**Barbara Lee Wood says**

### **BETRAYAL**

Preacher has a STALKER unknown to him. The settlement will be attacked by Blackfeet Indians who have been supplied free guns by English spies who are trying to start an Indian uprising so that England can retake the land west of the Big Muddy. Preacher is taken by the beauty of english spy, Laura Mallory who he thought had been taken captive with her brother Clyde Mallory said by the Blackfeet. Poor Preacher had his suspicion about the whole incident. Lots of treachery, backstabbing, spies, kidnapping and possible rapes. What a cornucopia of events; we almost Dog and PREACHER, the men sent from St. Louis captured Preacher and were planning on burning him alive by tossing him into a pit of fire...hot

**Patrick Dorwin says**

I enjoy all of the William W Johnston's "The First Mountain Man" books. They are short and entertaining, nothing fancy.

---

**Brad Meyers says**

First western I've ever read. Pretty darn good.

**Casey says**

**Preacher survives again**

I very much enjoy "the good guys win" concept and execution in these books. Yes,there is a lot of violence. It fits the context.

---

**Randy says**

Solid, well crafted novel of the early days of the west. An old enemy of Preacher's is intent on killing him and someone has armed the Blackfeet in an effort to wipe out Corliss and Hart's trading post.

**Good!**

Good story but I am not happy with a tale with no end. It did have a good plot until the "no end"!

### **Terry McMullen says**

Pretty good.

### **Terry says**

Primarily written by William W. Johnstone's son (?),J.A.. Not a bad effort but still below his father's adept handling of plot,dialogue and timing.
