Miss Demeanor

Beth Rinyu

Miss Demeanor Beth Rinyu
Spoiled. Privileged. Brat.

What others saw as entitled, I saw as standards, and mine were high, especially when it came to men. The boys I wasted time on in college were now a thing of the past. I was setting my eye on the real deal: Rich, successful, nice looking, good personality preferred — but not required.

I had it all figured out, I'd live off my family's good fortune as I waited for my wealthy Prince Charming to sweep me off my feet. That was until my father decided to come up with his own ridiculous plan:

Move to New York City (good)
Take a job at a magazine owned by one of his friends (bad)
Cut me off financially after three months (worse)

All out of options, I headed to the East Coast to start my job. Feeling much like a princess being thrown into court with the commoners, I intended to fail, and fail miserably — that was until I was given an office with a view and my own advice column. Suddenly, working for a living wasn't so bad after all...except for him. Obnoxious, boorish, rude... take your pick. He was the exact opposite in my quest for Prince charming — except for nice looking and good personality not required. He hated me the moment he laid eyes on me and was determined to make my life a living hell whenever I was in his company. Little did he know, he had no idea who he was up against, I planned on matching his animosity toward me in ways he never imagined. But the funny thing was, the more he got under my skin, the closer he was getting to my heart, making me reassess the girl I once was and focus on the girl I wanted to become.

Beth Rinyu says

It's LIVE!!

I cannot wait for everyone to meet Rose and Alex in this enemies to lovers, romantic comedy. I had so much fun writing this one, and I'm hoping you'll have just as much fun reading it!

Yes, Rose is a spoiled brat in the beginning who may say and do things to annoy you at first....but it's all about character transformation! Hope you enjoy reading about the journey both she and Alex go on to make those changes.

GTR33GURL says

Loved it

I loved this book from start to finish enemies to lovers is one of my favourite genres and Alex and Rose were so funny trying to one up each other then slowly getting closer some emotional drama in there but a beautiful epilogue

Up All Night w/ Books Blog

Ladies –maybe gentleman too—, we have another hit on our hands! **Miss Demeanor** by Beth Rinyu is amazeballs!!

Spoiled Rich Girl – Check

Spoiled Rich Girl That Has To Get A Job – Check

Butthole Coworker – Check

Sexy Butthole Coworker – Check

Sexual Tension – Check, Check, Check!!

Rose is shipped off to New York by her father to live with her Aunt Kate and to work at a magazine. Being a spoiled brat who is used to just doing what she wants and spending her father's money, she never had any intentions of getting a job until she is forced to do so.

Alex has been hurt in the past by the woman he thought loved him. When he meets Rose he thinks she is just like his soon to be ex-wife, a spoiled brat all about the money.

Right from the start Rose and Alex hate each other. She thinks he is an arrogant dick and he thinks she is a spoiled brat. Granted she is a spoiled brat. As the story progresses you see just how much they mean to one another even though they argue and fight like cats and dogs. They have this attraction that neither one want to admit but you can tell it is there. It makes for some good laughs.

You will without a doubt enjoy this book from beginning to end. I wish there could be more of Alex and Rose!

Tianna★loves books★ says

This book was going too fast.
There's also lots of talking and less show going on.

Rose starts of dumb, brat and airhead. But the next we see that she is an efficient worker. She is doing a very good job. She is suddenly smart. We don't get to see any growth of her. It just happens out of nowhere.

The H is some frustrated broody guy. He hates the h on the spot. Also he gossips and backbitch about the h. Wow. What a guy!

In one scene, she tries to move her chair which makes an...inappropriate sound. And suddenly she is explaining that she didn't FART, it was the sound of the chair. I don't like toilet humour.

There's so much more drama coming up but I am not game for it.
Not for me.

Catherine Wright (Cat's Guilty Pleasure) says

I absolutely loved everything about this book. The characters were amazing even if I really wanted to smack Rose a few times. After you get to know her and understand her you really fall in love with her. The story was very sweet and the secondary characters were amazing. This one will definitely pull you in at the beginning and not let you go. This was also my first book by this author and I will absolutely be looking for more of her work.

