Lost in You Serena Grey

One night.

One love.

One heart.

One forever.

The concluding part of the Swanson Court Trilogy

What do you do when you take a leap of faith, and you don't get what you expected?

You move on.

That is exactly what Rachel plans to do, to put aside her heartbreak, and concentrate on her work and the people she loves.

But Landon is not easy to forget. When he reappears in her life, is he offering the perfect ending she wants more than anything, or just another flirtation with heartbreak, pain, danger, and devastating loss.

Didi says

The last book in the Swanson Court series was great. All my concerns from the previous book were resolved, any lingering issues I had, put to rest.

Rachel grew a lot for me in this book. She was no longer the insecure, always questioning herself and Landon, woman from the past. This time around, her concerns were well founded but the difference was also in how she approached everything.

This picks up right where the story left off in book two. Rachel has walked away from Landon believing he wasn't capable of committing to her and loving her the way she wanted. She showed some strength during this period of time and I loved seeing that. The majority of the book was what we all wanted to see. Landon and Rachel have come a long way to be together, and tackled obstacles so much better than before. There was some angst, some very sweet moments and plenty of steam.

The last third was quite intense and had me glued to the pages. There was a beautiful epilogue and a future scene between Rachel and Landon that I loved. I'm so happy with how this series ended!

3.5 Sweet Stars****

(ARC kindly provided by author in exchange for an honest review)

Lost In You is the conclusion to the very sexy story of the gorgeous hotelier and the reporter who met under very peculiar circumstances. The city of New York plays the perfect backdrop for a sensual story where two lost hearts finally find each other...

Rachel left Landon in San Francisco after a night of heated passion that concluded in heart break. She had confessed her love to him but his fear of commitment has once again pushed her away.

When Rachel gets back in town a few surprises await her. Her ex lover Jack is leaving the magazine where they both work, her cousin has not only reconciled with her boyfriend but is now marrying him and the dream job she had applied for years ago has called her in for an interview. A lot of reasons that should make Rachel happy but her heart feels empty without Landon in her life.

Determined to forget about him, Rachel submerges herself in work and in the preparations for her cousin's destination wedding.

A few weeks later she receives the surprise of a lifetime when Landon finally comes back to her to tell her not only that he loves her but that he is ready to be with her forever. For these two passionate lovers it will be very easy to get lost in each other, but Landon's past comes back with devastating force, threatening to separate Landon and Rachel, forever.

Will their new love be strong enough to survive?

Read this romantic story and find out...

AMAZING, TRULY FREAKEN AMAZING!!!!

What a beautiful ending to this series!! I LOVED IT!!!! This whole series ROCKED!!!! I usually only read books on KU, But I fell in love with this series and could not help myself. THIS IS A MUST READ SERIES!!! One you can't put down. It like a hot bath with Callgon n candles, you just get swept away.

Francoise says

4 stars

In this final part of their story, travel writer Rachel Foster has once again left hotel magnate Landon Court. Heartbroken, she can not forget him. But Landon is only giving her space, he has not given up on her. As it happens, this separation gives them both the time to decide what they want and to accept the vulnerability that comes with love.

"You're my weakness, you know, and my strength. My everything."

But are Rachel's love and trust strong enough to face Landon's jealous ex-girlfriend ?

I really enjoyed reading the Swanson Court trilogy that concluded with a wonderful epilogue, and will definitely follow this author in the future. I hope there will be a book for Landon's brother, Aidan !

I received a copy of this book in exchange for an honest review.

I was given this book in exchange for an honest review. Spoiler ahead read at your own risk.

This was book three in the Swanson Court Series and the final book. Once again Rachel has walked away from Landon she left him in San Francisco after she told him that she loves him and he didn't say it back. Two weeks go by and she really thinks that he doesn't love her like she wants to be loved. Landon is dealing with demons of his past his mother died in a car accident while fleeing from his father and he couldn't save

her so he has nightmares that he refuses to let her help him. Laurie her cousin and roommate is getting married and moving out it's at the engagement party. Landon gives her space but it's too much for him he finds her and tells her how he feels about her. Landon and Rachel go through a lot in this book both of them have jealous exs Ava who wants Landon back and her brother because he thinks that Landon stole his sister from him and his hotel who is out to get even with him. Rachel's ex Jack gets the message that it's to late. This was a really good book and a good end to this series. This book had some hot sex scenes in it. This book was well written like the rest of Ms. Grey's books with no errors in grammar or spelling. I am going to miss Landon and Rachel. If you like reading about hot rich alpha males and the women that make them fall head over heels in love than I recommend that you read this series.

