## **Burnin' for You** Jamie Lynn Miller

*This edition is out of print, but a revised, updated, combined edition is now available: Burnin' for You (Books One and Two).*

Lucas Taylor is a hard-working New York City fireman at Station 127, dedicated to his job, even though it has brought him heartrending tragedy - the loss of his lover, Ryan, in an explosion a year ago.

Evan Singer is the new guy in town, a paramedic transferred into Station 127 from San Antonio, and he sets his eyes on Lucas from the get-go.

Neither knowing who the other is, their first meeting is explosive, a night of passion and desire that awakens something inside Lucas he never thought he'd feel again.

But when Lucas discovers that Evan is a paramedic, it all comes crashing down. For despite the feelings he has for Evan, Lucas has vowed to never again get involved with someone on the job, after losing Ryan to it.

Can Evan convince Lucas to open up his heart and take a chance on love again, despite who Evan is?

## From Reader Review Burnin' for You for online ebook

### Ami says

Nice story about a firefighter and a younger paramedic. I think the story is really good, in the first few pages, to show the feeling of losing someone, that needs to drown it in drink. I like Lucas and Evan enough to want to read the sequel :)

---

### Sadonna says

Good setup to a relationship with Lucas and Evan. Lucas is out drowning his sorrows on the anniversary of his lover's death when he meets Lucas. There is a spark there so they go home together. Evan would like more than a one night stand, but Lucas doesn't feel like he's ready for that. He decides maybe he is, but then he is surprised when he sees Evan again and decides he doesn't want to be hurt again. There are obstacles to overcome, but Evan really wants Lucas and Tom, Lucas's best friend thinks it's time for Lucas to move on.

It's a nice story of a second chance at love despite the risk.

---

### Linda-Grace says

Enjoyable and hot read.

---

### Shelly says

I looked for more books by Miller after reading her Broken Soldier. Burning for You was good but I didn't find it as riveting as her other book. I liked the characters and the story was decent but didn't find as much of the connection or drawn to the characters. It is a nice story and an enjoyable quick read.

---

### Grammy 1 says

I met Jamie in Tampa while we sat next to each other at RainbowCon. What a sweet, charming young woman she is. I am ashamed to say as a reviewer, I got bogged down in reading and have been remiss in reading her book in a timely manner.

Jamie has combined two novellas for these story into one novel. I must say it was a great move. Firstly, this is my first read for this author. I found she has made sure she strongly researched the workings of a fire team and a medical team, working together for the service of the public. They give their all, risking their lives for everyone they come in contact with.

For this story we meet Lucas Taylor a NYC fireman who lost his lover Ryan in a tragic accident. A need to drown his sorrows and needing human contact, Lucas has a hook-up at a neighborhood bar with a sexy stranger.

---

Evan Singer is a paramedic transferred into Station 127 surprising both men after sharing that night of passion. Now between riding with Lucas on the fire truck, and riding with Evan as part of the paramedic team we get to see the horrors of fire and the terrible risk these people face not only daily but hourly at their jobs. The words on the pages raced as I felt the heat, smelled the smoke, saw the blood and all the aftermath ; at what a blaze does to the building and inhabitants.

When Lucas discovers that Evan is a paramedic, you can only groan....Will Lucas turn away????? There is sooo much more to this story. Do not want to give spoilers.

Since this is my first read for this author, I had no expectations, so I must tell you that the strength of this author's storytelling made the reader live the job first, then love the characters more. There is a wonderful story here and this book will not be my last.

A wonderful read!!!! Thank you Jamie....I will need more to read of yours!

### **Elisa Rolle says**

Lucas is a firefighter. He lost his lover and fellow firefighter two years before during duty. Now he is lonely and doesn't see an end to his pain. But one night he meets Evan: Lucas is in a pub trying to forget everything in the drunkenness and here arrives Evan, young, solar and friendly. They spend a night of passion, and even if at first Lucas thinks at it ligh a one night stand, the morning after Evan asks him to see each other again. And Lucas decides to try to move on on his sadness and to give a chance to this blossoming love.

But on Monday morning Lucas discovers that the new paramedic working with his team is Evan; Lucas can't accept to start again a relationship with a man who risks his life everyday and he really try to forget Evan. But everything seems to conjure to prevent him and Evan first of all, he doesn't want to accept that they can't have a chance together.

Burnin' for You is not very long, less than 80 pages, but it's very romantic and also pretty erotic. Both Lucas than Evan are nice characters, but I like better Evan, he is so young and full of passion, he still sees the world through pink glasses. All in all the contrasts in the book are not too much harsh, and for this reason it's less angst than expected.

