### **Hale Series Boxed Set Marie James**

#### Coming to Hale

The only time she trusted someone with her heart, she was just a girl; he betrayed her and left her humiliated. Since then, Lorali Bennett has let that moment in time dictate her life.

Ian Hale, sexy as sin business mogul, has never had more than a passing interest in any particular woman, until a chance encounter with Lorali, leaves a lasting mark on him.

Their fast paced romance is one for the record books, but what will happen when Ian's secrets come to light? Especially when those secrets will cost her everything she spent years trying to rebuild

#### Begging for Hale

Alexa Warner, an easy going, free spirit, has never had a problem with jumping from one man to the next. She likes to party and have a good time; if the night ends in steamy sex that's a bonus. She's always sought pleasure first and never found a man that turned her down; until Garrett Hale. Never in her life was she forced to pursue a man, but his rejection doesn't sit well with her. Alexa aches for Garrett, his rejection festering in her gut. The yearning for him escalating until she is able to seduce him, taste him.

Garrett Hale, a private man with muted emotions, has no interest in serious relationships. Having had his heart ripped out by his first love, he now leaves a trail of one night stands in his wake. Mutually satisfying sex without commitment is his newly adopted lifestyle. Alexa's constant temptation has his restraint wavering. The aftermath of giving into her would be messy; she is after all the best friend of his cousin's girlfriend, which guarantees future run-ins, not something that's supposed to happen with a one night stand. Yet, the allure of having his mouth on her is almost more than he can bear.

With hearts on the line, and ever increasing desire burning through them both, will one night be enough for either of them?

#### Hot as Hale

Innocent Joselyne Bennett loves her quiet life. As an elementary teacher her days include teaching kids then going home to research fun science projects to add to her lesson plan. Her only excitement is living vicariously through her sister Lorali and friend Alexa Warner.

Incredibly gorgeous police detective Kaleb Perez was going through the motions of life. His position on the force as a narcotics detective forced him to cross paths with Josie after a shooting involving her friend. On more than one occasion Kaleb discretely tried to catch Josie's eye. On every occasion he was ignored but when her hand is forced after a break-in at her apartment Josie and Kaleb are on a collision course with each other. Formerly timid Josie is coaxed out of her shell by the sexy-as-sin Kaleb who nurtures her inner sex-kitten in the most seductive ways, and replaces her inexperience with passionate need.

The small group has overcome so much in such a short period of time and just when they think they can settle back into their lives they are forced back into the unknown. Can Kaleb protect Josie from further tragedy? Can she let him go once the threat of danger is gone?

#### To Hale and Back

Just when things seem like they're getting back to normal and everyone is safe, drugs, money, and vengeance lead a rogue group into action, culminating in a series of events that leave one man dead and another in jail for a wide range of crimes, none of which he is guilty of.

This incredibly strong and close knit group of six will be pushed to their limits when they are thrown into adversity. But can they come out unscathed? The situation turns dire when friendships and bonds are tested past the breaking point. Allegiances are questioned and relationships may crumble.

#### Fantastic series!

Absolutely love this fantastic series. Characters feel like friends. You root for them and want to hang out with them. Definitely a must read.

### Jodi says

Loved this series

### Patricia says

#### Needs editing

A lot of issues with grammar as well as the big continuity problem in the next series. Storylines and characters need to be developed better as well.

---

### Candyce Barton says

Just finished this box set and I FLOVED it! I love how developed and real the characters are. I love their real life struggles. I love that the girls aren't just timid whiney biotches. I love how much the guys love their women. I loved how the stories wrapped up and didn't leave you hanging or feeling unsatisfied (other than I want to know if Alexa gives in). Love love love.

I really love Marie James writing and the way she is able to pull you into the stories with just a few pages. Her characters are always well developed and her stories have substance. In this genre I sometimes find myself having to wade through sex scenes to get to the story and when that happens I am always left less than satisfied. Luckily Marie doesn't do that to her readers. The stories are there, they are full, and they are real. In addition to that her bedroom scenes are super hot, but you can also feel the love in them. They aren't awkward or cheap!

