From Reader Review Old Testament Student Manual: 1 Kings - Malachi for online ebook

Jessie says

It's so great to study the Old Testament using these Institute manuals. It is also good to read them together with your husband.

Kerri says

This will basically be the same review as for the Part 1 Student Manual - it is fine for what it is. It gives some good background and context, but it also points out some super obvious things that are annoying. The difference is that this one jumps around through the OT because it goes Chronologically while the OT does not, but I was reading the OT straight through.

All in all, I'm glad I had it as a companion read!

Rayni says

This manual takes the student through the OT in chronological order, which really helped me. It also helped to have things explained & I loved the cross-references. I studied it on-line & so all I had to do was click on the link & it would jump to the scripture referenced or the place in another manual instead of looking for it in an actual book. I always had 3-4 windows open at a time - my scripture journal, the scriptures, the OTSM & another window when I needed to jump to another manual or book of scripture. If I had to go back to manually studying this on a table or desk, it would not happen.

Kate says

In order to truly understand the Old Testament, I found this student manual to be an invaluable resource. I have loved studying the Old Testament. At first, I felt so daunted to read the Old Testament from cover to cover *and* understand what I was reading. It is such a beautiful work of scripture about God's dealings with his children. I am going to miss the daily reading from these pages, but I am looking forward to reading the New Testament next in detail.

I highly recommend this manual as a companion piece when studying the Old Testament.

Anita says

i read this as part of my study of the old testament in sunday school class

Yvonne says

I really liked the commentary because it helped me see the complete history of the ancient Israelites and understand the Bible in that context.

Erin says

Great study guide. It took half of a year to read, along with my study. I did finish the whole Old Testament in one year. Yahoo!

Christina says

Very thorough and detailed. Amazing insights. Could reread and gain new insights each time. Learned so much from this manual.

Chelsea says

I promised one of my religion teachers at BYU I would do all of my reading. I am still working on it. I know I am terrible. But I am going to keep my word, if it is the last thing I do.

Crystal Lemon says

We finished the Old Testament with this books insight!

Karen says

Took me and my older children 5 years to study the Old Testament with these study guides. What a growth of my testimony of the savior!! I highly recommend it.

Justin says

This book gives amazing spiritual and academic insights into the Old Testament. The organization is fantastic, in that it leads you through each book of the Old Testament in chronological order. Highly recommended.

Sarah says

This study companion is a must-have for those attempting the Old Testament. It helps you work through it chronologically and offers great information on historical context as well as modern-day perspective in light of continuing revelation.

Carol says

This manual is essential to use alongside the reading of the Old Testament. Really makes things understandable and gives you the perspective of how things were in the times of the writing of the Old Testament. Loved it...

Jimmie says

Excellent source for understanding the old testament.
