What God Said: The 25 Core Messages of Conversations with God That Will Change Your Life and the World

Neale Donald Walsch

What God Said: The 25 Core Messages of Conversations with God That Will Change Your Life and the World Neale Donald Walsch
God's number one message to the world.

In just five words...

“You’ve got me all wrong.”

Inspired by his nine-book *Conversations with God* series, many people have asked Neale Donald Walsch to find a way to deliver the most essential pieces of God’s message to us in a more succinct way.

The result is a concise text detailing and expanding just what we need to know about life and how to live it. Bringing their many conversations over the years into sharper focus than ever before, Walsch in *What God Said* encourages readers to cast aside religious and cultural trappings. To experience life as fallible—and human—beings, open minded, open-hearted, and all-embracing, and to build on, broaden, and enrich our Ancient Story.

But to move forward on this ever-expanding and encompassing spiritual voyage means not only understanding what Walsch considers the most important insights of his *Conversations with God*, but also applying them in the most practical of ways. And so Walsch has included solid suggestions on how to apply each of the 25 Core Messages in daily life. The author says that should humanity begin carrying these messages forward, starting today, they can literally change the world.

stormhawk says

My first encounter with CWG. Many good concertos are presented with practical applications. I'll be thinking about this one for a while. I even posted the core concepts on my cube wall at work.

Phyllis Perry says

Walsh himself says these spiritual messages get repetitive and he's right. But somehow that repetition strengthens the messages and gives them their power.

Carolynne says

I dislike books in which the author presents their subjective, personal experience as Fact.

Maria says

Finding this one a hard read... Would rather read the previous and various "Conversations with God" by this author...BUT ONCE I GOT INTO IT: WHOA! Profound, deep chocked-full of insights from what I see to be as Conversations with God. Kudos Neale Donald Walsch!!! "We stand a better chance of disappointing our own parents than we do of frustrating the expectations of a NON REQUIRING God."

Sonja says

Whether you believe Walsch is talking to God or not, you know when you read these words that they are true. Read with an open mind and see how much resonates with you. Ideal for those looking to rekindle their spirituality without the burden of dogma.

John Orman says

What God Said--or at least a communication from a source of wisdom and insight within us that is the birthright of every person.

Cast aside religious and cultural trappings, we are urged. Walsch has included solid suggestions on implementing the 25 Core Messages listed in the book.

Walsch believes that God's primary message to us is "You've got me all wrong!"

From Core Message #1--We are all One, #6--There is no Right or Wrong, #9--There is no such place as Hell, #12--Love is all there is, #17--There is no such thing as Absolute Truth, to #25--Ours is not a better way, only another way.

Radical thinking lives here indeed!

Becky says

Amazing!! Expanded on so much I was already thinking. Especially, loved the how-to-apply-this-today sections at the end of each chapter! Truly makes me want to read several other books in the series, but I'm going to reread this slowly now. (My first reading, I couldn't put it down, trying to limit myself to a chapter or two a day! But always wanted MORE!)

Mind blowing!!

Les says

Everyone on the planet should read this book...and listen...wonderful

Kenneth Jr. says

Not his best work

I am a huge fan of this author's work. The first three CWG books and his "you got me all wrong" books are among my favorites. But this book just has a lot of the same stuff that is in those books. Unlike his other books, there isn't much of a message in here. In fact, I felt like I read 377 pages of a commercial where the author promoted all of his other books. He admits that he does this towards the end, but that doesn't make it ok. I actually couldn't wait for this book to be over and that is a rare occurrence when I am reading something written by Neal Donald Walsch.

Julianne Larsen says

I love the peaceful feeling I get when I read his books. I like this version where it summarizes the 25 core messages. This book brings light in a darkened world.

Majeed says

Eye opening

Jacob Petrossian says

As much as I enjoyed this book, I do think that once you have read the CoG trilogy, that's everything you must read by NDW.

James Trower says

This book along with all of Neals books can change the course of humanity. For a moment forget everything you've every been told about God and life and just be open minded for a change.

Tony Jr says

This is a great summary of the 25 core principles from the Conversations with God Series (9 books total). I thought this was a good refresher and practical guide to applying each of the 25 principles in my daily life. I would NOT recommend reading this book instead of reading the entire 9 book series but I would recommend having it around as a handbook to dip in and out of from time to time. By reading this book without reading the entire series you'll get a great overview of the core principles but you miss so much more. I can't stress enough that this book should be read as a companion to the full series not as a supplement. With that being said, here are a few of my favorite principles from the book, all of which completely changed the way I think about myself, God and humanity as a whole.

CWG Principle #1 - We are all ONE

All things are one thing and all things are apart of the one thing that is

CWG Principle #2 - Theres enough

Its not necessary to complete over, much less fight over your resources, all you have to do is share.

CWG Principle #4 - God talks to everyone all the time

The question is not who god talks to. The question is who listens

CWG Principle #9 - There is no such place as hell and eternal damnation does not exist

CWG Principe #10 - Death does not exist

What you call death is a simply a process of re-identification. It is the illusion of our separation from God that is over NOT life...we have come home. (this one is a tear jerker read "Home With God" the last book in the convo with God series to get the totality of this message)

This is one of the best series of books ever produced.(Speaking of the full CWG 9 book series) You don't have to read far nor do you have to agree with everything in them to see that. A truly aw inspiring work.

Tony Rogers Jr

Author of Visionary:Making a difference in a world that needs YOU

Barbara says

I savored this thoughtful and thought-provoking book in small bites over many months. Walsch presents a new way of looking at God that works for me. Highly recommended to anyone in search of ways to live a more spiritual and more loving life.
