his head to the white meat. I can't wait to see what's going to happen next in part 2.

Shantel Hendricks says

Wow

Dang man this is a really hard book to read. It said to read a story like this and wonder why people in real life just don't leave. Solange is such a sweet and caring person who lost her way because of her husband DeMarcus?. I can't wait to see what happens with his career though. I hope she leaves him for good before it's too late.

Facts facts!

The first slap start taking note because this is what men do the love on you get you to settle and then try again, any woman going through this please do not walk run, I watched my mom get beat with a belt buckle and has child I couldn't do anything about it. Demarcus is a bitch

Latanya Garry says

A Sad Reality

Solange had her whole life planned out. Coming from a loving home with equally loving parents. Nothing could stand in her way of pursuing her lifelong dream or so she thought until she met Demarcus. Demarcus also has his life planned with becoming a professional football player. However once the fairytale was over. Solange find herself living a nightmare. Demarcus soon turned into the devil himself. I know it was hard for Solange mother Anna to know what her daughter was going through. Pam act like what her son was accused of doing was unbelievable. I hope Solange finds her strength and leave before it's too much late. I'm looking forward to part two.

I have a love/hate..

I love to read domestic violence books but I just hate how the women take so long to get out or some never make it out. It should definitely be a wake u call to anyone reading books like this that's in that kind of situation to get out. Very good book I love all of this authors book.

Please Save Me Before It's Too Late

Wow, wow and wow!!! Please Save Me Before It's Too Late by Lady L is emotional and good read. This is not my first time reading the domestic abuse. Domestic abuse is no joke. This author does a good job.

I'm not going to say anything about this book but I want to say two characters from this book. Solange is a intelligent and amazing person. She needs to pay close attention to Demarcus. She needs to look in the mirror and asked herself a question.

Child, Demarcus is a something else. He's definitely shows two different side of him to Solange. My question is: will Solange leave this situation with him and focus on herself? Technically, both of them need to get some help. Solange should listen to her mom.

I can't wait to read part 2 of Please Save Me Before It's Too Late.

Good Read/ Good afternoon

Satisfied Reader

Hot is an understatement. I can't believe Solange is allowing this man to ruin her. Knowing her dad has no problem handling the situation. I feel so bad for her because she thinks their marriage makes them bonded for life. In a way it does but she shouldn't have to be a punching bag. Her mom is 38 hot. They have a special place DeMarcus and I can't wait for him to make it there

Kim says

GET OUT

JUST WHEN SOLANGE PUTS HER GUARDS DOWN AND GIVES DEMARCUS A CHANCE HE ACTS A FOOL. EVERYTHING CHANGES WHEN SHE AGREED TO MARRY HIM. HE CHEATS AND HE HITS HER. HE CHANGED AND SHE DIDN'T EVEN SEE IT COMING. SHE STAYED AND DEALT WITH IT THINKING HE WAS JUST STRESSED.. NOW PREGNANT WITH HIS CHILD I HOPE SHE GETS OUT BEFORE HE KILLS HER.

Shirley Mcqueen says

Oh wow i hope she still leaves him

Man now she's gonna stay bc she's pregnant i hope she follows her mom's advice & leave his cheating behind i hate tht she got caught up like tht but she deserves better let him beat his side chick behind now on to part 2 to find out what she's gonna do

Shekie Johnson says

Please save me

I love these types of stories. Call me crazy I don't care. My favorite character in this story is Anna. Lol that woman don't play. Demarcus is getting out of hands. This time he went to far. Part 2 me please??

Kendra Huskey says

Another realistic banger by Lady Lissa

Lady Lissa is at it again with another domestic violence book. This was a great story to read and share with anybody going through this situation. The story didn't go off track with the subject hand. I loved how it was so realistic. Demarcus was the guy until he turned into a monster. You don't have to grow up around abuse to become the abuser. In Demarcus case this is what you see....no man in the home and was raised by a single parent. Where did this come from? Solange let her guard down for Demarcus and fell in love with a gentle guy. There were signs that she shouldn't have been with him. Sevyn vouched for him, but I think that changed when he started cheating. So much to read about in part one and I'm waiting see what Lady Lissa is going to have Demarcus doing next. I hope his mom talk some sense into his abusive ahh. I just hate that this is happening to anyone....great topic to push the issue on.

Dee Cherry says

I felt bad for Solange's predicament for she had no idea of the monster she married. Well told as their 1st encounters were explained. Her mom Anna told her the truth as she witnessed Demarcus' evil ways come to the surface. I thought this was a great beginning to the series as domestic violence is a serious subject that needs addressing.
