I've been waiting for this book for what feels like forever, and I can honestly say it was well worth waiting for, Ariana Temperance Smith is a writing genius honest to god this lady has some serious skills.

Now let's get the book, it's heartbreaking, soul destroying, but you also get a whole heap of sweet and romantic, and panty melting hot as hell sex (I mean seriously f**cking hot no shit this lady can write sex like you wouldn't believe).

Leighton is a man with a dark edge, he's dominant to his core, and loves so fierce it'll make you wish you were in Abigail's shoes even if just for a few minutes.

Abigail will pull at your heart strings and before you know it you'll be in tears, but don't be fooled Abi is tough and resilient and there's nothing she wouldn't do for the people she loves.

This book had me gripped till the very end, it pained me to have to put it down to sleep, I'm just crying out for more now cause sadly every book has to end.

I really wish Abbi had more sense. My main issue is that I just can't like Abbi. Just when I would start thinking she has a little bit of a brain, she goes and does something incredibly stupid. Uggg! I know that she has had a terrible life and I try to take that into consideration but damn.

Leighton and his friends are just too sexy. That man on man sex is just so damn hot. There is way more to him than we have seen.

Leighton is just way to nice and patient especially with Abbi. I really hope that he breaks bad on her in book 2.

I am moving on to book 2 and hoping that Abbi drops dead or something. Terrible thing to say but I hate her.

Bloody hell this book has everything going for it hot as hell and big massive emotional roller-coaster all at the same time her writing style is fantastic which helps make this book work Love Lock down had me crying from the first few pages for the main character Abigail and for the shit life she had been dealt. And it takes lot for me to cry so that's how quickly i connected with the character and the story , oh not forgetting Legighton , oh my my my i can say now i fell hard for Leighton as he is a bad boy alpha, which if like me you like that type you will fall for him as hes just what everyone needs. I read this book on my hols within the first couple evenings of being there when i was tucked up in bed late at night, it is a real page turner. Warning there is one hell of cliffhanger of an ending, which has left me very eager for more , im sure it leaves everybody feeling the same.

Samantha says

the beginning of the story was pretty hard hitting but I liked that because I empathised with the character and really rooted for her but unfortunately went rapidly downhill from there
the book has had so many great reviews so tried to stick with it but I gave up around 40%
another book I really wanted to like but just not my bag

updated

amended rating after I received a response by the author as she seems like a genuinely nice person who puts herself out there for us all to judge and doing it with style and grace, that's worthy of some admiration

I first read this book a while ago, and have since read it about 4 maybe 5 times. I love this author and her books.

This book was the first I read by Shannon Dobson, and it was one of the best days of my life because I found her.

I don't know where to start with this story, I loved pretty much everything in it, there is something for everyone, there were times when I wanted to cry, and I did, there were parts that made me laugh, there's enough violence for it to be hot, and don't even get me started on the sex scenes ??

This is one of the best trilogies I have read.

I wish I could give more stars than 5.

Book-Lover Book Blog says

Love Lockdown is an intense, heartbreaking story from a girl who's homeless, who's life has been a living hell. We find out her past, along with the present. Her inner feelings and hopes and dreams.

Abigail is a strong minded, independent young woman with no home, no family and who has been traumatised beyond repair. Until she's rescued and taken in by Leighton Lock. A hit alpha male, wreaking of money. He's kind, he's gentle and he gives her everything she wishes.

I don't want to go into the story too much in fear of giving too much away but this story was freakin' intense. At the end I was so flabbergasted and confused, I slapped my kindle in anger.

I found this book to have too much sex....on almost every other page. Some scenes I had to skip passed so I can read more of Abigail and Leighton's story. I found one particular sex scene excruciatingly HOT and my God I wish I was in the room with them! This author is brazen enough to include it and it was amazing and sexy as hell to read. Though, I did find it was rushed in to and came out of no where.

This book takes you on a journey of despair but at the same time full of love and excitement, yet terrifying at the same time. I've cried sad tears and happy tears all at once.

I can't wait to get ahold of the next one so I can find out what happens next....I do hate cliffhangers haha.

Aimed at audiences of 18+ with sexual content and graphic violence NOT suitable for younger readers.

Love lockdown by A.T Smith

5*****

My first thought about this read is H.O.T!!!!

A.T Who,what,where when and how do you come up with those sex scenes!!

Ok ok let's get down to the nitty gritty the book...

