Ricci says

It was okay. Not really my cup of tea, but I do enjoy westerns. This is a romance novel with plenty of bodice ripping, but has a good story sprinkled in.

Datakat says

I was reminded why I never read "romance" books. I actually skimmed to the end and I'm done. Not my type of story at all.

Joan Krug says

Good mystery

I enjoyed reading this book, the author provided good character development and good storyline. Story with strong female characters. I have read several of Jodi Thomas books and this one didn't disappoint.

Kathy Roling says

This is a good story about post Civil War Texas and concerns a Yankee captain looking for members of an Klan type organization. Lots of action. I really enjoy Jodi Thomas' books.

Mary23nm says

Story of Maggie and Grayson, but also the story of her niece Cherish and outlaw Brant. Pretty good, close to a '4'.
