Geceyi Ke?fet (Graham Clan Serisi 2)

Shannon Drake,

ac?n?n kederin ve kaybedisin hikayesiydi.

Konu olarak direk kopya yaparsak

Bir tarafta kar?s?n?, do?mam?? çocu?unu, akrabalar?n? katletmi?, evini yakm?? Kinsey Darrow'dan intikam almaya yemin etmi? bir kanun kaça?? Arryn Graham, di?er tarafta, kral?n gözdesi Kinsey Darrow'la zorla ni?anland?r?lm?? Kyra...

Kyra, Darrow'la evlenmemek için Tanr?'yla her türlü anla?may? yapmaya haz?rd?r... Ama Tanr?'n?n onu bir zalimin elinden kurtar?p, bir kanun kaça??n?n merhametine b?rakaca??ndan habersizdir. Kral?n gözdesi Kinsey Darrow'un ni?anl?s?n?n kaderi bir kanun kaça??n?nkiyle kesi?ir.

Konu olarak oldukça keskindi bana göre. Kaçak olması veya di?er ?eyler rahats?z etmedi. Kaybetmenin ac?n?n ve kederin hikayesinde baz? ?eyler çok do?ru gelirken baz?lar? çok gereksiz geldi özellikle ayrı'n tavr?

A?k? hissetmedim ama tutkuyu gördüm

Yazar?n kalemi belkide, iki kitapta da aynı ?eyi hissettim çünkü. Kalemi ho? ama biraz uzatmalı geliyor ama merakla okuyorsunuz sonuna kadar

I recall throwing this book across the room. The "heroine" gets raped by the "hero" and, of course, falls in love with him. His excuse? She said she was a slut. And when he discovered that she was a virgin, his words? "Damn you." Yeah. Pretty disgusting.

I must admit though that this book really piqued my interest in romance writers. Why the hell would a woman ever write a story where rape was justified? I'm sorry, but I find no romance in rape, even where there's forgiveness. (Sorry Luke and Laura.) Yet, many women apparently do. Exploring this further...

Really 2.5

Kathryn says

I liked this infinitely better than *Come the Morning*, which had its heroes pitted against each other throughout most of the book. The heroes here still struggle with one another, but generally like each other for a majority of the novel. It is frankly exhausting to read a novel wherein my main characters generally despise each other for a majority of the exposition.

There is "rape," in a sense. It is always problematic in romance novels, and I struggle with how forced sex turns into something pleasurable. Not. Okay. Aside from that, the character interactions are enjoyable.

The characters in this novel are quite likeable, and the history is not too overwhelming. Drake tends to cram a lot of history in sections of her books, to the point where I am beginning to skip over it. I admire her dedication to the craft, and that her work is so well-researched. However, it becomes monotonous to just read pages of history that doesn't involve the book's characters' interactions, but serves only as background information. It is like reading an uninteresting textbook. In this novel, Drake keeps it on the tame side, which was a bit refreshing after *Come the Morning*.

Priscilla says

I didn't enjoy this book as much as I wanted to. I didn't understand why Kyra wouldn't just come out and say her true feelings for her betrothed? The attempt to create this big misunderstanding/conflict between the two characters fell flat for me and just dragged on for too long.

Not something I will reread. I'll probably end up trading this in at my local used bookstore.

Ellyn (Mrs. Darcy in my Dreams) says

Giving this a 3.5 stars. The history lessons bogged the story at times.

Noelle says

I almost gave up on this one right from the start. I had to push myself to keep reading, it was like having a history lesson. uggg. I kept going and I'm glad I did, the story really picked up after about 1/3 of the way through and I ended up really enjoying it.

Arryn (H) was out for vengeance, horrible things were done to his family and people. He had one purpose and that was to storm the castle of his offender and take his intended bride.

Kyra (h) had been praying to be rescued from her soon to be marriage but having her castle over taken by a bunch of Scots wasn't exactly what she had hoped for.

