Terminus Gate Anthony James

After their recent victory over an incredibly powerful alien foe, Captain John Duggan and his crew are expecting some downtime while the ESS Crimson is refitted. It is not to be.

In a war for survival, the Space Corps' best officer can't be permitted to languish on base with his feet up. Soon after landing on planet Atlantis, Duggan gets the call once more. This time there's to be no holding back – his superiors want him to take the fight to the enemy, rather than wait it out in Confederation Space.

Given a promise that this mission will be his last, Duggan ventures into the unknown – he must fly through the Helius Blackstar and see what lies on the other side. What he finds there is worse than he could possibly have imagined and it will take every ounce of his ingenuity to return with the secrets he discovers.

Terminus Gate is a high-action science fiction adventure and the fifth book in the Survival Wars series.

Louis Fowler says

great space opera

great writing compelling plot good characters and sci fi, single protagonist and antagonist. no filler background. highly recommend this series.

richard a rishell says

Action yes

You wanted an action book and you got one. The ending is not a happy one but it leads to the next book. Well that's,expected. Good job by the,author bad job by me.

Larry McClure says

Great story

I love this scifi series. Great story and kept me hooked till the end of the book. Now I can't wait to start the next book.

Tom says

.

I have enjoyed this series a great deal. Warning this book has a big cliffhanger. Read at your own risk. ?

Gene says

Continuing well

No let up in the intensity and the pace of action. I still highly recommend anyone who likes suspenseful science fiction give these a read.
