### Jillian says

I was, for the most part, able to follow the story even without being a Pokemon fan.

However - I don't like that the main female character was introduced as "Ash's friend." I realize Ash is the main character, but another trainer deserves to be more than just his friend.

Also, there were a lot of Pokemon mentioned, and not all of the illustrations reflected that. (At least, I don't think so...) "Lapras and Wailmer will take us to a great fishing spot," but the picture doesn't show those two Pokemon (and so newbies like me get left out).