This is a pretty classic romance, and firefighters are always favourite in romance genre. A nice starts from an author I think will give us other interesting stories in the future.

### **Bogusia says**

I'm impressed!

This was a great short story and definitely on my "Favourite Short Stories List" :)

---

### **Lorraine says**

"Burning For You" is a wonderfully written story about a guy who is reluctant to get involved in a relationship due to the tragic death of his boyfriend. The author couples this characters' emotional turmoil, loss and on-the-job risks and injuries with a hint of suspense in this tale. The reader is drawn in immediately and taken on an exciting journey and is provided with a very satisfying and enjoyable read. The author's writing style and sentence formation in this book is excellent and if you're not a fan of hers yet, you will be after reading this book! I'm looking forward to the sequel, to this book - "Where There's Smoke..." - with anticipation!

---

### **Alina says**

I'm currently reading through Best Gay Firemen/Paramedics/EMT's list and this book's my next pit-stop :)

I loved it!

The characters are very sympathetic, strong and likeable and the main obstacle in their relationship fortunately wasn't the banal 'no fraternization' rule aka 'we work together - therefore we can't have a relationship' (I'm so tired of it!). Instead it was neatly tied with the death of Lucas' boyfriend Ryan and his worry about being in a relationship with another fireman/medic, because of their professional risks and the risk of losing another loved one.

The accident in the epilogue was rather unexpected - I was shocked, tbh - but the resolution was very satisfying.

### **Don Bradshaw says**

This was a great read and one of the best short stories to come along in a while. Fireman Lucas Taylor is in a bar grieving over his lover killed in a fire one year ago. Evan Singer is in the bar celebrating his new job with friends when he meets Lucas. They spend a great weekend together but can Lucas set aside his grief when he finds what Evan does for a living? This story is a must read.

---

### **DL says**

Great beginning. Luke's pain was real and I felt for him. I liked Evan and his easy going ways. I am glad that the author combined the two books because if I had paid a separate price for the second book, I would not have been happy. What I didn't like were all the injuries. Over the top and the men seemed to take turns needing comfort. What drove me batty was the introduction of all the other firefighters, most of whom did not feature in the story whatsoever, by Age. (Example only. Not a quote. "Meet George. He is a 28 year old

firefighter. And here is Henry. He's 26. ..") The story was set in lower Manhattan. Every fire had its exact location listed, to prove the story was set in NYC because, other than that, it could have been set anywhere. Oh, and the thought of those guys renting in Tribeca on their pay had me laughing out loud.

## Gigi says

*This review is for both Burnin' for you and the sequel Where There's Smoke*

Now *this* is how you write a fucking M/M romance firefighter book!! Burnin' for you and the sequel Where There's Smoke has two hunky, passionate men, one a firefighter, the other an EMT, both speeding towards one another, ready to explode with lust. Love isn't far behind as they deal with career changes and the death of a former lover and just enough angst to bring them together with an even stronger bond. M/M romance perfection! Add in the best of the best in firefighter action and, *woo boy*, we got a winner! These cute boys see **TONS** of action and both get hurt a **BUNCH** of times and end up in the hospital quite a lot. We've got bedside confessionals, nail-biting waiting room moments, angry "I thought I was gonna lose you!" shower sex, etc. etc. Just a whole heap of fabulous hurt/comfort angst for these boys. They are really put through the wringer for our enjoyment. And did I mention the stalker yet? Or the last minute confession of child abuse? Well, there is that too. Plus a few more surprises.

So, obviously, suspend disbelief and enjoy this pretty far-fetched tale about these gorgeous firefighters and their extraordinary lives. It makes for the best kind of reading and I couldn't get enough. **Highly, highly recommended.**

---

## Rachel Emily says

Loved this book...just smokin' hot. I liked the group of characters and setting. I'm starting the sequel right now!

---

## Dakota Storm says

Wow! Great story, very quick read but very emotional, sweet, loving and sexy all in one. Lucas lost the love of his life and he's still trying to come to terms with it and in comes Evan. Evan is sweet, sexy and wants Lucas bad. They are both sexy as hell and have painful pasts but they have each other too. Very sweet, romantic and emotional read and well worth the tears, loved it. Can't wait to read more by this author, great story, sexy as hell too these characters are hot as hell together . 4.5 stars review by Nanee at [upallnightreadallday.blogspot.com](http://upallnightreadallday.blogspot.com)
