Trouble

J.M. Dabney

Trouble J.M. Dabney

(This is a previously-published edition of ASIN B01MXU41P4.)

Model perfect Jimmy “Trouble” Carver had never heard the word no. Tattooed, sexy and the quintessential bad boy Trouble had men falling over themselves to get to him. What people didn’t know about him was he was self-conscious even if life was easy for him. He’d started out as an apprentice at Twirled World Ink after college and never looked back. Trouble was exactly where he wanted to be, although there was one speed bump, his crush refused to go out on a date.

Brody Vaughn worked in a dead-end job, barely making it from paycheck to paycheck. He didn’t have much time for anyone other than his five-year-old daughter Mina and besides he’d never quite found a place in this world he fit. Chunky and average, that’s how he felt, except for when Trouble came into the grocery store where he worked. The flirty, gorgeous man asked him out every week with a sexy smile, but Brody had to refuse. It wasn’t as if he wanted to say no, it was just how could he date a man Brody knew he had no business trying to keep.

The Crazies of Twirled World Ink excel at one thing, matchmaking, and they are determined their resident bad boy would get his man. They just had to make sure that neither Trouble or Brody screwed up their plan.

Jenny Wood says

I loved this one!

Trouble is gorgeous.... gorgeous but with low self-esteem brought on by his terrible family... and y'all, they're terrible... you're not gonna like them at all. Luckily, he's found a family with the guys from the shop... AND, a crush that he's had for the last year... Brody... not adding to that though, the last year, Brody's been turning him down... Once Trouble meets Brody's daughter, Mina, although affectionately nicknamed "Princess"... he understands why.

Brody had his daughter MIna and his brother Elijah and that's it. His ex wife left them and his brother raised him, so they're the only two people he has in the world. THat is, until Trouble and his slew of biker family. I have to say, I absolutely adored the way all the guys took up with Mina. They were all adorable!! Especially her bond with Scary <3 I can't wait to read about Scary and hopefully Elijah. I'm such a sucker for hot guys that are good with kids and this one just checked all my boxes.

Such a great addition to an already great series.

There were several problems with editing and I'm pretty sure this author is allergic to question marks, but if you can look over all that, and i can... the story is just so cute and I loved every second of it!

5 stars for this one!

Candice says

I know I said I was done with this series, but I got sucked back in after reading more reviews.

SO MUCH BETTER THAN THE FIRST BOOK!!!!!! I'm glad I stuck with this!

Full review to come! Scary with Mina...EEK!!!

Claudia says

great story and definitely better than the first book. trouble is very sweet and Brody is perfect for him

for a novella these books are perfect. looking forward to Scarys story

Barbara? says

Reread November 2018

This is one of my go-to series when I can't find anything to read. It's simple but good.

Reread October 2017

Poor Trouble...he gets me every time.

May 2017

Decided a reread was in order. I just love this series. I really loved these two even more the second go round.

Originally read February 2017

These two were so sweet and perfect together. I love this whole crew. Trouble broke my heart several times. His family needed to die! They were awful. But Brody was there to lift him up along with his true family. And little Mina was just too awesome. I love kids in romance and she just fit right in. And when she called Trouble Papa I just melted into a puddle of goo!

Diverse says

Okay! Book two of J.M. Dabney's Twirled World series was even better than the first! We met Trouble in book one. He was a secondary character in Zerk and Landon's love story. Well, now it's his turn to get his fairy tale.

For these guys happy isn't really a word they use while hopping through a field of flowers. No. These are rough, tough, gritty guys. They are not your run of the mill romance heroes. However, Trouble is pretty much model perfect, inside he's all sorts of messed up.

In book one you remember them mentioning that Trouble kept asking out this guy who works at a grocery store and the guy always telling him no. I couldn't fathom it personally. But in this one we meet the store clerk, Brody, and we find out all the reasons behind all the no's. And it comes in the body of a little girl named Mina.

You'll fall in love with that girl and she'll have you wrapped around her little finger just like she has all the guys! Thing is Brody doesn't think he's anything to write home about. He thinks he's average looking, sort of on the marshmallow-y side and he thinks Trouble is way out of his league. Trouble thinks Brody and Mina are way out of his league. I enjoyed watching them prove each other wrong.

