## **Tiny Gods** Shayne Silvers

*Power is patient, power is kind...* No, wait. That's not right. *Power corrupts*, and *absolute power corrupts absolutely*... Just ask Nate's ex-fiancée.

It's almost this wizard's birthday, so, he can cry if he wants to. That is, if he lives to see it...

Because a lot of people want him dead: his fiancée, his long-lost ancestor, the good wizards, the dark wizards, and... Look, it's easier to list who *doesn't* want to kill him.

To prevent a Shifter vs. Wizard War, Nate steps in to draw a line in the sand, picking a fight with the deadliest magic slingers on the planet... and then he tries to rob them.

And with Achilles angry at Nate for crashing his Fight Night, the Horsemen of the Apocalypse breathing down his neck, Gods hiding behind mortal skins, and an accidental shifter infection with a cheerful Swedish male dancer, Nate has his hands full.

But when his enemies decide to wake a God, the only way for Nate to level the playing field is to open an early birthday present from the Mad Hatter... And that's when he finds out that nothing is ever simple, and that no one was ever who he thought they were all these years...

If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will **LOVE** the sixth installment of The Amazon Bestselling Nate Temple Supernatural Thriller series.

## **INTERVIEW WITH THE AUTHOR: Q: So, what makes the Nate Temple series special?**

**A:** I wanted to write a series of stories that mirrored the books I liked to read in my childhood. My top picks were usually urban fantasy, paranormal best sellers, and of course, books featuring your classic gritty, pulp-fiction heroes. Basically, anything with a lot of creepy crawly supernatural characters: mythical creatures, ancient heroes, super villains, and gods. You will find that my stories focus on the ancient myths, characters, and stories we all know, fear, and love. Then twist them up and toss them back like an empty beer can.

## **Q: What order should I read the books in?**

**A:** I've written the series with the intent that they should be read in order to get the full effect of the bigger picture; however the stories can be read in any order if you are looking for a quick, fast-paced romp through Adrenaline-ville. I suggest the following sequence:

*Obsidian Son Blood Debts Fairy Tale – Prequel (FREE to email subscribers)* *Grimm Silver Tongue Beast Master Tiny Gods*

## **Q: So, why should readers give these books a try?**

**A:** Because the Nate Temple series is a present day thrill-ride that takes no prisoners. Dragons, Angels, Demons, Greek Legends, Wizards, werewolves, and a whole slew of other supernatural 'Freaks' abound in my stories. My books have hit the top ten bestsellers list on Kindle for Urban Fantasy and Paranormal. The plot twists and turns until the last page, and my twisted sense of humor will have you laughing out loud at

things you really shouldn't be laughing at.

## From Reader Review Tiny Gods for online ebook

### Emily Pennington says

A car chase and shootout were in full swing, Alucard crazily driving the wrong way down the street while Nate berates him for not getting them out of the line of fire of the mob-like weregorillas. They had to circle around to pick up Yahn at the dance school and Nate's satchel which would be needed for their escape. Unfortunately, in the melee that followed, one of the Reds, dragon shifters, scratched Yahn – so there just might be an issue later if he sprouts shiny disco scales and breathes fire . . . but for now, they had a gala to get to!

As Tory was preparing to give her speech, a new server gave her a glass of champagne. She took a drink and, as she started her talk to generate funding, she started to sway. As the speech progressed strange things started happening, and Tory snarled at the crowd that they should get out of there. Fire alarms went off. And chaos erupted again!

By now, the reader can guess that this book is the wildest rollercoaster ride imaginable! I was laughing so hard most of the time that I couldn't see to write. But trust me, you will definitely not want to ever miss one of this author's books! As always, his writing is phenomenal and the action never stops! It's one thing after another in rapid succession until the reader is hyperventilating. You'll need a scorecard to keep up with all the players, both new and old! Like the other books before, this one is an incredible reading experience. The characters are really good, each so unique and likable in their own way. Once you meet Nate, there's no way to give him up. You'll be hooked like the rest of us! Do I need to say the words – "Yes, indeed, I most definitely recommend this awesome book!"

---

### Shannon says

Really enjoyed this book. Great series overall.

---

### Ken Robson says

What a read! Even better than the first book and that is going some.  
"toe-tah-lee awesome" (read the book to see where this comes from)  
I didn't think the Nate Temple series could get any better but it has!  
The only con side is the massive wait for the next book in the series to arrive!

I received a free copy of this book

---

### Perry says

You know what I'm really not a fan of?

This:

"Oh, if only you knew what I knew. You would be on my side. If ONLY YOU KNOW."

"So...can you tell me?"

"Nope. Just gonna be all mysterious about my motivations and betrayal the entire book...but trust me. if you knew? You would TOTALLY be on my side. If only you knew. Did I mention that if you knew what I knew, you would be on my side? No? Okay. I know something that would change your WHOLE world view....but I can't tell you until it's appropriate for the plot. Just remember. If you ONLY knew."

That. I hate that.

---

## **Jennifer says**

### **Shayne did it again**

Holy s#itballs...Shayne has done it again.....Nate starts this one out already in trouble....."Be careful of my balls they're fragile....magical spheres I mean spheres"....hahahaa had me laughing out loud in public. This series just keeps getting better and better....leaves you wanting more. Can't wait for September.

---

## **Charlotte Cumming says**

### **A snarky brutal romp**

Mr Silver's deserves all the praise and laudits for this series! I am a voracious reader, poor reviewer, and complete fan! With this series he demonstrates that. He is able to and does write in the company of some heavy hitters.

I have read all the Temple books in just 3 days with very little sleep, any author that can get that kind of commitment from me earns my respect.

Are the books a bit formulaic ? (The reason this is only a 4 star review) Yes but the continuous infusion of fresh characters and the dynamic of Team Temple manage to carry these books even with the cookie cutter novel outlining.

