The Greatest Western Writer Of The 21st Century

Two hard luck, hard-living cowboys, Bo Creel and Scratch Morton, are the heroes of this new adventure by USA Today bestsellers William W. Johnstone and J.A. Johnstone--in a bloody all-out battle for one family's survival.

Texas, Bloody Texas

Bo Creel is back at his family's Star C Ranch in Bear Creek, Texas. Along with his buddy Scratch, he's finding out that home is where the hell-raising is. A rival ranch is trying to drive the Creel family out of business, using any means necessary. For Bo and Scratch, always suckers for a pretty face, come two young ladies who just might blur the battle lines.

Desperate to raise cash, the Creel family sets off on a trial drive south to Rockport and a thriving cattle market on the Gulf of Mexico. That's when their rivals strike a devastating blow. Now Bo and Scratch are madder than two wet hens. Assembling a ragtag army of aging, crusty cowboys who've seen their share of gun battles, Bo and Scratch need to recapture a stolen herd and make it to the Texas coast in time to save the Creel family's future--while a relentless enemy is about to unload the bloodiest mayhem to ever drench Texas . . .

Wonderful tale!

I really enjoyed this great story patterned after the old west of yesteryear. It is well written and exciting from start to finish.

Charles Darlage says

This is the newest in the "Sidewinders" and the only one I have read so far. Very easy to get into even though I had not read any of the other books. Great characters and a fun and exciting read.

Jerry Blackerby says

I have really enjoyed this series about two older characters who have been together for most of their lives. No cliff hanger, but an open story line that can definitely trigger another book in the series.

Daniel Visger says

Not too bad, predictable in many ways, but not bad at all I wish I could post this thing and escape this page.

The requirement for a certain number of meaningless words an analyst insult of our intelligence. Even with the last bit of insanity I still don't have enough to escape the page

Not much

Kevin Jackson says

Do the right thing.

Another great story with Scratch and Bo. Once again they have to battle the outlaws, with their quick wits and reactions.

Bo Creel and Scratch Morton. Back home in Bear Creek, forty years of wandering hadn't changed that, the two old friends find themselves in the middle of a battle for control of the area.

Bo's family ranch, the Star C, is being hit by hustlers, the cattle being bled away a handful at a time. The family was sure it led back to chief rivals the Fontaine family.

A loan has been called in and the Creeks have only six weeks to pay off the twelve grand owed. A quick trail drive is organized to drive down to the coast. It will mean a loss, but will net enough to get them out of trouble.

But Nick Fontaine is ready to do what's necessary to gain control of the Star C.

Excellent western with a Romeo and Juliet subplot.

groovy

Violet says

A nice story about greedy ranchers trying to take over a neighboring ranch to add to their holdings. A couple of gals thrown in to add a little romantic interest. A trail drive and lots of confrontation. Very entertaining.