Trouble's family is quite possibly the worst family in all the world. I wanted to jump into the book and beat the ever loving snot out of each of them. But one thing this book and this series shows us is that family is chosen not made.

All the secondary characters are amazing in this series. You see old and new and they all just fit in perfectly. This book is more emotional than the first and you can't help but fall hard for Trouble and want to put him in your pocket and forever protect him.

I adored this book so much. Great series!

Morgan Skye says

In book two, we get more of the tattoo artists we met in book one. This time, Trouble aka Jimmy, who has a pretty low self-esteem despite his model looks.

He has a crush on Brody, the soft clerk at the grocery store with a daughter. Brody doesn't believe a guy like Trouble could be interested in him AND he's wary of any entanglements that might hurt his daughter, so he continues to say "no".

Eventually, Trouble wears Brody down and from then on it's fairly smooth sailing.

We get some OTT drama with Trouble's family (this was a little cartoonish, they're SO horrible with no logical reason to be so) but it serves to make the couple closer, so, it works.

The grammar is still atrocious in this book. One word kept popping up for me and that is passed for past – but that's easy to overlook if you enjoy these two sweet guys finding love with one another.

Most importantly, I believe these books need to be read in order, because this book totally sets the scene for the next book which looks DELICIOUS! (mute guy, tough guy, buttoned-up guy ménage!)

I've really been enjoying this series and I look forward to the next one eagerly (we have to wait til February for book 4 dammit!) and I recommend the series.

(4.25 rounded down for grammar to) 4 of 5 stars

Tina LoveBooksDK says

Trouble & Brody were so freaking cute together!

So much better than the first book, I just wish it was longer. Oh well, Can't Have It All!
This story was also moving a little fast in some parts, but not as bad as in the first book.

Claudia says

This is exactly my kind of book - One more great read - loved it

BWT (Belen) says

Part of me wants to rate this story (and series) higher. **I actually really liked the plot, the characters, and (hallelujah!) the communication between all.**

But.

But...it's poorly edited and proofed, and there were time jumps, which made for an, at times, frustrating read.

If you're the type of reader who can ignore typos, grammatical errors, wrong punctuation, and misused words then I would not hesitate to recommend this book and series.

Dabney offers a fresh voice, the series (so far) has a likable cast, some hot sexy times, and (my personal favorite) communication between partners.

Although this is the second book in the series each book is a standalone featuring a different couple.

REVIEWED FOR PRISM BOOK ALLIANCE

Trouble is book 2 in the Twirled World Ink series and introduces Brody and his precocious daughter to one of my favourite set of guys.

Jimmy Carver or Trouble as he goes by at Twirled Ink has gotten a long way with his looks in the past and relies on them to get him everything he wants. It usually works well for him but the cute server at the local grocery store has been turning him down for almost a year and Trouble doesn't really know what to do with that. For someone who seems to breeze through life his reality is very different.

Brody has had it tough. Left to bring his young daughter Mina up almost by himself whilst forgetting his college dreams and working every available hour just to survive has been hard and the walls he has put up around his heart are there to stay. The pretty guy that keeps flirting with him makes him secretly smile but he has no intention of changing his mind and giving him a chance. Mina is the only one that matters.

I'm not usually one for a storyline revolving around a child but let me tell you Mina will win your heart from the start. When she meets the rest of the Twirled Ink gang she wins their hearts too and it goes a long way to making Brody feel comfortable about finally saying yes and offering just a small part of himself to Trouble. Again not too much angst in this one although Trouble's family were pretty awful – his mother in particular. This proved to me another hit with me and once again these guys left me with a smile on my face. As with the first book there are a myriad of editing problems but I have not let them reflect in my overall rating.

Shannon says

For the love of all that's holy, I just can't give higher than a 3 star rating because I just can't believe these are being published with the massive amount of errors. Seriously, any child older than maybe 3rd grade could fix these books. I absolutely love these guys which would mean something's being done right but it's so frustrating mentally editing the entire time.

Natalie says

The first book was not intriguing and the lack of editing made reading torturous. Evidently, that hasn't changed. Wasted money.

V says

If I compare book one with this sequel, my opinion hasn't change.

Erin says

So cute and so sweet, but wished it was longer. I could have read this two for awhile.

Amanda Jones says

Gah!! This series is so freaking good!! I loved this book!!!