Thank you for the excellent writing!

#### Good Series

Each book had a good amount of steam, humor and drama. I liked that the couple's stories continued through

---

each book so we got to read how their relationships had progressed. First time reading a book by this author but won't be the last.

## **Dawn says**

OMG Omgosh OMG Goodness! I originally started this series by getting part one and two individually and then waited and decided to wait and get the box set and book binge a weekend read session. I feel seriously invested in these 6 peoples lives and how everything plays out for them!

### Coming to Hale:

Loralie and Ian's story was my first glimpse into this dynamic trio of couples. Ian has the dream life for any bachelor, he's got more money than anyone could want and more women throwing themselves at him than he can handle. He's always kept it impersonal and almost businesslike between him and any woman that he does choose to spend his time with. Then he meets Loralie and knows that she is a game changer. Now all he has to do is convince her that he's worth taking a risk on and that they could have a future together...oh yeah and that he's not a criminal lol.

### Begging for Hale:

Alexa and Garrett were supposed to be a casual hook up to scratch an itch and nothing more. No feelings. No future. Not even normally a planned thing, just a call when one of them had an itch and if the other person was available they scratched it together. They both had dark needs and weren't ashamed to look to each other to fill them. Of course that arrangement was due to fail, before long both of them are dealing with emotions and possible feelings and they aren't sure how to deal with them or their pasts in order to possibly have a future together.

### Hot as Hale:

Incredibly gorgeous police detective Kaleb Perez has been leaving his business cards with his personal number written on them with Joselyne Bennett at every chance he gets, so that's 4 times and counting! Still he hasn't received not even one call from the shy school teacher. He doesn't want to push her or spook her by moving too fast but he knows in his heart that this woman is IT for him. Now he just has to find a way to get her to agree to go out on a date with him or at least talk to him! When her life gets threatened Kaleb sees red and steps in and takes her choices away. No more baby steps. He moves Joselyne into his home where he knows she will be safe and he can finally get to know her and spend time with her.

### To Hale and Back:

Ok just when I thought things couldn't get better with this series...this book comes along and floors me. This includes all 3 couples. It shows the good and the bad with them and ties up all the loose ends. Some couples have the good and some have the bad, which means they all have the good and the bad with how close all these women and men are. They are a family and this book shows how family pulls together and gets each other through the good and bad times. It gives us a glimpse into the future of all of our favorite couples!

## Amber says

I only read the first story Coming to Hale and had to stop: I'm giving this book 3 (Coming to Hale) stars because it was well written and but that's about it and hey, everyone has their own tastes. Very 50 Shades like but without the BDSM. Ian Hale, the richest most eligible bachelor of Denver falls for a girl, Lorali - end of story. This story didn't have any "build up" which I would have expected, I mean hey, this guy never even goes on a second date with a girl, I would have expected some push and pull on his part but nope, wam bam and they were together and said I love you and hinted at the end that he proposed marriage. This story was all sexy scenes and no substance and to top it all off Lorali acts like a 12 year old gets freaks out, breaks up with him just to be wrong in the end, hello, if your man is doing something shady ask him about it. This story definitely needed some meat and potatoes, it was just to fluffy for my taste.

### Coming To Hale

Holy Hotness!!! I have a new love and his name is Ian Hale!!!!

This book had me hooked from the beginning! James has created a host of lovable, complex characters that you can't help but love. I fell hard and fast for the dirty talking yet romantic Ian.

When Ian and Loreli literally ran into each other I knew their story would be good. What I didn't expect was it to grab ahold of me and not let go until the end. I read this book in sitting and was sad to see it end. I will be reading the next in this series immediately! I am absolutely hooked!!

### Begging For Hale

Whew! It just got HOT in here! Marie James knows how to write some hottness!

