Escape the Coming Night

David Jeremiah

Escape the Coming Night David Jeremiah

There's no doubt the world is in trouble. We see tragedy in the streets and violence in the news. We hear increasingly divisive political debates that spotlight the deep and bitter divisions in our society. We feel the pain and confusion of a culture that seems to be coming apart at the seams.

How do we explain so much chaos? How do we live with such turmoil? And is there any hope for peace in our time?

As one of the world's most beloved Bible teachers, Dr. David Jeremiah is the perfect voice to help answer these questions. And in *Escape the Coming Night*, Dr. Jeremiah walks through the perfect Scripture for these uncertain times: The Book of Revelation. In Dr. Jeremiah's hands, this exploration of Revelation is shocking and eye-opening, but also consistently uplifting—and a vital message for our time.

Very enlightening!

Mike Duncan says

A must-read for someone that needs to know about the end times!

This is a great book for a person who wants an explanation, in simple terms, of the antichrist, the false prophet, and the mark of the beast, etc. It's well written and very easy to understand. Unlike some that give vague explanations, this my favorite. I finished the book knowing exactly how it worked out for me. I believe you will too.

Be ready! He is comingng soon!

I read the first edition of this book in 2001 and just as impacted this time. Revelation has always stirred and motivated me to live in obedience to Christ. Now, more so than ever. Share this book with everyone you know.

Anna Mary says

This is an excellent discussion of the Book of Revelations by Dr. Jeremiah. It is insightful, well written and provides an in-depth discussion of many of the issues that baffle the reader of this rather cryptic book of the Bible.

WENDY ZALESKY says

Intriguing and eye opening!

The book of Revelation is a confusing and intense book, sometimes very hard to comprehend, this book by Dr. Jeremiah helped clear up and answer many questions.

Harold Harkin says

Really enjoy this Book so much keeps brain working for hours our days is a great read you will Enjoy it.

This novel had me hooked from the first time I set eyes on the title. It didn't disappoint from the first sentence. I could not put it down.

Emily says

This was a well written book that I enjoyed the whole way through. Very seldom do I find a book that I can't put down but this was one of them. I recommend this book to anyone wanting to take a deeper looking into biblical prophecy and what the book of Revelation has in store for both believers and non-believers. Don't be left behind!

I love David Jeremiah's radio ministry and the Bible that he edited. However, Jeremiah's books seem to all center on the "Last Days" and I feel they do more to scare and manipulate than they do to encourage people with the Good News of Jesus Christ. It feels more like a scare tactic than Gospel. There are so many books out there like this one that are basically telling people what they already know simply by watching the news; it's bad out there...tell us something DJ that we don't already know.

Mary says

Well organized and very readable, this Christian treatment is more winsome than most in its tone while still making the urgency clear. This exploration may be way more material than I am thinking will hook a non-believer's attention, but this has the kind of Pastoral concern I also want to incorporate: while being authoritative and readable. My Pocket Guide will be shorter than Jeremiah's typical treatments, mine a stepping stone to further discovery.

John V. Cooper says

A fresh perspective of the end of days.

Excellent exposition on the Book of Revelation. David Jeremiah proves his worth on end times expertise. His ability to relate to all believers the necessity to fulfill our obligation given to us by our Lord Jesus, the Great Commission. As Christians we are responsible to share the Gospel so no one should die. A highly motivating book.

Paige Neaville says

Powerful. Enlightening. Beautiful. Just some of the many words I would use to describe this book. I picked this up on a whim. My husband had just started reading Revelations and he ordered this book to read along with it. It came in late Friday night and I couldn't put it down. I had almost finished it in two days which is saying something considering how insanely busy our lives have been lately. I genuinely feel this was God

reaching out to me and opening my eyes of that is to come. I've never been more convinced that my relationship with Him is of the utmost importance and will always be my #1 priority. Even when we try our best we utterly fail, but God's grace is right there to pick us back up again and His love never fails. This book doesn't just focus on the fire and brimstone side of God, but it does describe and give you a better understanding of all that will occur and what is to come. God is righteous and God is just. He will return and rule the Earth and I for one want to ensure my name is in His book of Life. I laughed and cried reading this and want to read it again and highlight and underline my favorite parts. I truly cannot wait for my husband to read this now so we can discuss it. I highly recommend!♥?

A clear and understanding book of God's love

Great book, easy to read and understand.
I would recommend this book to everyone, believers and non_believers alike. Get it

Jennifer Schwalb says

Love it

Good book, makes you think deeper into life- not just now. Before we were here, how it will be when we are gone. What treasures await us!

Gregg Veach says

Well, I certainly enjoy Bible prophecy. Dr. Jeremiah explains the oft-overlooked book of Revelation. I truly enjoyed it, and found Dr. Jeremiah's writing style to be clear, without a lot of boring details; but yet it was explanatory.

Renee Goodwin says

This book is horrible. It is presented as a Bible study of the book of Revelation, but is really the author's sadistic fantasy of how sinners will be pnnished in the end. There is hardly any exegesis of the text and little support for how the author came to his views. It is just one more re-hash of dispensationalism, which no serious Bible scholar considers valid. Instead, check out Eugene Peterson, N.T. Wright, or Barbara Rossing, who are actual Bible scholars who can give an accurate interpretation.
