Moje dětství ve světě Witch. Na tyhle strážkyně nezapomenu, provázeli mě celým dětstvím a já jsem do nich byla úplně "zažraná". Will, Irma, Taranee, Cornelia a Hay Lin, všechny jsem je milovala. Nesmím zapomenout ani na Elyon, i když udělala pár nesprávných rozhodnutí, samozřejmě i další důležité postavy: Věštkyně, Caleba, Joela, Orube, Cedrika, Matta, Luka, Erica, babičku Hay Lin.... Rozhodně to byla má nejoblíbenější dětská série, ať už komixy nebo seriál. Doporučuji všem mladým slehánám. ;)

This is the book that introduced me to W.I.T.C.H.  
I LOVE everything about it! The story line, the drawings, that feeling of pure nostalgia \*sigh\*  
Anyone with me?

The Four Dragons

PLOT: The principle gives Hay Lin the job of coming up with a story for the class to perform for the school's play. Hay-Lin decides on a story based on a legend passed down in her family about Four Dragons. The story turns out to be the origin story of where W.I.T.C.H.'s powers come from. Meanwhile, the Grumpy Sisters try to cause a split in the group by stirring up bad feelings between W.I.T.C.H. with lies. Will receives a call from a teacher (that's been passing herself off as human but is actually from another world) and informs her that a portal is open and the child of a friend of hers has gotten loose and escaped. It's up to W.I.T.C.H. to find the child and bring it home safely

MY THOUGHTS: I'm surprised that the story didn't go anywhere with the Grump sisters. I was half expecting them to be a part of Cedric's army and thus have some kind of powers to bring bad feelings. Kind of like the opposite of what Jasper (from Twilight) can do. I think the story missed the mark there because otherwise the Grump sisters just seemed kind of pointless. And to have W.I.T.C.H. so quick to distrust each other and jump down each other's throats so quickly made me think WTH?! Sometimes WITCH can seem so out of sync. But then I guess they have their ups and downs like all teens and this is how they're supposed to look. I liked the tale of the Dragons. I think this was the book's strongest point. And I liked seeing the twist of using how the Dragons were portrayed in such a good way. Usually, they're seen being vicious and destroying everything in their path with fire. The alien child's escape I don't really have much of a comment for.

I loved this series! All of the different girls had their own individual personalities that made the series more enjoyable to read. Also, of course the cool magical powers was a plus. I loved the character relationships and adventures the girls got themselves into.

## **Siobhan says**

Ah, W.I.T.C.H. So much of my childhood was spend obsessing over the series. The books. The comics. The cartoon. The merchandise. You name it I was into it.

So why only the three stars if I loved it so much?

Well as time went by, I grew disinterested in the series. I went along with it mainly to see how it ended. I simply wanted to know what the final outcome was.

Surely that is not enough to merit three stars? You loved it!

I did, but that was because I was a pre-teen with very low expectations. This came before my vampire-loving period, so you can imagine what my standard was like. Don't get me wrong, they're not bad books – they're simply not something I can go back to now that I'm older.

Thoroughly enjoyable at the time, but not quite so much now.

My six-year-old checks these out from the library, pretends to "read" them, and then makes up stories about them. (She'll only let me read her a chapter or two before her imagination takes over.) Way better than all the \_\_\_\_\_ Fairy (Color Fairies, Flower Fairies, Holiday Fairies) books, but I still wish she'd let me read her Harry Potter.

I felt this was a good book in this series to read since I hadn't read this series in a while, the four dragons keeps the original young people charm from it's predecessors.

### **Emily Theroux says**

This was an amazing book about five girls who go on an adventure. I like The way this book is written because it is written by each chapter is what one character is thinking so you know what they think about another character or how they feel. In this book Hay Lin writes a play about an old legend her mom told her about and then it turns out that in a way they are living the legend. At first the girls are nervous but they help a boy and save the day in the end. My favorite character is Coriline, She is a brave yet scared girl who can control the earth and she is amazing at what she does.

I also like Irma because she kind of reminds me of myself. She controls the water. Hay lin is a jumpy happy girl who can fly and control the air. Will is the leader who has a strange power that she doesn't fully understand yet, but she can make furniture talk! Taranee is a shy girl who can control fire and when she is fighting others she gets kind of cocky. This is an amazing book but it is in the middle of a series and only some people can appreciate this book.

Ma fille adore ce livre ; c'est assez surprenant, quoique construit sur le schéma usuel du 4 (+1), soit le nombre exotérique et le nombre ésotérique.

I used to like these series. Now, I don't think they're so good anymore. I got up to number 12 or something like that, and they've gone up to #26 or something... and they're still coming out!! I'm not really interested into them anymore, but I used to be.