Carla says

I got this book for an honest review, the last in the series, and I have to say I'm so happy for them.

At the beginning of the book Rachel is trying to get over the fact that Landon is not coming back or her, she told him she loved him and he said nothing, so she left.

Life without him feels empty and she is sure she would never find something as good as what they had.

Landon finally accepts his feelings for her and he is never letting her go, but life has some nasty tricks still left for them to overcome, is their love strong enough?

Rachel needs to take the leap and stop running, and Landon needs to overcome his fear of her leaving.

The sex scenes are still amazing and we have a LOT of them in this last book.

I still hate Ava, she is that kind of character that always ruins everything, and this is no exception.

Its overall a beautiful book, and an amazing ending to their love story, couldn't be better!

Dina says

ARC provided by the lovely author in exchange for an honest review, and here it is..

4 and 1/2 stars!!

Bravo, Ms. Grey!

That was such an excellent ending to this lovely series! Gets you to feel with the characters and I just loved that delicious epilogue!!

Lovely work :)

Sue says

Lost in You by Serena Grey was amazing! It was the perfect completion of the Swanson Court Trilogy. Rachel & Landon's love story was so beautifully written and held be captive from the first book to the last. I highly recommend this book, this series and definitely this author!

I was given an ARC of this book.

Debbie Hanson says

Arc received in exchange for an honest review.

Lost In You, is book 3 in the Swanson Court series and the final book for Rachel and Landon (enter sad face here). I was lucky enough to have the honor of reading this whole series before its release date, and once again I'm blown away, by Serena and her wonderful characters that leap out off the pages.

So it must be said, this is book 3, so you really need to check out Drawn to you and Addicted to you before starting lost in you.

Landon and Rachel's relationship has been more ups and downs than should be in anyone's life. But with a history that still causes nightmares, and his life in constant control, Landon hides so much from Rachel and was this that had her walking away again, and I have to say I was more than a little freaked out that they may not get happy ever after when at 16% Landon was still MIA, and poor Rachel was pondering a life without the man she really loves.

But never feat he makes his way back to her in the sweetest way, I had flutters in my tummy at his sweet acknowledgement of his feelings for Rachel. But like a popped balloon, Rachel and her love affair with Landon is once again on tender hooks, when the ever present but not wanted ex-screw (because girlfriend is to good for her), Ava Sinclair shows back up along with her disturbed brother.

So while dealing with a new job, best friend , Laurie 's wedding to long time love Brett, Rachel's world is changed forever with news she never expected. But without Landon by her side, and a phone call that has Ava on the other end... She is once again left to defend herself and plaster the happy face for the wedding of the year.

I really don't want to ruin the ending, but I'll just say it finishes with a bang, a death, a baby and a proposal. These 4 encounters will change more than 1 life of our favorite characters. Some made me angry, some upsetting and all round happy with this ending to a great series.

Well done Ms Grey.

Debbie Duncalf says

Book number 3 in the Swanson Court series, I like to read authors who continue characters over a few books as I feel that the author in this case Serena has the time and enough pages to be able to tell the whole story in her head rather than having to rush through it all and compact it into one book. Again I am very lucky a I was able to beta read the whole series for Serena, I will be adding her name to my list of authors that I enjoy,because Serena deserves all the praise she can get for this series of 3 books, I like the way that she writes, makes sure that her characters and plot are as great as they can be. Serena has a way of bringing in the sex side of the relationship and it feels right as some can over write the sexy bits but for me these were totally spot on. Everyone should want to read this lovely ladies books. Thank you Serena for allowing me to beta read for you it has been an absolute pleasure from start to finish.

Nuki says

I'm pretty sure I'm going like this finale so I've shelved it in a special place so that I can get back to it when my head's a little less chaotic.

Karen Peacock says

This has to be by far the best book that Serena has written so far. I loved how this series ended and can I just say LANDON!! You have to read this whole series from the start to get the full effect of him. I loved the flow of her writing and I felt as though I was friends with each of her characters because I felt as though she picked me up from the beginning and placed me right in Landon's arms. I loved every minute of it. Such an emotionally charged book. It will leave you on cloud nine and so satisfied that you will be asking when her next book is coming out. Her writing has come into it own throughout this series. This is definitely an author to watch for as I feel she is going places!

Janee says

I really enjoyed this series. I wish it gave a little more at the end. I mean the climax at builds up than it stops. It didn't tell you happen in the events between the chapter to the next. Without giving spoilers away it is hard explain.
