## A Real Pickle Jessica Beck

From New York Times Bestselling Author Jessica Beck! When dying pickle-fortune heir Curtis Trane finally succumbs in the Charming Moose Diner, everyone believes that it's just the end of the man's long illness, but upon closer examination, it turns out that Curtis has been murdered! In a plea from beyond the grave, Curtis asks Moose and Victoria to solve his homicide, and the two must leave everything they know and venture out into the rich man's rarefied world.

## From Reader Review A Real Pickle for online ebook

### Glenn Harris says

Another fine entry in the Classic Diner Mystery series, this time involving a murder that takes place right in the Charming Moose. Victoria and her grandfather of course have to find the murderer.

---

### Vicky says

Although a mostly immature writing style, this book had some substance the previous 5 lacked. The story moved with less filler. I mostly enjoyed this novel but don't see a future purchase of another "diner" mystery in order.

---

### Laura says

another Great! storyline---and I guessed wrong!! Oh My!

---

### PWRL says

O

---

### Jeanie Harper says

This was a fantastic book - a real surprise ending but the best of the series.

---

## **Trisha says**

2013-08-13 I really enjoyed this, possibly more than the previous ones. It was an interesting twist to force them to stay at a mansion with all the possible suspects. Enjoyable.

---

## **Ruby Vitkin says**

### **A real pickle of a situation**

If you are looking for a real page Turner this is the one for you.

KIndle customer and good reads
