At The Master's Feet Sadhu Sundar Singh

The words of Christ—

“Ye call me Master and Lord: and ye say well; for so I am.” (John xiii. 13)

“Take my yoke upon you and learn of me . . . and ye shall find rest unto your souls.” (Matt. xi.29)

There is nothing so perfect in the world as to be quite above objection and criticism. The very sun which gives us light and warmth is not free from spots, yet notwithstanding these defects it does not desist from its regular duty. It behooves us in like manner to carry on to the best of our ability what has been entrusted to us, and strive constantly to make our lives fruitful.

When the truths set forth in this book were revealed to me by the Master they deeply affected my life, and some of them have been used by me in my sermons and addresses in Europe, America, Africa, Australia, and Asia. At the request of many friends I have now gathered them together in this little book, and though it is possible that there are defects in setting them forth, I am sure that those who read them with prayer and an unprejudiced mind will benefit from them as I have.

It would be impossible for me to set forth these truths that have been revealed to me except in parabolic language, but by the use of parables my task has been made comparatively easy.

It is my prayer that as God by His grace and mercy has blessed me by these truths, so also they may be a blessing to every reader.

Your humble servant,

Sundar Singh

Completely fascinating. This man had a short but remarkable personal history. "At the Master's Feet" is mainly a sort of dialogue between the sadhu and Jesus, where the sadhu (Disciple) asks questions of Jesus (Master). I'm under the impression that these were originally teachings that the sadhu gave aloud, which were later compiled. The questions show a great awareness of common spiritual misconceptions or objections, and the answers line right up with the biblical record.

The edition of the book I read (on Kindle) had an accounting of some visions the sadhu received, tacked onto the end. These are a little less biblically verifiable (though not entirely unverifiable, and the clarity and validity of the first half of the book seems to validate these as well), but they're certainly intriguing and interesting reading.

I recommend this book and kind of wonder why, in an age when Eastern spirituality is so popular, Sundar Singh isn't a little better known and more widely read.

I enjoy the plethora of images he uses to express spiritual truths, coming from a variety of angles to illuminate an idea.

Overall good book. There were some theological issues I had with the book, but the analogies were great!

Beautiful imagery and very thought-provoking.

Christian book, originally written in Hindi. The title, as the book explains, is about how it is better to serve God than try to achieve greatness among other people.

Most of the book is about how to live as a Christian, and is written in the form of questions that a believer may ask, followed by answers from God, mostly written through Biblical text.

Overall, this was an enjoyable read and the Biblical knowledge seemed very detailed. It was good to be reminded of how not to live in the way the world expects me to live, but in a way that is pleasing to God.

What a great book to read! When I read this book it gave me a full insight to the Gospel of Jesus Christ. It is an eyeopener. I would encourage all to read it.

Most people with questions about Jesus will have them answered in this short but most powerful book. Changed my life, which was already very spiritual...

One quote of the many that spoke to where I am now...

Some say that desire is the root of all pain and sorrow, therefore it is not right to desire happiness in heaven or in communion with God, for salvation consists in killing all desire. To say this is as great a folly as to tell a thirsty man to kill his thirst instead of giving him water to drink, for thirst or desire is part of life itself. To take away desire to thirst without satisfying them is to destroy life, and this is not salvation but death. Just as thirst implies water, and water is intended to remove thirst, so the existence of desire in the soul implies the existence of true happiness and peace. When the soul finds Him who planted within it that desire, it receives far greater satisfaction than the thirsty man does from water, and this satisfaction of the soul's desire we call heaven. - Singh - At the Master's Feet

This is truly a beautiful book and well worth reading again. This book is by Sadhu Sundar Singh, a holy and devout man who fervently sought a true relationship with God (not His gifts but Himself) and offered himself up as a sacrifice to God daily for God's Glory and the fulfillment of God's will in his life. One day, while praying, Jesus appeared to him. This book describes the conversation that took place.

An excerpt from the chapter on prayer:

The disciple asks:

“Since God is fully aware of our needs, and knows how to supply them in the best way, not for the good only but for the evil, how should we pray to Him about them? Whether our necessities be temporal or spiritual, can we by our prayers alter the will of God?”

Jesus answers:

Those who ask such a question show clearly that they do not know what prayer is. They have not lived a prayerful life, or they would know that prayer to God is not a form of begging. Prayer does not consist in an effort to obtain from God the things which are necessary for this life. Prayer is an effort to lay hold of God Himself, the Author of life, and when we have found Him who is the source of life and have entered into communion with Him, then the whole of life is ours and with Him all that will make life is perfect. To evildoers, God, out of love for them, gives what is necessary for their life in this world, but their spiritual necessities He does not even show to them, as they have no spiritual life.

Here are the topics covered in this little book.

I. The Manifestation of God's Presence

II. Sin and Salvation

III. Prayer

IV. Service

V. The Cross and the Mystery of Suffering

VI. Heaven and Hell
