Second Chance Love

Shawn Inmon

Second Chance Love Shawn Inmon

Steve Larson and Elizabeth Coleman had been the best of friends – inseparable – since middle school. Once in college, they found themselves in love, but too afraid to admit it: Steve because he thought Elizabeth was too beautiful to want him; and Elizabeth because she thought Steve was too wealthy to be interested in someone so poor. But then, a family tragedy strikes, and they are pulled apart and lose touch with each other.

A chance meeting on a Christmas tree lot twenty years later changes their fates forever. Only Steve and Elizabeth can decide if they have the courage to overcome a lifetime of doubts and fears and open their hearts to each other again.

Second Chance Love was previously published in serial form as Second Chance Christmas, Second Chance Valentines, Second Chance Summer, Second Chance Thanksgiving and Second Chance Wedding. It is an innocent, lights-out romance that explores the wonder and possibilities of having a second chance at love.

Janice Jenkins says

Greatbook

I loved the whole book and storyline. Made the characters seem real and likeable. Cant wait to read more of his books. I liked this format much better than the short novellas.

Elaine Howard says

A man wrote this??

I was given this book for an honest review. I was excited to read this book. I then found it was written by a man and was very hesitant. Wow! I thought it would be just a typical romance. It was anything but. It was a love story but he had thrown in adventure and mystery. It was a joy to read and I would recommend it to anyone who loves romances. The characters were so real that I felt I was there in the book sharing their adventures. I cannot wait to find out what happens to the couple next.

Chris and Mindy Van Ackern says

Great!

Awesome book about renewal and love surviving separation. Good to read! Brings forgiveness, understanding and hope to light. Read it!

Gina Smith says

Elizabeth has her life living in a small apartment and working at a used book store. One night she runs into her old love Steve at a Christmas tree lot. They haven't seen each other for 20 years when Steve left to take care of the family business. They never had the chance to tell each other how they felt. Will they take the second chance they have been given?

* I received a free copy of this book in exchange for an honest review.

Dotty says

I received this book for free in return for an honest review. I enjoyed this book immensely. First book I've ever read from this author.

Steve is checking out some property when he happens to spot Elizabeth from his past. He's the last person she wants to see. Steve is determined what can she do. I don't want to ruin the plot but let me say a lot goes on when there's two people from opposite sides of the track and a spiteful villain thrown in. Get the book and read it

Janet Stites says

I really enjoyed this book, I loved the main characters and thought it was well written and kept me interested to the very end. However, whomever proof reads the kindle input might want to pay more attention. through out the entire book one characters name was spelled gail or gayle as well as other misspellings which caused confusion and rereading a few sentences to understand what had happened.

Ruth says

I was given this book for free in exchange for an honest review.

A beautifully written story of finding your first love.

I found the story had a feeling of realism and the characters were so likeable. I really enjoyed that we were given an insight to Steve and Elizabeth and how they felt without ever saying it out loud.

Steve was such a likeable person. So refreshing that he was not six feet tall and solidly built. He sounded like your average guy who falls in love with the pretty girl, but doesn't think he is worthy even though he is rich.

Even though he never flaunted his money he never made others feel like they were less. He did tend to run from confrontation though. I think he thought if he could ignore the problem it would go away.

Elizabeth was a bit of enigma. While she didn't have money she kind of got stuck in the early 90's. She never moved forward to become something more. I was afraid she would not move forward into the new millennium.

As the story develops you get a Hallmark movie quality feel. With colorful characters and ups, downs, sorrow,pain and suspense you find yourself rooting for Steve and Elizabeth to find that happy ending.

Denise says

Second Chance Love was originally a series of five stories. I think if each book title would have been written as they were divided, the story might have flowed a little better. It wasn't a horrible read. I just ruined it by comparing it to Shawn's book, Feels Like the First Time and his wife's book, Both Sides Now, about their true love story. I can't recommend those two enough!

circumspect4 says

Second Chance Love is a romance novel about Elizabeth and Steve, who grew up together as best friends, and fell in love. On Christmas Eve during college, both Steve and Elizabeth were going to proclaim their love to one another. Due to unforeseen circumstances on Steve's part, they were split apart. It wasn't until 20 years later that a Steve spots Elizabeth on Christmas Eve. Steve, who came from a wealthy family, is a successful business man that owns a fancy car and all the latest gadgets. Elizabeth, who was very poor, lives in a very small apartment and doesn't even own a phone or a computer, and works at a book store. Steve and Elizabeth have to overcome many issues, some from the past and some current, in order to see if their love with endure.

This is the first book that I have read by this author. I liked in the author's notes that he had written this book

based on suggestions by others on his Facebook page.

I received this book in exchange for an honest review.

Martha says

I've read so many books where the heroine was already wealthy or marries into wealth. Most of the time she's not necessarily poor but does live within her means. This book was a total opposite. Elizabeth was in fact poor but Steve, her long lost first love, winds up losing his millions. Second Chance Love is a great story about how these two people find each other 20 years after being separated on the eve of confessing their love to one another. You learn their back story after their chance meeting at a Christmas Tree lot on Christmas Eve.

This book doesn't contain gratuitous sex or extreme violence. It's the story of two people finally having the opportunity to declare their love for each other and begin moving forward. In spite of Steve losing his millions, Elizabeth affirms that she has no interest in the wealth he lost. They love each other and Elizabeth wants them to build their relationship on that love.

I would definitely read this book again.

j white says

Great read

At first I thought this was a book about two high school sweetheart separated then meeting up twenty years later and living happily ever after. I was wrong it is so much more.

Twists and turns along the way to a happily ever after. I loved both the characters of Elizabeth and Steve, the scene where they bumped into each other again at the Christmas tree lot was so well done I felt as though I was there watching.

I highly recommend this charming book.

Kathy says

I picked this up thinking it was another book that had been recommended to me (the other book has a very similar title). My expectations were high and were not met. Half way through I checked Goodreads and realized I was reading the wrong book. I was hooked enough to finish it to see how the story played out. Potential here but story was a little disjointed and the Lord's name was taken in vain way too often.

Content: Language and Blaspheme

Lynn Lim says

I just finished this most delightful book, Second Chance Love by Shawn Inmon. I received an ARC copy

from Shawn Inmon for my honest opinion of the book. Well, it is like this: Wonderful, Loving, page turning, and I absolutely LOVED the last paragraph!! The Witch got hers!

Shawn Inmon does a phenomenal job writing this story and keeping her readers wanting more. This book just kept me cheering for Elizabeth and Steve. Just goes to show, what goes around, comes around. This is a wonderful Happily Ever After story! Happy tears towards the end when.... STOP, no spoilers! You must read this book to find out what happens to Elizabeth and Steve.

Thank you Jay for leading me to this new book, I have definitely found another author to follow.

Carrie says

I read the first installment of this story and liked it so I thought I'd read the whole story. It was okay but it felt disjointed, perhaps because it did begin as a serial. There was never a real flow and the relationship between the two could have had some more emotion.

Not bad but not great.

InD'tale Magazine says

4.5/5.0

Delightful characters are the first thing that jump out of the pages and grab the attention.
