### Julieta Steyr says

Una cantante en crisis como Christine Gray se arroja desde un puente en un pueblito olvidado para suicidarse, con tanta suerte que una enfermera que pasaba por allí, vestida de payaso, se arroja para salvar su vida. Y lo logra. Ese será el inicio de una relación que comienza con el agradecimiento, pasa por la amistad y cada vez se va fortaleciendo más y más hasta concluir inevitablemente en amor.

Excelente romance, excelente tempo, no se apresura, realizado con ganas. Realmente fue un placer leer a "la vieja Kim" por más saltos que tenga en algunos momentos en la estructura de la historia.

3.5

You will find a few tropes here:

- Slow-Burn
- Celebrity Romance
- Friends to lovers
- Toaster Oven

But this book also contains some TW: Abuse, Suicide so be careful there if those are topics that can affect you.

The MC were nice and although the book is a bit long I think is necessary to set the pace and the romance was well managed.

Overall it was a nice read, I kept comparing the book with "All that Matters" and that messed up the experience for me but it is a good book.

I didn't like this as much as her other books I have read. The storyline seemed forced and even the first sex scene almost came off as a bit of a rape in a way...I love her other books but this one..um..not so much. Still worth the time spent and it did get better as the book went on.

En realidad es un 4 largo, y si lo pienso un poquito más le doy un 5, generosidad de inicio de año?. No. Se lo merece, realmente lo disfruté muchísimo. Es de esos libros que atrapan de principio a fin, que te van llevando y no puedes despegarte de ellos. Todo va transcurriendo como debe ser, sin apresuramientos ni exageraciones, cada pieza va cayendo en el momento y el lugar indicado. Un muy buen libro para terminar el 2017 y empezar el 2018.

I thought this one was pretty good. Didn't particularly wow me, but it was a solid read. Book number 17 done :) Christine the music star meets Willow the country girl. It's a slow burn for sure. Gotta have patience with this one, heh.

4.5\*

I really enjoyed this read. At first I was but nervous because it seemed Willow and Kevin were perfect and that would ruin the main characters romance...but Kevin became a douche and like a really big douche so it worked out for the story. Overall a really good read...certain aspects I would have liked expanded upon like her work situation and Rachel seemed to have disappeared at one point in the story where you would think she would have present.

Regardless, an enjoyable free read. Fans of Pritekel will enjoy in

### **Shay Caroline says**

Nurse Willow Bowman jumps into a river--in a clown costume--to save suicidal rock star Christine Gray. Christine is one of the most unforgettable characters I've ever met (swoon!) and the author has a marvelous way of describing small details which just say so much. While "Twilight" isn't quite as good as "Lessons" in my opinion, it is still really excellent!