Garrett has been hurt in the worst way. Because of this, he has committed himself to a life of one-night stands. After all he is married to his business.

Alexa is a free spirit, perfectly happy with her life of non-commitment. When she sets her sights on the sexy Garrett Hale she is shocked at his disinterest. But being in the same group of friends, ensures they will continue to run into each other often, and Alexa is not quitter. When their friendship morphs into something more, neither is sure what to do with those feelings.

I love love love Garrett and Alexa, I could not get enough. I will warn you that Begging for Hale will have you squirming in your seat, and you may need to keep a spare pair of dry panties handy!!!

### Hot As Hale

The title of this is not wrong! We met the sweet innocent Josie, and the sexy detective, Kaleb in the first two books in this series. I have been hoping for these two since the first time Kaleb gave his card to Josie.

Marie James delivered everything I was hoping for and then some. James gave us a story packed full of panty melting love scenes with a super hot dirty talking Alpha, and danger and intrigue. I could not get enough!!!

### To Hale and Back

I think this one is my favorite of the series. I loved getting to know each of the characters and learning their story in the first 3 books in this series. With To Hale and Back we get all 6 POVs as we take a final journey

with 3 of the best love stories I have read in quite a while!!!

This story is an emotional ride with its ups and downs, twists and turns!! I didn't want to say goodbye to these characters, but what a fantastic end to this amazing series! I loved it!

### **Paula D says**

If you love your dirty talking alphas, hot and steamy sex scenes, love and romance with a bit of suspense, intrigue and angst thrown in - you won't be disappointed!

Every woman needs to have a Hale in her life!

#### **Worth the Read.**

I always love finding new authors to read and Marie James is no exception. This box set gives you all three HOT males and the women they love.

### **Shawn says**

Coming to Hale ????

Lorali & Ian are such an intense couple and when they get out of their own heads they are steamy!

"Need is such a strong word."

Begging for Hale ????

Alexa and Garrett are set in their ways! Never repeat! You shouldn't say never...they are a kinky couple!

"Get ready for your punishment."

Hot as Hale ?????

---

Josie and Kaleb have been dancing around each other for a while now. She is super shy and he knows what he wants, but also knows the danger his job brings. Love the connection to the MC!

"You make me feel safe."

To Hale and Back ???

I found myself wanting more story and less sex.  
I loved when all of the couples were wrapped up.

Each book is more sexually charged than the last.

Coming to Hale (Hale #1)

I loved Ian and Lorali...

Lorali is a beautiful girl that has been badly hurt by her ex and has guarded herself from hurt for fear of it happening again. She has moved and lives with her sister and her BFF. Lorali is also a journalist working at The Courier, she currently just moved up to the Lifestyle section from the Obits.. this is just what she was looking for..

One night while doing laundry her machine breaks so she heads to the local laundromat when she drops her fabric softener and she comes face to face or shall I say face to expensive loafers (where the fabric softener lands) with the sexiest man she has ever seen..

Ian Hale is one of Denver's top sexiest singles.. and he's rich to boot.. but since the night he ran into the beautiful woman at the laundromat he's been fascinated by her.. she is beautiful, and he can't stop thinking about her.. now just to figure out who this woman is who has him held captive.. So once he was able to track her down and figured out who she is.. he is dead set on getting to know her better..

So what were the odds that Lorali would get the chance to see that sexy stranger again...?? Yup there he is at the Charity event she has been sent to cover..

These two are soooo good together.. there were some very steamy and hott sexy times.. OMG!! Seriously go read this book.... Well the entire series for that matter... Now on to Garrett and Alexia..

Begging for Hale (Hale #2)

Oh holy hell... I think I am in love with this sexy man whose name is Garrett Hale... and yes Marie maybe I do like the spanking's...hehehe

We met both Garrett and Alexia in Ian and Lorali's book.. these two are hot and on fire.. I think Garrett is my all time fav in this series...100% hands down.. good lord..

