The right kind of punishment can be a powerful turn on. Restraint can release hidden desires. A simple leather strap, a shiny pair of handcuffs, a delicate silk scarf, a dominant's stern gaze. The yearning for a partner who will take control can grip one as powerfully as the most intricate, indecipherable rope knot. In *Slave to Love*, Alison Tyler gathers the most popular — and often most taboo — fantasies of sexual control and erotic restraint. Featuring such popular erotica writers as Marilyn Jaye Lewis, Saskia Walker and Rachel Kramer Bussel, *Slave to Love* is luscious, naughty, and infinitely sexy.

Three stars is being generous. Maybe two or three stories were four-star reads with any sort of depth to them - the femdom marriage-in-peril story the best of the bunch - most were just kinda meh stroke fiction with better spelling and grammar than Literotica and one terrible story had a single paragraph that filled an entire page.

I'm not really sure the good stories made this anthology worthwhile. It was mostly forgettable.

SLAVE TO LOVE is a diverse and sometimes surprising collection of short stories featuring dominance and submission themes.

Short stories that promise much but don't deliver enough. Kept me hanging. The stories weren't bad, I just wish there was more to it. It's like a bloody cock tease.

The stories in this book encompass a good range kinks and fetish. It is more of an introduction to BDSM, with figging, mild puppy play, bondage, D/s and impact play, than something for the experienced player. A lot of hetero-centric couplings, although two of my favorites are Gay/Lesbian. They range from quite soft to more medium, none are hardcore/ extreme. All well written and even though they are reasonably quick, they offer an interesting peek, at a new fetish to share with a partner, or a new twist, on something you already enjoy.

Some of my favorites are, in no particular order: "Well trained", "Daddy's Girl", "Five bucks a swat", "Divorce proceedings", "Ever on edge".

There is a disconcerting editing error in "Unlike the others". Paige, starts out with a rubber dress, two pages later it's a leather dress, and two pages further on, its back to rubber. Not a major issue, but something that should have been caught.

These stories show to a limited degree, the joys of the power exchange, and what it is like to surrender to who, and what you are, if you haven't already.

Also a great cover!

Entertaining and worth a read.

Watching Lois perform, Under My Thumb, Unlike the Others, Daddy's Girl, Ever on Edge, and Five Bucks a Swat were my favorite. I prefer to love more than a few of the stories in a 20+ story anthology, but it did what it needed to for me. Ever On Edge was especially sexy. I enjoy kinky dynamics between married couples. It brings a different nuance to it for me, like an enhanced romance and blanket of trust. Five Bucks a Swat was also up there in the top three, it being both m/m and a sweet depiction of boy and Master.

I'm normally not a fan of anthologies. I enjoyed this one though. There's a little something for everyone... M-M, F-F, M-F, pet play, bondage, piercing, spanking, and cheating to name a few. Some of the stories are happy and some were a little sad. I'll post a few of my favorites when I have a bit more time. :)