I really liked these two characters, Arryn is hurt and pissed but he has a heart. He has to keep reminding himself not to feel for Kyra, his enemy. Kyra is strong and brave but there is only so much she can do to save herself and her people. She feels for Arryn and what her betrothed had done but doesn't see herself as the enemy at all. As they start to feel for each other Arryn keeps reminding her not to love him because he really doesn't see himself as having a future.

I know this is part of a series and I'm sure that I will read the others.

Esra says

Aralar?ndaki a?k? pek goremedim daha çok cinsellik ve kaçma vard?.

Jamie says

I haven't read Shannon Drake in a long time so I'm going back and rereading them. I enjoyed the story and the conflict, she is a talented author. I won't be rereading this book but I had a grand adventure reading it and she is a must read, must buy author for me.

KatieV says

How to rate this one? It really deserves a 4 for the writing and extreme amount of historical research Graham did, but there were factors that definitely detracted from my enjoyment. This is probably more of a 3 for me.

Warning: There is a rape scene and forced seduction between the H/h.

As bodice rippers go, I thought the scenes between the H/h were fairly mild. He didn't smack her around. Odd that I can easily deal with a rape/forced seduction scenario in a romance, but be very upset if the H smacks the heroine. Ahh the mysteries of the human psyche...

Anyway, here's the gist with spoilers and whinings on my issues.

Loved the history in this book.

Regan Walker says

Scottish Historical Rich in Scotland's History of the 13th Century

Set in 1297, beginning near the forest of Selkirk, this is the story of a Scot and a patriot, Sir Arryn Graham, whose pregnant wife and his people were murdered by the English. Arryn lives for revenge and to serve William Wallace, Scotland's great hope for freedom.

Arryn comes to Seacairn Castle to take both it and its lady, Kyra, betrothed to the English brute Kinsey Darrow. Arryn hates Darrow for his rape and murder of Arryn's wife and the burning of his home and the Scottish people.

Despite fighting him at every turn, Kyra eventually gives in to his lovemaking. She is torn between her loyalty to the Edward, the English king, and her growing affection for the hard man who leads the Scots that have taken her castle. She is half-Scot, half-English, caught between two warring peoples. King Edward is determined to own all of Britain and he cares not what cruel tactics his men use against the Scots.

This is the second in a series of Graham's historical novels of the Graham clan in Scotland. This one is set in the 13th century when Alexander III was King of Scotland (he dies in the prologue) and Edward reigns in England. I love Graham's writing and the fact she does deep research to bring the history to life. She does a great job of keeping the action going, drawing you in and keeping the sexual tension high.

Arryn is a man with a tortured soul who must overcome the hatred he feels for Kinsey to find love with Kyra. She is an honorable and courageous and gradually wins the hearts of Arryn's men. Eventually, she wins Arryn, too. A great read.

The Graham series:

Come The Morning
Conquer the Night
Seize the Dawn
Knight Triumphant
The Lion in Glory
When We Touch
The Queen's Lady

i'll admit that i made a mistake in buying this one. the cover was simply beautiful, you see (that was the

reason i had to give it one star). this is one of the unfortunate attestations that you should never judge a book by its cover.

so, okay, he claims you for his own, you two have sex....then you fall in love? excuse me, but i dont see the "connection" on that. everything just virtually centered on the war, it was more like a war journal. and it went on and on for pages. it simply dragged. you wouldnt find romance what with all the betrayal and killings.

and the end...it was terrible. i could have tolerated the story if not for the end.

simply put, you wouldnt remember the story between the "lovers" since your head was muddled with talk of war and vengeance. so unromantic...sorry but there it is...

Robyn says

Hard to read about history, because reality of it. Rape, slaughtering, war, but to find love in it. Some but of sunshine, is better than none

Debby says

Sir Arryn Graham is seeking revenge against Kinsey Darrow for killing his wife and unborn child and many in his highland home. He'll do it by claiming his future bride Kyra and her home Seacairn as his.

He does, but they fall in love and defeat Kinsey and win each other and a moral victory for the Scots.