Jacquelyn says

Rose is difficult to connect with and definitely not likable at the beginning. If you can get past the first couple chapters, the whole book really opens up and is quite enjoyable. There are also some great twists towards the end. Beth Rinyu has written some of my favorites and this book was great as well! It doesn't pull at the heartstring too much, but still gives you the feels at times. Both characters had a great progression and kept my attention the entire time! Another hit for me!

Read.Review.Repeat Blog says

One tiny ripple can evoke big changes. Such is the life of Rose, she was spoiled and acted entitled until she encountered Alex. Their first impressions of each other set their relationship on a trajectory of instant dislike, but hate and love are very close to the same edge of the sword. Both needed to grow and mature and slowly their relationship morphed into one of intense passion and love. This story has all of the best elements, sweetness, angst, drama and at the end, just love. I very enjoyable read.

Just Lily says

3.25-3.5 stars

Because it was stated in the blurb that h is a spoiled brat, it didn't annoy me that much. I felt that it was purposely done for the character so that we can see her mature over the time. So I kept reading, and I am glad I did so. She was as awful as you can imagine her to be. At first. But she did grow over the book and I even took liking to her. Hero in the story hated her from the moment he laid eyes on her for the same reasons we did, so it was funny to see them going against each other on the daily basis.

Tanya Turner/ Sugar Shack Book Blog says

I've read many friends to lovers romances but I'm not sure I ever read such a fun yet intense enemies to lovers story! Beth always knows how to pull the reader in. She creates the most fun, electric, pompous, head strong, sexy, etc etc etc characters! I can honestly say I've read every single book of hers and there isn't one I haven't absolutely loved.

Rose is your typical little rich spoiled girl sent off to New York City by her Dad to get a taste of the real world. After moving in with her Aunt, she's thrown to the wolves and begins a job at a popular magazine. Having to adjust to her new life and changes isn't easy for Rose and when you throw in her new coworker Alex who seems to instantly hate her, it makes it that much more difficult. But she's a feisty one and gives it all right back to Alex.

Alex is fighting his own demons and has no desire to give Rose the time of day. He's stuck in the past and deflecting it all on her. The hate and love pull with these two was intense, and the banter hilarious at times. Their relationship and lives definitely go through many changes, some of which I never saw coming. That's classic Rinyu for you though, she loves throwing those curveballs at us. Miss Demeanor was incredible and I loved every second of it!

Three Chicks says

5 stars

review by Jen Skewes

Beth Rinyu has been a go to author for me since reading *The Unplanned Lesson*, what seems like forever ago. If Beth writes it, I will read it, no matter what. I don't even need to read the blurb. I have read every one of her books and can honestly say that there is not one book that I did not like. She continues to amaze me every time with her stories, the characters that she creates that are sexy and fun, and her ability to just suck you in from the very beginning. All her stories are different in their own way. This one being a enemies to lovers story that I absolutely loved!!! A rich snobby heroine who I thought for sure I would not like and sexy hero with his own issues and wants nothing to do with said heroine.

Rose is a rich girl who has no problem spending Daddy's money. She is his little girl in every way, but when she makes one too many mistakes, he decides to completely cut her off financially, sends her to live with her aunt in NY and even gets her a job at a magazine. She is completely shocked, but has no choice. She is going to make the best of it and maybe in the process she will prove to her father and even herself that she can get by on her own.

Alex has his own issues that stem from his ex-wife. When he meets Rose he puts her in the same category as his ex, therefore hating her and wanting nothing to do with her. But they work together, so avoiding her is not going to be easy. But he can try to make things difficult for her. Rose and Alex have an interesting relationship, he cannot stand her and at first she is not really sure why. But maybe Rose really isn't the woman he thought she was. Or maybe she is but working on her own has changed her. Either way things start to happen between the two of them that he certainly didn't see coming. And that is what makes this story so much fun and enjoyable to read. Seeing these two turn from enemies to lovers is fun and sweet and I loved it. Not everything is perfect and there are obstacles to get over. But to see the two of them grow in the way that they did was so amazing to see, especially Rose.

I will admit when I first started reading, I was not sure how I would relate to Rose. But as time went on I completely loved her. She grew as a person and I think we begin to see the real Rose and that is what I loved. Alex had his own issues but I loved him. The back and forth banter between them will make you laugh but love them even more for it. From the moment they met that were at war with each other. So seeing them go from that that to more was fun to watch. And in true Beth Rinyu fashion there was a twist or two in there. Another great job by Beth. I absolutely loved it and adored the characters.