Garrett is guarded as he has been hurt in the past.. so he is fine with the arrangement he has with all the women he meets... one and done.. no repeats.. that is until he meets the sexy red head... but he knows he has to stay away.. he won't want just once with her..

Alexia has had her eyes on Garrett since the night she met him at his club.. she has tried and failed to get in into bed.. Alexia is a love em and leave em girl.. so when she finally gets Garrett where she wants him.. the both know that once isn't enough..

So when Garrett comes up with a plan.. friend with benefits.. (but no feelings..) both are down for it..

So what happens when feelings start happening... you need to read to find out.. I tell you with everything that happened in this book Garrett is still my fave.. it makes you realize he's human too.. and Alexia... she is there for him..

This book had me.. I loved it soooo much... Now on to Kaleb and Josie

Hot as Hale (Hale #3)

Detective Kaleb Perez has been trying to get littleMiss Josie Bennett's attention for a quite some time now. He's handing been out his to her every time he sees her.. but she is yet to call...

Joselyne Bennett (Josie aka Marposia <--love that name) loves her quiet life. she is an elementary teacher and she loves every moment of it.. planning out ways to teach her kids fun projects... Her main form of excitement is living vicariously through her sister Lorali and friend Alexa..

So when all attempts of getting her to call fail.. he decides to take it into his own hands..

See they have to go tot he court house for Alexia's hearing and when both Alexia and Lorali are gone when she comes out of the Ladies room she has no oter choice then to take the ride the nice hot detective has offered. So when Kaleb offers Coffee.. she takes him up on it..

Just as Kaleb and Josie are getting to know each other something happens...this ends with Kaleb moving Joise into his home to keep her safe... but when she is finaly able to go back to work and somethig even bigger happens.. lets just say Shit is about to go down..

This book is filled with twist and turns..i just loved it.. AND Mia sweet Mia.. loved her..

To Hale and Back (Hale #4)

LOVED THIS BOOK... IT WRAPS UP EVERYTHING.. BRINGS IT ALL TOGETHER.. STILL WITH SEVERAL TWIST AND TURNS.. DEFFIANTLY A MUST READ..

JUST WHEN YOU THINK OK... ITS ALL GOOD NOW..EVERYONE IS HAPPY.. NOPE EVERYTHING COMES CRSAHING DOWN.. HOW ARE THEY GOING TO GET BACK TO THE HAPPY TIMES.. JUST BE PATIENT THIS BOOK PULLS IT ALL TOTHER.. I LOVED EVERY MOMENT OF IT..

Coming to Hale

Really enjoyed this book cant believe its been sat in my kindle all this time without me reading it.I loved Ian and his filthy mouth and the fact he did not run or hide from his feelings.I really liked Lorali to begin with but then she kinda got on my nerves she went from great banter and standing up for herself to feeling not good enough and not trusting him with no good reason.Other than that i loved it a super read that held my interest all the way through cant wait to start book two tomorrow.

Begging for Hale

This is the second book in the series and needs to be read in order.Im loving this series and i really liked Garret and Alexa there both sluts and own it.Garret because hes terrified of being in love again and getting hurt Alexa just owns hers sexuality enjoys sex and is not afraid to admit it.What on earth can go wrong with their friends with benefits arrangements?

This is a great addition to the series did not like it as much as the first but it was close.A great series would recommend

Hot as Hale

Wow.....just loved Kaleb and Josie.

This is the third book in the series and should be read in order if not you wont have a clue lol. I just adored these two they were just to cute together loved the fact that after Josie got over her shyness and Talked to Kaleb there was no games or lies just complete honesty about what they wanted. This is my favorite so far although they are all super reads and very well written with super story lines you wont be able to put them down

To Hale and Back

Omg...what a great way to end a series without giving anything away because if you want to know then go read it you wont regret it. This book was awesome made me laugh and cry also wanted to climb into the book and smack a certain asshole while telling his misses to smack the crap out of him and run. A very well written book just loved it.