Abigail Adams has had a shit life and I mean SHIT. After losing the one most important person to her she ends up on the streets. 3 years down the line life ain't any better so much so she's being attacked by some drunk in an alley until a velvet smooth voice steps in and saves her.....

Leighton lock..OMG...that man is a panty melting fine piece of ass and the truest of gentleman to make him perfect, he takes Abigail and soothes nourishes and helps her grow again. but then there's his job and with his line of work he does it can't all be plain sailing for this picture perfect couple.

Can Leighton save, love and cherish this broken girl???

Can Abigail protect what she has come to believe has her own???

A.T.... We read this before it was published and now again since. Leighton and Abi both are amazing characters the way you portray them both is perfect. The amount of crap Abigail has been through, you make her strong and prove to the world she isn't a victim but a survivor, she doesn't have to be this quite mousy girl, But a string feisty woman. Leighton is honest, caring and so Damn fine. The perfect up n coming book boyfriend. They pair with each other amazingly. The outer characters are strong and i hope to hear more from these.

Now the twist at the end.....I can't wait to see what Leighton does!!!

Your writing is strong and flows, your sex scenes are blush worthy, your characters are believable. You wrote a fantastic story.

Can we say we're proud to have helped you from the beginning....

1000%... Be proud of Love lockdown as we proud of you.

Much recommended book.

Just finished reading this book and I'm a wreck!

The story is emotional and powerful.

The beginning is tough to read but necessary to the story, the relationship between Abbi and Leighton progresses sweetly but all the time you're waiting for it to go horribly wrong!

The ending just killed me and left me hanging for the next instalment.
Can't wait to read more from this amazing new author.

'Q' aka CoCo says

Oh the cliffhanger...

I definitely need to see where this is going. The story is so sad and pathetic in the beginning but Abby's life makes a complete 180. Her decision making skills need some serious work (which leads to the cliffhanger) and that could be annoying at times but the sex was hot and I'm anxious to find out what secrets Leighton is hiding because I know there are many.

Julie says

Authors NOTE: Contains explicit M/M, M/M/F/F, F/F and M/F sex scenes, strong language, violence, scenes of rape and enough heat to start a fire.

I have to agree and she did deliver! Definitely hot, EXPLOSIVE!

Yes, there is a story to this, a very good one at that! Leighton is steaming hot, hell, all the guys are! Abbi, that girl has had an awful life, that my friends is an understatement, and she is so strong! I have to admit, I feel there were/are some cheez~moments but all the rest makes up for it.

I had already started book #2 when I wrote this, as I said, there's definitely a story as well but there is an abundance of this as well and I'm enjoying every minute but the author clearly states above what you're going into and it continues I'm sure through the entire series as the warning is given for each one. Don't say you weren't aware and 1 star because of that.

Dawn Jordan says

This book had it all and i am totally in awe of this author, her writing is fantastic. Lockdown had me crying from the first few pages for the main character Abigail and for the shit life she had been dealt. You fall in love with Leighton as he is a bad boy alpha, just what everyone needs in their life. I read this book in one night as it is a real page turner and boy what a cliffhanger of an ending, i am busting at the seams for part 2 and can only hope that it works out for Abigail and Leighton. **ROLL ON MAY 13TH I JUST CAN'T**

BLOODY WAIT.. Hats off to the brilliant author that is A.T SMITH

Dusti Hanrahan says

I will (maybe) go back to this.... For now it's going back to my TBR..

The premise is great, the writing just doesn't appeal to me rt now. Among other things, there are way too many "sweethearts" and "darlin's" for a 26 yr old man NOT from the deep south.

Rhonda Hardy says

This is a must read! this book is amazing, I love Abbi and Leighton, this book takes you into the lives of Abbi and Leighton, you get to see and feel how Abbi is feeling and her love for the man who saved her life. This is a very sexy and hot book. I Highly recommend this book to everyone.

Anny hernandez says

Love It

Wow I don't know what to say about this book. I just finished reading it and wow just wow, love the characters can't believe that's how it end it I'm going to keep this short.

Let me just say that Abby had gone through so much in life ever since she was a child. After she was thirteen her life kept on changing, when she thought that everything was starting too look up for her and that she is happy again her life is turned upside down. Now it has passed three years that she's been living on the street that until one night she meets Leighton and her life starts too look up again will it stay like that or will her life been turn upside down again.

I can't wait to read the second book in the series.