I understand there are 5 more installments due this year..... I for one will be one of the first in line

Final criticism, the ending for this installment was too abrupt. I get the whole cliffhanger thing but even another few pages with an epilogue or at least a less abrupt or more polished ending would have been to my liking

You're doing great Shayne, don't let your eagerness to get books written and published make you not notice the little things.

Highly recommend!

## **Runningrabbit says**

### **Tiny but Mighty**

This is definitely one of my favourite Nate Temple novels. There's Icabod, an update on the nefarious Indie and everyone else you can think of. You definitely won't miss out on a thing with this scathingly mesmerising novel. As a riveting reader of the Feathers series I can't wait to see where this goes next.

## **William Bitner Jr. says**

Just finished Beta Reading “Tiny Gods: A Novel in the Nate Temple Supernatural Thriller Series (The Temple Chronicles Book 6)” by Shayne Silvers. If I’m completely honest, I must say I had some angst and a bit of trepidation after reading the first couple chapters. I’m not really sure what it was, but I just didn’t feel that usual Shayne Silvers flow in the story. That being said, redemption came, and the flow that I so love in Shayne’s writing returned with gusto. The introduction of Yahn is toe-tah-lee a fun and welcomed character. Enjoying the complex relationship going on between Nate and Indie. The battle between the Academy and the Syndicate is getting more intense. I especially enjoy the meshing of different theologies and mythologies as well as the meshing of classic fairy tale characters from Grimm to Lewis Carroll. It was also quite nice to see the warmer more serious side of Nate in his relationship with his father and mother. So, all in all, humor, action, adventure and thrills continues with Nate and his motley crew of scallywags and rascals, friends and foes alike. Looking forward to the next installment.

Synopsis (from back cover): Power is patient, power is kind... No, wait. That’s not right. Power corrupts, and absolute power corrupts absolutely... Just ask Nate’s ex-fiancée.

It’s almost this wizard’s birthday, so, he can cry if he wants to. That is, if he lives to see it...

Because a lot of people want him dead: his fiancée, his long-lost ancestor, the good wizards, the dark wizards, and... Look, it’s easier to list who doesn’t want to kill him.

To prevent a Shifter vs. Wizard War, Nate steps in to draw a line in the sand, picking a fight with the deadliest magic slingers on the planet... and then he tries to rob them.

And with Achilles angry at Nate for crashing his Fight Night, the Horsemen of the Apocalypse breathing down his neck, Gods hiding behind mortal skins, and an accidental shifter infection with a cheerful Swedish male dancer, Nate has his hands full.

But when his enemies decide to wake a God, the only way for Nate to level the playing field is to open an early birthday present from the Mad Hatter... And that’s when he finds out that nothing is ever simple, and that no one was ever who he thought they were all these years

## **Mary Lou Webb says**

Tiny Gods is the best Nate Temple yet. The action is nearly non-stop, the characters an excellent blend of traits (and races--wizards, werewolves, dragons, etc.). I saw my favorite characters from previous books with new additions for this one. Mr. Silvers more than captures my attention with the plot, characters, pace, language, and humor. Especially, the humor. I laughed out loud reading this book, which is somewhat rare for me. I guess it was a good thing I was reading at home! Nate has become a good friend, one I can depend on to make my day lighter and happier. I wish I knew someone like him in real life, wizard powers and all (big smile). I'm going back to make sure I've read all the previous books (and, if not, purchase them). I can't wait for the next book in the series. Thank you, Mr. Silvers, for sharing your talent and making such delightful stories available to your readers.

## **Ken says**

### **Seriously. I have to wait until September?**

Really enjoyed Tiny Gods. It was a great combination of action humor and pure aggregation! The story, though stuck with mythos we've accepted as normal, has enough imagination to keep me coming back.

---

## **Fleur says**

This book is packed to the gills with excitement, twists, revelations and so much more that I couldn't put it down.

Nate has his birthday coming up, but with so many enemies he may not actually get to celebrate it.

I love how all the characters are complex and well developed and you connect with them whether you love or hate them. It was great how this book brings things from the previous books together that you have to keep turning the page to see what will happen next. Don't worry we still have plenty of laughs (how could you not with Alucard) but there are also some tears and nail biting fight scenes but the best part for me was finally we find out about Mallory!!! If that isn't a good enough reason to read the book then I don't know what is!!

I have no idea how Shayne Silvers is going to top this but I know he will!!

I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review.

## **Jacob says**

### **Tiny Gods? How about Massive Cluster\*\*\***

So the last few Nate Temple books have been consistently turning up the action and introducing new and more powerful characters. I for one have loved every single bit of it. If you enjoy fantasy, action, mythology, and The 4 Horsemen (ahem...), or just a good bottle of scotch and a legendary cigar, then these books are most certainly for you.

---

## **Brett Wickersham says**

What do you do when your fiance wants you dead, so does one of your ancestors, your house is alive, and , oh yeah, its your birthday too? wee, if you are Nate Temple, you just get on with another normal day. Nate is back for the sixth installment in his ever exciting and snarky saga. In this installment, we see Nate learning about and coming to terms with many of the players and machinations that have been playing in the background since the beginning of the series. So, if you have read ANY other Nate Temple book, you need to read this one, as so many of your questions will be answered. If you haven't read any yet, well, start at the beginning. It's worth it.

---

### **Samantha Rooney says**

Be careful what you wish for. Family and love aren't what they cracked up to be

---

### **Larry Tushman says**

Excellence in escalation. The execution is a brilliant riot. Past mysteries are solved, opening a slew of new mysteries amid the snark-a-thon. Roller coaster would be too gentle a comparison. I recommend picking it up.
