Taken By Him Hannah Ford

Introducing Taken By Him, book four of Obsessed With Him, the dark and sexy new series from bestselling author Hannah Ford...

Some promises are meant to be broken...

Twenty-year-old Olivia Reilly has promised herself to one man and one man only – her best friend and soulmate, Declan Keene. And she’s kept that promise, through countless foster homes and moves across state. She’s never even kissed a boy – all because of a vow she made to Declan years ago. There’s only one problem. She doesn’t know where Declan is.

Enter Colt Cannon. When Olivia starts working for the sexy and dangerous bad boy, she asks him to help her find Declan. Surely someone with Colt’s money and power will be able to track him down. Colt agrees, but he also demands something of Olivia in return. Something dark, sexual, and dangerous that will test her will and push her self-control to its limits.

But as Olivia’s about to find out, sometimes the pleasure is worth the pain. And some promises are just begging to be broken...

If you want read something short and not complicated at all, this series is for you definitely. For me it was below the average and to little ambitious.

Book 4 of this series each book pulls you in a little bit more there is a bit of drama and a good storyline, good characters. I am enjoying this author writing and yes, I agree the books are short. However, each book leaves you wanting more and this one with that ending. Onto the next

Cheri Pardue says

READER/BUYER BEWARE: This author knows how to rip the customer off by offering short stories where the storyline never ends. These books offer bonus books that you find after a few short chapters, and those too offer short stories getting you to buy MORE BOOKS to find the conclusion. Each book is ridiculously short and there is no group deal. For the cost to read the beginning to end, you would think this author would employ her skills in editing her multiple books by spell checking. I did like the storyline, but I can't like the author who intentionally rips off the customer.

Just when one cliffhanger gets resolved we move onto the next one in this six part novella serial. What will Olivia do next and what is with Colt's bipolar moods?!?

Beth Morris says

Wow

These books are amazing. I read the first three as a set and I just can't stop. They are wonderful. I can't wait to read the next one.

Mary Reed says

This series is even worse than the He Wants series. It's the same exact annoying formula of fucking and fighting that made her other series so laborious to get through. There is also an amazing lack of human decency between the characters. Also, the writers grasp of SIB comes across and superficial and that's annoying too. If the male protagonist is supposed to have an understanding of this behavior he much too

often a douche canoe at critical moments and she needs to run for the hills.

Taken

Wow, this series has some of the best cliffhangers. I am loving this series more and many more with each episode. Declan who? Colt what? Book five seems to be where the answers will be.

Great!

This was a very good little short book. I read the first three books in one of the What He Want series. But this is a pretty good book. I really wonder what's going on with Colt, what is he up to is he really a nice guy? Enquiring mines really want to know.

Catherine Iriarte says

I haven't figured out if Colt cares for Olivia or not? Oliva seems to act before she thinks. Will this get her into more trouble?

Judy G Soefker says

Great series

Have read books 1-4..Great writing...really like good romance with a twist! Enjoy the storyline and can't wait to read book 5!

Lisa (Remarkablylisa) says

Like all short books sold on Amazon Kindle, this one leaves you on the edge of the seat with it's cliffhanger.

Anyways, the story is riveting and well worth the read. Highly recommend it! I'm so interested to see what happens next!
