Finding Ruth

Roxanne Henke

Finding Ruth Roxanne Henke

Ruthie Hammond had a dream. After high school she was moving to a big city...anywhere but Brewster. Surely God had a plan for her, and it wasn't in this small, nowhere town. Twenty years later she's back in Brewster working at a failing radio station with her boyfriend Jack. She's given up on God and if she wants to get out of town, she'll have to do it solo. But when her first love, Paul, moves back, Ruthie wonders if happiness really does lie beyond this podunk town. In this second novel in the Coming Home to Brewster series, Roxanne Henke offers another wonderful story about relationships, choices, and spiritual growth.

Ali Wang says

This is the next one for my trip to NY! Really good book that reminds you to be content in wherever you are. It made me think about what am I doing in this life and where do I find meaning... I also really identify with the main character who is searching for meaning in her life in her work. Good book to set your priorities...

Carol says

I have read the 1st two in this series and have enjoyed them both. Both relatively fast reads but with different messages. This book centered around being content wherever we are. A tough message to follow but was a well developed theme in this book. I look forward to book 3.

Pam says

All Ruthy ever wanted was to leave her little hometown of Brewster, North Dakota after high school graduation. She wanted to travel, live in a large city, make a name for herself. Life doesn't always work out the way we want it. This book deals with Ruthie's choices, the consequences, and learning to be content wherever you are. This is book two of the Coming Home to Brewster series. It made me want to read the other books too.

Beth Peninger says

Roxanne Henke has a style that draws me in. She writes her books, at least the ones I have read so far, from not just one viewpoint but from at least two. It's great to hear what is going on in the minds of all the characters.

Ruth, or Ruthie for those closest to her, has been wandering for 20 years. She's been living in regret and that's always the fastest way to breed discontent, bitterness, unhappiness, etc. She's invested her money and her life in a guy who is out for himself. Things are going to explode soon.

When the explosion happens Ruthie finds herself a broken mess. Ruthie knows she needs to be found but she's just not sure how that will happen. She's tried everything she can think of all the while ignoring the voice of God that keeps whispering in her heart. Trial and error eventually lead Ruthie to be found...by the One who loves her the most.

Teri Hancock says

Great continuation of unlikely friendships and the power we have to help each other through difficult situations.

Jen says

As usual, Roxanne rocks!!!!

Ranee says

Many things I liked about this book but there was almost verbatim repeats of the author going over the thoughts of the characters in parts. Also, a pivotal point is when the leading man realizes that he's concerned about whether his love loves God enough but he doesn't talk to her about it, just like he didn't ever seem to let her explain why she refused his first proposal.

Carol says

A great read! A good reminder about the importance of seeking the Lord's direction during life's ups and downs and feeling His involvement instead of trying to go it alone. I'll enjoy reading more of Roxanne Henke's books.

Larisha says

Roxanne Henke shares in her 2nd book in the series another wonderful story about spiritual growth, being content where God has placed you, relationships, and choices.

Love her warm writing style.

Dale Wilen says

This is a great book in a series written by a personal friend of mine. They are sort of chick books, but not

really....

Julie Taylor says

This entire series is a must-read. It has everything you need, as a reader. It's been 4-5 years since I read this series, and it hasn't been topped, yet.

Becky says

I read this book because I read the first one in this series by Henke. Loved the first one, and this one was just alright. I like how "being content where you are" was mainly the theme, but for some reason, romance just isn't what I'm in to. Maybe it's because secretly that's what I want? LOL I surely don't know...

But, the book didn't capture my interest the way the first one did (After Anne) but I did want to know how it ended. So I guess it all worked out for me anyways LOL :)

Michelle says

an easy read - I really enjoy these feel good books - Thanks Mom