KAT ? Kitty Kats Crazy About Books ? says

MY REVIEW can also be found on my blog:
KITTY KATS CRAZY ABOUT BOOKS

MISS DEMEANOR: Is a full length romantic comedy by Author Beth Rinyu.

Rose is your typical spoiled rich girl and daddies little princess, so it comes as a bit of a shock to her when her father financially cuts off her extravagant spending and sends her off to New York to live with her Aunt Kate to give her a taste of what it's like to stand on her own two feet, earning her own wage, and she's placed into a job working for a magazine where he pulled some strings with a close friend of his.

She's not happy with this new arrangement and wanted to even sabotage the interview but soon realises how much she actually enjoys her new found freedom and job the only downfall she struggles with are her battles with the owner's nephew Alex who disliked her from the moment he met her. He's seen females like her before and pegged her in the same money hungry category as his soon to be ex wife, and doesn't want

anything to do with Rose.

This one was such an enjoyable read, these two butted heads as soon as they met, it took a while for the ice to thaw, a tug of war of barbs were exchanged multiple times. But when they were thrown together within the work place they realised how wrong they actually were with their preconceived opinions.

I didn't think I would connect with Rose's character, daddy's little Princess who never had to work a day in her life, once she started working and coming into her own though, she grew on me, because as you progress further into the book you see the real Rose take shape, she's got a huge heart which she wears on her sleeve. And I think the author portrayed her character perfectly, they say never judge a book by it's cover but that's exactly what we all did when confronted with Rose's character.

Lindsey Kramer says

This book was awesome! I couldn't put it down until the very last line. I finished it in three days. Beth has become one of my favorite authors. I've read two of her books besides this one. They're so different compared to this one because this one was a hilarious rom com. Alex and Rose were both so endearing in the end that I didn't want their book to end. Now I think I want to know what happens between Brock and Marisa! ;-)

Angel says

Beautifully written

I loved Rose and Alex. What a fantastic story. It's got it all.

Such fantastic humor. It wasn't overly done. Just the right amount of sweet and spicy. I could watch these two banter all day! I adored them. The writing was superb and the story telling perfection. I just loved loved loved this book.

One and Alex will keep you turning the pages.

Oh and that little twist you won't see coming? Yeah that! WOW!

Shirley Cuypers says

Original review

This book was provided by the author through Xpresso Book Tours in exchange for an honest review. Thank you Beth Rinyou and Xpresso Book Tours!

Miss Demeanor is a Contemporary Romance book about Rose who has it all and Alex who cannot stand girls like Rose.

Miss Demeanor is such a fun and fast paced Contemporary. I really enjoyed reading Alex and Rose's story and I couldn't put this book down. I was just so addictive and I had to know how the story was going to end. I read this book in two days and I can tell you that it was one of the best books I read this month!

Rose and Alex are amazing characters. I couldn't stop laughing with them because they were so mean toward each other, when in reality, they both had feelings for each other. I really liked how much Rose changed and grew as a person. She was such a brat, sorry, but now she's such a caring woman and that's one of the things that I really liked in *Miss Demeanor*. There was good character development, and that's something really important for me.

Miss Demeanor was so well written and I really enjoyed Alex and Rose's story. I highly recommend this book if you're looking for an amazing Contemporary Romance read, and I need to read more books written by Beth Rinyu!

Book-Bosomed blog says

DNF

"I knew he [father] was expecting the same hard work and dedication that my brothers had shown when they had graduated school a million year ago, but I shouldn't have been held to the same standards as them. I was a girl after all. It was the man's place to take care of me."

That quote.... *shakes head* My god! I just...can't! I couldn't get past it.

I tried. I read another chapter or two.

But I kept coming back to that quote and the fact that a heroine is sputtering that kind of nonsense in 2018. Sure there are "modern" women still living in a pre-Women's Rights Movement mentality, but to have the heroine, the person I'm supposed to be connecting with, espouse these kind of beliefs....

Nope, Nope, Nope.

That kind of statement goes beyond simply being "spoiled." It displays a total lack of respect for your own gender alongside utter ignorance of the history of your own gender.

I can only hope that the rest of the story is the heroine's enlightenment....her awakening.

But it already lost me by the failure to connect with the heroine.
