Hot Blooded Delilah Devlin

Reaching new peaks . . .

Park Ranger Cass McIntyre isn't one to sit still. That's why she'll climb solo despite the clouds gathering over the Texas Panhandle. It's the same reason she got tired of waiting for rancher Adam Youngblood to take their flirtation up a notch. Instead, she'll try her luck with his brother . . .

But when Cass finds herself trapped on a rock face with no way down, it's Adam who shows up to the rescue. Something about her vulnerable state takes him over the edge. With a wicked grin under his burning gaze, he makes Cass an offer she can't refuse. And when she finally discovers what kind of man he really is, she has no problem admitting she will never, ever get enough . . .

Perfect love story

Sweet, sexy, strong. All rolled into one. I loved the story of Adam and Cass. His brother his rival but who will Cass chose in the end?? A+ must read

Rhonda says

Oh how I wanted to hate Adam, but I knew beneath that hard, tough exterior, he loved Cass. And Cass was just as stubborn as him in telling him how she felt about him. This was a great story about two people who loved each other but for one reason couldn't say it. And that one reason was Adam's brother, Johnny!! At first I didn't like him either but by the end of the story, I felt sorry for him. Anyway, back to Cass and Adam; you can feel the emotions flowing through both of them as they struggle to come to grips that they love each other. Hot man and hot sex for a hot woman, what more can a reader want! Get the book, it's awesome. Oh, and I hope we get to read Johnny's story because there has to be more of him.

Jorja says

I'm probably being over dramatic, but some of the sex scenes in this book made me uncomfortable. The treatment of each other was awful... the way the hero made her feel, and what he did to her in front of his brother... made me cringe and feel a bit ill... the heroine played on the hero's feelings by getting with his brother... I did finish it to see what these 5 star ratings were about.. didn't pick up for me at all.

Smoking Hot

Cass McIntyre is a former cop now park ranger. She has fallen hard for local rancher Adam Youngblood. They have been circling each other for weeks. In a bid to force some action Cass accepts Adam's younger brothers suggestion of making him jealous. She agrees to a date, a stolen kiss, witnessed by Adam, and it all blows up in her face. Adam is unforgiving. Johnny, enjoys pushing both their buttons. Cass just wants Adam, and Adam wants revenge. Cass has just as strong a will and an equal amount of pride.

Fast paces, emotionally charged and very steamy. Loved Adam and Cass. Would love for Johnny to get a story.
