Treasure says

Number 12 in the Black Lagoon Adventures (the chapter book series, which is different than the picture book series), readers enjoy a combination of illustrations, doodles, asides, and other messy additions to Hubie's narrative of trying to survive April Fools' Day. He is excited to pull pranks, but is so dreading having them pulled on him that he starts having "prankmares". The book is chock full of prank ideas that will send readers into giggles, and while parents and teachers of—ahem-- boisterous kids will be concerned, Thaler does include a note at the end asking readers to only pull pranks do not harm anyone or anything. The pranks, monsters, grossness, and male narrator make this a great series for boys.

This silly book lacks a bit in the plot and character development departments, but the straightforward action is ideal for reluctant readers and the short chapters (4-6 pages of large text) and mixed media will keep kids engaged.

One of Tom's book club picks. I am not terribly fond of this series. Yet another badly behaved boy with questionable notions.

Anthony says

April Fool's Day is approaching, and Hubie is worried about all the pranks that will be played on him, and looking forward to playing pranks on all of his friends. As the day gets closer, he needs to come up with some new pranks, but to his surprise, the person who he least expects to play a prank on him out pranks him.
