a very good book has fun facts and it brings an ideal to your head about elephants. this book is really good for elementary schools.

Gail Lynch says

Would an Elephant Enjoy the Beach?...is an excellent book that teaches children about elephants in a humorous way. The questions asked cover a lot of information that children are interested in knowing. The illustrations are amusing and kid friendly. I would like to get the rest of the series for my grandchildren, too. I won my copy from a Goodreads giveaway. Thanks Goodreads.

"Would An Elephant Enjoy The Beach?" is wonderfully illustrated and chucked full of interesting facts about elephant's. A great book to encourage interaction between adults and children to introduce kids to our planet's wild kingdom. I feel this book is best being shared with Adults to encourage discussion.

Alyssa Gudenburr says

A great book with funny facts about elephants. Good for elementary read aloud.

Jennifer Larson says

So happy to have won this book in a giveaway! Elephants and the beach are both big favorites around here. I liked the book: fun to read, sparks silly conversation and at the same time sneaks in some interesting facts. Inclusive illustrations, factual information provided in a fun and understandable, age appropriate way. Cute, engaging, I'd definitely recommend for kids maybe 3-8 years old. Appears to be a whole series of them so finding a topic of interest should be no problem.
